The "Daisy"

The Celebrated "Economy" Scotch Wrought Steel Plate Furnaces.

The Acme of Perfection in Sanitary Heating.

Indorsed by the medical profession and sanitary authorities as the BEST and MOST FAVORABLE to health. The "ECONOMY" does not burn the air, but reproduces the pure external atmosphere warmed only to a proper temperature for respiration. Send for descriptive catalogue, or call and examine these celebrated Furnaces; the most durable, the cheapest, the best. They burn less coal than any other furnace made. They are absolutely free from gas or dust. They have the largest heating capacity of any furnace manufactured. . . . Our "ECONOMY" Combination Steam and Warm Air Furnace is peculiarly adapted to heating large buildings. We introduce pure fresh air into the building, thus overcoming the great objection to any system of steam or hot water heating. Every Furnace we put in is covered with a full guarantee to give satisfaction.
