

are exposed to all kinds of impositions, and of pretexts for keeping them at Taverns till any money they may possess has been expended.—For the same purpose of guarding against the frauds practised on new comers, and of preventing an improvident expenditure at the first moment of arrival, it seems very desirable that individuals who may wish to furnish Emigrants with money for their use in the Colony should have the means of making the money payable there, instead of giving it into the hands of the Emigrants in this Country. The Commissioners for Emigration are engaged in effecting general arrangements for this purpose, and due notice will be given to the Public when they shall be completed. Agents for Emigration have been appointed at St. John's, St. Andrew's, and Miramichi in New Brunswick, and at Quebec and York in Canada. On this whole subject of the manner of proceeding upon landing, it may be observed, in conclusion, that no effort will be spared to exempt Emigrants from any necessity for delay at the place of disembarkation, and from uncertainty as to the opportunities of at once turning their labour to account.

After this explanation of the extent of the aid to be expected from Government, the following Statements are subjoined of the ordinary charges for Passage to the North American Colonies, as well as of the usual rates of Wages and usual Prices in them, in order that every individual may have the means of judging for himself of the inducements to Emigrate to these parts of the British Dominions.
