

Other Activities

Distribution of General Cultural Information

The Department distributes general information on cultural life in Canada and prepares background material to support performing arts tours, travelling art exhibitions and other cultural events organized under its programs.

Missions receive directories, periodicals, reference books, slide collections and other material which are used to attract press and public interest in the arts in Canada.

Current news on the arts in Canada is reported in *Canada Weekly/Hebdo Canada*, published in Ottawa in four languages and distributed to subscribers internationally. Articles on culture are also included in magazines published by Canadian missions in Bonn, Canberra, Dakar, The Hague, London, Mexico City, Paris, Rome, Tokyo and Washington.

Canadian Cultural Centres Abroad

The Canadian Cultural Centre in Paris, the Cultural and Information Centre of Canada in Brussels and Canada House in London conduct programs of activities such as live performances, exhibitions, lectures, and film showings. The three Centres coordinate their programming although the facilities offered by each vary according to local conditions.

For further information contact the Centres directly (see Annex III).
