WANTED TO MOVE COLLEGE

Government Had Already Promised Property in Question.

WINNIPEG, Dec. 20.—(Special.)—A subcommittee of the university council waited on the Manitoba cabinet with the request to be allowed to use the present agricultural college buildings, when the agricultural college is transplanted to the St. Vital property recently acquired by the government. They also asked the government to purchase the present university site. Premier Roblin, Hon. Robt. Rogers and Hon. Colin Campbell received the deputation and explained that they had already arranged to turn the agricultural college over to the Deaf and Dumb Institute, and that the government had already all the property they needed.

The question of unattached colleges being given power to confer degrees was also discussed, and, after the delegates left, Hon. Robt. Rogers explained he personally favored unattached colleges, having this power. This, in view of the possible withdrawal of St. Boniface College, is significant. Hon. Robt. Rogers also pointed out that provision was being made in the new agricultural college to teach engineering and practical science, two departments at present taken up by the university.

A Presentation.

The members of Tacoma Lodge, No. 437, A. F. & A. M., last night presented Bro. Capt. Hendrie with a valuable motor, equipped with all the necessities for travel. Supt. W. Cullington made the presentation and read an illuminated address, which accompanied the gift.

A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is *increased vitality*—vigour.

VITAL STRENGTH & ENERGY

to throw off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of

GRAND TRUNK RAILWAY SYSTEM

Experienced Travellers Know The Advantages of the Grand Trunk Route
To Montreal

It is the only double track route which contributes to safety and comfort. It runs along the shores of Lake Ontario and River St. Lawrence, and through the principal towns and cities. It has an unequalled roadbed, laid with 100-lb. rails. It operates Pullman "up-to-date" Sleeping Cars, with their great reputation. It runs handsome vestibule modern coaches. It runs a "dining car and parlor car" service that cannot be surpassed. It has polite and attentive conductors and porters. It is the route of Canada's fastest and best train, "The International Limited." Always in the lead, it deserves your patronage.

A high official of one of the greatest railway systems in the United States, who recently travelled over the G.T.R. from Niagara Falls to Montreal, speaking of the roadbed, said there were very few lines in the United States that could compare and none that could surpass.
