The cheapest insurance Company in this city is andonbtedly THE WITUAL INSUBANCE COM-PANY. The rates of insurance are generally half Brother James' Library, 32mo fancy cloth 12 vols, than those of other Companies with all desirable security to parties insured. The sole object of this Company is to bring down the cost of insurance on properties to the lowest rate properties for the whole interest of the community. The citizens should therefore encourage liberally this flourishing Com-

BEA UTIFY THE COMPLEXION By using Murray & Lanman's Florida Water. It is the most healthful and safest of all cosmetics, con-taining to deleterious ingredients, being prepared solely from the rich floral perfames of nature, unadulterated by any foreign substance whatever. It is suited for use by the blonde and brunette alike, imparting that beautiful, clear softness to the skin so much admired in the fair sex. By regular use at the toilet it tends to PREVENT AND REMOVE WRINKLES.

the softness of thin produced by its use taking away the sources of this produced by its use taking away the natural inclination of the cuticle to form into ridges and furrows. Murray & Lanman's Florida Water is really the most delightful and efficacious of toilet waters, every thing entering into its composi-tion being of the finest quality, and so combined as to secure their best effects. It never changes nor alters, keeping for any length of time, and in any climate, as delicate and fresh as at the moment of its preparation. It is also very extensively used as a dentifrice, on account of the

EXQUISITE FRAGRANCE

which it leaves in the mouth. The proportions should be about a tea-spoonful to a glass of pure water. It neutralizes the mirute particles of food lodging in the mouth, and which are the proline cause of decayed teetb, bad breatb, and unbealtby, white-locking gums. Moreover, by the use of Mur-ray & Lanman's Florida Water the breath is made sweet and pleasant, and the teeth white without any danger of injuring the enamel, a difficulty existing with nearly all the mouth lotions and powders for the teeth. As a general thing, ladies who make any pretenzions to refinement desire to bave

SOFT WEITE HANDS.

We believe that there is nothing will tend more to produce this effect than the constant use of Murray & Lanmau's Florida Water mixed with the water in the basin. It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic and, after twenty five years of every. day use, they have decided that it is the only fragrant distillation combining all the requisites for a safe and reliable beautifier of the skin, as well as an exquisitely delicate perfume. Probably the most distinctive feature of Murray & Lanman's Florida Water is its wonderful

REFRESHING POWER.

The sense of small never tires of it, but rather stens to find a more intense erjoyment the longer it is accustomed to its use.

As there are counterfeits, always ask for the Flo-rida Water prepared by Lanman & Kimp, New York.

For Sale by all respectable Druggists, Porfumers, and Fancy Goods Dealers.

By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients And yet, if the question was saked why they objected to this class of medicines, we presume few could give an intelli gent answer. Nevertheless, the aversion is well Eallantyne's Illustrated Miscellany, 12 vols in sett onnded.

All mineral substances, when taken into the stomach, are comulative in their nature-that is to say, they remain either partly or wholly in the system. and accumulate with each additional dose, until in many cases the result is death. For example, ar senic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgarly speaking 'long wind.' But although it is thus beneficial for a time, the ultimate result is always death

It therefore becomes evident that the popular dislike to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be secribed. It is prepared from the best quality of the Sarssparilla Root, with which are combined other cleansing, purifying, and healing roots, barks, leaves, and balssmid gums-the whole, without doubt, making the best depurative and most valuable medicine known to the faculty. The preparation of this great remedy is carried on under the personal supervision of the most scientific chemists and pharmaceutists, and none but the choi-cest ingredients are ever allowed to enter into its composition. The result is, that its action is always aniform and reliable. Its effects upon the

BLOOD AND HUMORS

is to purge and purify them of every stom of disease. and to instill into the general system a degree of vigorons, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or eyphilitic nature, all ulcerous diseases, Salt Bheum, Oarbuncles, Bolls, Blotcher, or Pimples are

SPEEDILY BEALED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable.

In every case when there is reason to suspect the blood and humors of bing impure or visiated from whatever cause, Bristol's Vegetable Sugar coated Pills should be used in conjunction with the Saraaparills, as they carry off the depraved matter, and a complete care more speedily ensues. For Sale at all the principal Drug Steres.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

encd, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS.
