

boards of trade or grain dealing associations at the points quoted. The figures from the United States points (and Montreal) are for the calendar year ending 31st December last, while the Winnipeg figures are for the crop year ending 31st August, 1910. It is particularly interesting to compare the receipts of wheat at Winnipeg with those at places like Chicago, Milwaukee, Kansas City and other old time grain centres. The receipts at Buffalo are not receipts that make a large market and indeed the receipts shown for Buffalo include a very large quantity of Manitoba grain handled on the Winnipeg Grain Exchange and merely shipped through Buffalo in the ordinary course of transportation.
