

SORE THROAT, COUGH, COLD,
and similar troubles, if suffered to progress, result in serious Pulmonary, Bronchial, and Asthmatic affections sometimes incurable.

BROWN'S BRONCHIAL TROCHES
are compounded so as to reach directly the seat of the disease and give almost instant relief.

The TROCHES are offered with the fullest confidence in their efficacy; they have been thoroughly tested, and maintain the good reputation they have justly acquired. For Public Speakers, Singers, Military Officers and those who over-tax the voice, they are useful in relieving an Irritated Throat and will render articulation easy. To the soldier exposed to sudden changes in the weather they will give prompt relief in Coughs and Colds, and can be carried in the pocket to be taken as occasion requires. Sold at 25 cents a box.

June, 1867.

READ! READ! READ!!!

PLEURISY.

Montreal, C.E., May 12, 1864.

Dear Sir, Last Fall, my wife was attacked with Pleurisy in a severe form, so that she was helpless, and I felt doubtful of her recovery. By reading one of your almanacs which was left at the house, she was induced to try **BRISTOL'S SARSAPARILLA**. After taking two bottles she began to experience relief and with **BRISTOL'S SUGAR COATED PILLS** which were recommended to be taken with the **SARSAPARILLA**, she was completely cured by the use of five bottles. I feel bound, for the benefit of the public, to certify to this cure.

Yours, &c.,

JOHN GOONBODY,
No. 8 Demaris St.

A CARD FROM

THE AMERICAN WATCH COMPANY OF WALTHAM, MASS.

THIS Company beg leave to inform the citizens of the new dominion of Canada that they have made arrangements to introduce their celebrated Watches to their notice. They are prepared to prove that their watches are made upon a better system than others in the world.

They commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the watches sold in the United States. Up to the present time, it has been impossible for them to do more than supply the constantly increasing home demand; but recent additions to their works have enabled them to turn their attention to other markets.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely by hand. In them, all those mysterious and infinitesimal organs which when put together create the watch, are the result of slow and toilome manual processes, and the result is of necessity a lack of uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative vary. But it is a fact, that, except watches of the higher grades, European watches are the product of the cheapest labor of Switzerland, and the result is the worthless Accres, Lepins and so-called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, by the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant. He stamps and engraves them with any name or brand that may be ordered—whether London, Paris, Geneva or what not; and many a man who thinks he has a genuine "M. I. Tobias, of Liverpool," (whose only fault is, that he can never regulate it to keep very good time), is really carrying a cheap and poor Swiss imitation.

HOW AMERICAN WATCHES ARE MADE.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All their operations, from the reception of the raw materials—the brass, the steel, the silver, the gold and the precious stones, to the completion of the Watch, are carried on under one roof, and under one skillful and competent director. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust a hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it. If any part of any American Waltham Watch should be lost or injured, the owner has only to address the Company, stating the number of his watch and the part wanted, whether it be spring, pinion, jewel, or what not, and by return mail he would receive the desired article, which any watchmaker would adjust to its position.

The Company respectfully submit their watches on their merits only. They have fully succeeded in overcoming popular prejudice in the States in favor of European watches, and solicit a thorough examination and fair trial for their manufactures elsewhere. They claim to make

A BETTER ARTICLE FOR THE MONEY

by their improved mechanical processes than can be made under the old-fashioned handicraft system. Their manufacture watches of every grade, from a good, low priced, and substantial article, in solid silver hunting cases, especially adapted to the wants of the farmer and lumberman, to the finest chronometer for the navigator; and also ladies' watches in plain gold or the finest enamelled and jeweled cases; but the indispensable requisite of all their watches is that they shall be **GOOD TIMEKEEPERS**. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate given to the purchaser of every watch by the seller, and this warranty is good at all times against or Company's agents.

McKenna & Sexton's Plumbing Establishment.

P. MOYNAUGH & CO.

Montreal, 13th June, 1867. 3m

AGUA DE MAGNOLIA.—The prettiest thing, the "sweetest thing," and the most of it for the least money. It overcomes the odor of perspiration; softens and adds delicacy to the skin; it is a delightful perfume; always headache and inflammation, and is a necessary companion in the sick room, in the nursery and upon the toilet sideboard. It can be obtained everywhere at one dollar per bottle.

SARATOGA SPRING WATER, sold by all Drug-gists.

S. T.—1860.—X.—The amount of Plantation Bitters sold in one year is something startling.—They would fill Broadway six feet high, from the Park to 4th street. Drake's manufactory is one of the institutions of New York. It is said that Drake painted all the rocks in the Eastern States with his cabalistic "S. T.—1860.—X." and then got the old grumpy legislators to pass a law "preventing disfiguring the face of nature," which gives him a monopoly. We do not know how this is, but we do know the Plantation Bitters sell as no other article ever did. They are used by all classes of the community, and are death on Dyspepsia—certain. They are very invigorating when languid and weak, and a great appetizer.

SARATOGA SPRING WATER, sold by all Drug-gists.

"In lifting the kettle from the fire I scalded myself very severely—one hand almost to a crisp. The torture was unbearable. The Mexican Mustang Linctant relieved the pain almost immediately. It healed rapidly, and left very little scar."

Onas, FOSTER, 420 Broad St., Philada.

This is merely a sample of what the Mustang Linctant will do. It is invaluable in all cases of wounds, swellings, sprains, cuts, bruises, scalds, etc., either upon man or beast.

Beware of counterfeits. None is genuine unless wrapped in fine steel-plate engravings, bearing the signatures of G. W. Westbrook, Chemist, and the private stamp of DEWAS BARNES & Co., New York.

SARATOGA SPRING WATER, sold by all Drug-gists.

All who value a beautiful head of hair, and its preservation from premature baldness and turning gray, will not fail to use Lyons celebrated Kathairon. It makes the hair rich, soft and glossy, eradicates dandruff, and causes the hair to grow with luxurious beauty. It is sold every where.

SARATOGA SPRING WATER, sold by all Drug-gists.

WHAT DID I?—A young lady, returning to her country home after a sojourn of a few months in New York, was hardly recognized by her friends. In place of a rustic, flushed face, she had a soft, ruby complexion, of almost marble smoothness; and instead of 22, she really appeared but 17. She told them plainly she used Hagan's Magnolia Balm, and would not be without it. Any lady can improve her personal appearance very much by using this article. It can be ordered of any druggist for only 50 cents.

SARATOGA SPRING WATER, sold by all Drug-gists.

Heimstreet's inimitable Hair Coloring has been steadily growing in favor for over twenty years. It acts upon the absorbents at the roots of the hair, and changes it to its original color by degrees. All instantaneous dyes deaden and injure the hair. Heimstreet's is not a dye, but is certain in its results, promotes its growth, and is a beautiful Hair Dressing. Price 50 cents and \$1. Sold by all dealers.

SARATOGA SPRING WATER, sold by all Drug-gists.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, &c., where a warming is required. Its careful preparation and entire purity makes it a cheap and reliable article for culinary purposes. Sold every where, at 50 cents per bottle.

SARATOGA SPRING WATER, sold by all Drug-gists.

BARNES, HENRY & Co., Montreal,

CHOLERA.

A CERTAIN CURE FOR THIS DISEASE
MAY BE FOUND IN THE USE OF

DAVIS' PAIN KILLER.

VEGETABLE PAIN KILLER.

MANHATTAN, Kansas, April 17, 1866.

Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have travelled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly,

A. HUNTING, M.D.

I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease.

REV. CHARLES HARDING,

Sholapore, India.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infantum, common bowel complaint, bronchitis, coughs, colds, &c., and would cheerfully recommend it as a valuable family medicine.

REV. JAS. O. BOOMER.

Messrs. Perry Davis & Son.—Dear Sirs—Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully recommend its use to such as may be suffering from the aforementioned or similar diseases, as a safe and effectual remedy.

REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions:—
At the commencement of the disease take a teaspoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear.

Should the diarrhoea and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours.

N.B.—Be sure and get the genuine article; and it is recommended by those who have used the Pain Killer for the cholera, that in extreme cases the patient take two (or more) teaspoonfuls, instead of one.

The Pain-Killer is sold everywhere by all Druggists and Country Store-keepers.

PERRY DAVIS & SON,

Manufacturers and Proprietors.

MONTREAL, C.E.

CONVENT

OF

VILLA-ANNA,

LACHINE,

(NEAR MONTREAL, CANADA EAST).

This Institution contains in its plan of education every thing required to form Young Girls to virtue, and the sciences becoming their condition. The diet is wholesome and abundant. In sickness as in health, their wants will be diligently supplied, and vigilant care will be taken of them at all times and in all places. Constant application will be given to habituate them to order and cleanliness, in a word to every thing that constitutes a good education.

This House is situated on the splendid property of the late Governor of the Hudson Bay Company, on the river St. Lawrence opposite Oughnawaga.—The means of communication to Upper Canada and United States are of easy access.

A magnificent Garden, and very pleasant Playground, well planted with trees, are at the disposition of the Young Ladies.

The Course of Instruction is in both languages, French and English.

There is a particular Course in English for Pupils who wish to study only this language.
