MURRAY & LANNAN FLORIDA WATER has undoubtedly achieved a success in this country which is without a parallel in the history of the toilet. Its popularity overshadows that of the finest perfumes imported from Germany, France and Eugland. Nor is this popularity to be attributed to its comparative beapners so much as to its intrensic superiority. The fabric impregnated with it expales the incerso of the most odoriferous tropical flowers. The fragrance is as fresh as if it flowed from the due-chargigrance is as item as it is however from the questionary-led blossoms of a land whose spicey atmosphere is falked celebrated by the puet and the historian. Nor lip this odor evanescent. On the contrary, it clings the handkerchief, as if incorporated with its preeds. Diluted with water it is admirable as a mouth wash after smoking, and as a counterirritant after shaving.

THE peculiar tains or infection which we call SCROFULA lurks in the constitutions of multitudes of men. 1: either produces or is produced by an enfeebled, vitiated state that fluid becomes in recompetent to sustain with vigorous action, and

leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the genereal infection. Whatever be its origin, it is hereditary in the constitution, descending afrom params to children unto the third and rough generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the largs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which supparate and become ulcerous sores; in the stomach and bowels, derangements which prodace indigestion, dyspepsia, and liver com-plaints; on the skin, cruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. parification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

### Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect muon this class of complaints, is indisputably brown by the great multitude of publicly known and remarkable cures it has made of the tollowing diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspensia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases Fernale Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in ATER'S AMERICAN ALMANAC, which is furnished to the druggists for granuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sec-tions of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Serofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitu-Hence it tends to shorten, and does greatly shorten, the average duration of human The vast importance of these considerations has led us to spend years in perfecting a remody which is adequate to its cure. This we now offer to the public under the name of AVER'S SARSAPARILLA, although it is comlast of Sars narilla in alterative power. By is aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purga out the causes of disease, and veneus health will follow. By its peculiar times this remedy stimulates the vital functhus, and thus expels the distempers which facili within the system or burst out on any

Schools. \*.\* This is the only Catholic work of the kind published in the United States.

A NEW ILLUSTRATED LARGE PRINT PRAYER BOOK.

### DAILY PRAYERS:

A MANUAL OF CATHOLIC DEVOTION, Compiled from the most approved sources, and adapted to all states and conditions in life, ELEGANTLY ILLUSTRATED.

Publishers' Advertisement:

For years and years we have been asked for large print Prayer Book, and for one reason or another we delayed getting up-one until the present time. We desired to make it, when made, the most complete and the most elegant Prayer Book published either in Europe or America, and we think we have succeeded.

The Features which distinguish it from all other Prayer Books are as follows:

I. It contains the principal public and private Devotions used by Catholies, in very large type.

II. The Short Prayers at Mass are illustrated with

thirty-seven new plates, designed and engraved expressly for this book. 111. It contains the Epistles, Gospels, and Collects for all the Sandays and Festivais of the Year, together with the Offices of Holy Week, in three sixes larger type than they can be found in any other

Prayer Book. IV. The book is illustrated throughout with initial letters and cuts. It is printed on line paper, from electrotype plates, making it altogether the hand-somest Prayer Book published.
