

Incontrovertible Facts

That a remedy to be of therapeutic value must produce unquestionable satisfactory results.

That a product established upon its proven utility and scientifically prepared with the object of maintaining its reputation, must be superior to any imitation carelessly compounded with only the maker's "Just as Good" as evidence.

That

Antiphlogistine

TRADE-MARK

(the original clay dressing) has unquestionably demonstrated its dependable value in all inflammatory conditions, is reflected by the confidence reposed in it by thousands of successful practitioners and its ever increasing sales.

Q A few doctors may not be familiar with the wide range of conditions in which Antiphlogistine is particularly serviceable, in that instance literature will be cheerfully sent upon request
