

material used in or produced through the use of the foregoing, and over which a Party has jurisdiction, shall not be used for any nuclear explosive device or for research on or development of any nuclear explosive device.

- “C. Designated nuclear technology, material, equipment and devices, major critical components and components subject to this Agreement and source or special nuclear material used in or produced through the use of any components subject to this Agreement, and over which a Party has jurisdiction, shall not be used for any military purpose.
- “D. Designated nuclear technology, material, equipment and devices, major critical components, components and Restricted Data subject to this Agreement and over which a Party has jurisdiction, shall not be transferred to unauthorized persons, or, unless the Parties agree, beyond the territorial jurisdiction of that Party.
- “E. Source and special nuclear material subject to this Agreement and over which a Party has jurisdiction shall not be reprocessed unless the Parties agree. Plutonium, uranium containing more than 12 percent of the isotope 233, uranium enriched to 20 percent or greater in the isotope 235, or irradiated source or special nuclear material, subject to this Agreement and over which a Party has jurisdiction, shall not, unless the Parties agree, be altered in form or content, except by irradiation or further irradiation.
- “F. Plutonium (except as contained in irradiated fuel elements), uranium containing more than 12 percent of the isotope 233 and uranium enriched to 20 percent or greater in the isotope 235, subject to this Agreement and over which a Party has jurisdiction, shall only be stored in facilities that have been agreed to in advance by the Parties.
- “G. Uranium subject to this Agreement and over which a Party has jurisdiction shall not be enriched to 20 percent or greater in the isotope 235 unless the Parties agree.
- “H. Adequate physical security shall be maintained with respect to all material and equipment and devices subject to this Agreement, over which a Party has jurisdiction, and which are subject to the relevant Agreement specified in Article I BIS. The Parties agree to the levels for the application of physical security set forth in Annex A, which levels may be modified by mutual consent of the Parties. The Parties shall maintain adequate physical security measures in accordance with such levels. The measures shall as a minimum provide protection comparable to that set forth in document INF-CIRC/225/Revision 1 of the International Atomic Energy Agency, entitled, “The Physical Protection of Nuclear Materials”, or any revision of this document agreed to by the Parties. The Parties shall consult periodically, or at the request of either Party, concerning matters relating to physical security.
- “I. A Party shall not withhold agreement to a matter referred to in paragraphs D, E, F or G for the purpose of securing commercial advantage.”
