Good News for Canadians Health Specialist SPROULE

The Great Catarrh Specialist Explains . HIS METHOD OF TREATMENT .

THE GREAT ENGLISH SPECIALIST CURES ALL FORMS OF CATARRH.

Twe_ty-five years ago a young but highly honored Surgeon in the British Royal Navy astonished his friends by suddenly leaving the service and entering on private practice. That Surgeon was the now famous Catarrh Specialist Sproule. His keen brain had early seen in the then new disease, Catarrh, a menace to the life and happiness of the civilized world. While other physicians were neglecting it as unimportant, Specialist Sproule studied its nature and the means of cure. He labored in office, hospital and laboratory. He mastered the subject.

As Specialist Sproule had foreseen, Catarrh spread with frightful rapidity. Twenty years ago Catarrh was almost unknown. Now no age, sex or condition is exempt from it. No climate or locality is a cure for it. Catarrh is to be more dreaded than yellow fever or smallpox. It is, in the large majority of cases, the foreunner of Consumption. Vital statistics show that deaths from Consumption more than 300 per cent in the large five years.

BRIGHT'S DISEASE, PAINFUL STOMACH DISORDERS are liable to result.

catarrn is a disease of the indecode memorane and is curacie only through the blood, and by medicines prepared for each case. Medicine that will cure one will often harm another. Specialist Sproule's method drives every germ out of the body. It clears the head, stops the hawking and spitting, sweetens the breath, strengthens the eyes, restores the hearing. It purifies and enriches the blood. It invigorates and tones up the entire system. It gives new life, energy and ambition. The hardships of life seem easier to bear. Work becomes a pleasure. The man

Catarrh Specialist Sproule is a graduate in medicine and surgery, Dublin Uni-ersity, Ireland, formerly Surgeon British Royal Mail Naval Service, and his name revered as that of a benefactor in thousands of homes. If you have any symp-ems of Catarrh, the doctor-earnestly invites you to write to him and tell him all bout it. It will cost you nothing. He will give you the most valuable

Most Canadians Have Catarrh

Our Changeable Climate is Responsible.

Where the atmosphere is damp, with sudden changes in temperature, almost everybody has Catarrh, in some form or other. The ordinary cold in the head inflames and weakens the membranes lining the nose and throat, and starts a discharge. The next cold is more easily caught, and soon the patient is never

As Catarrh, develops the discharge increases - drops into the throat, especially at night - and takes on an offensive odor. Besides being exceedingly disagreeable, there is great danger of the disease extending to the lungs, stomach, or bowels.

Though it is very difficult to cure, Father Morriscy devised a combined internal and external treatment that has cured thousands. The Tablets tone up Nature in throwing off the disease, while out the discharge and heals the the General Hospital for some time membranes. Combined treatment, 50c for mental weakness. Some members

intake when the filters were not designed to take care of the full capacity signed to take care of the full capacity of the present intake. He would oppose the proposal unless it was either demonstrated that a duplicate plant for filtering the water would not be needed, or if it was, that money should also be provided for this purpose.

Engineer Rust explained that while the filters at present being installed were only intended to have a capacity of 45,000,000 gallons per day, they could handle 80,000,000 gallons on being cleaned oftener. It was imperative that the work of laying the intake be proceeded with at once, as it would require two with at once, as it would require two years, and the efficacy of the filters

"Do you mean to say that you remend spending over \$429,000 on this luplicate intake without knowing whe ther you will have to either give them half the water unfiltered?" demanded "I mean that if it costs \$1,000,000

the engineer.
Mr. Rust then told the committee that the metering of the water would tend to conserve the supply by cut-ting down the per capita gallons used from 120 to about 65.

The report was finally sent on to board of control. There was a revival of the quest of a western entrance to the city. A deputation was introduced by Aid. Mc-Bride with a request that the city

reopened was put to a vote of the com-mittee and carried. Then Ald. McBride might have an important bearing or roadway scheme.

It was decided to request the board control to ask the city council to works may have time to receive a reon the possible land damages in all

James' Cathedral, it was decided to immediately remove the express stand now stationed on Adelaide-st. in front the parish house, to the opposite side of the street, and have the city engineer report on a suitable place to locate it permanently Would Create Death Trap.

A deputation headed by Father boyle, appeared to protest against the He will diagnose your case without charge and tell you just what to do to get Doyle, appeared to protest against to cured. Do not delay. In such cases every moment is precious. Do not neglect change of plans for the widening yourself. Above all do not give yourself wrong treatment. The results may be Anderson-st, from McCaul to William yourself. When catarrh of the head and throat is original plan was to take the property left unchecked it extends down the wind- on the north side of the street for this on the north side of the street for this pipe into the bronchial tubes, and in time purpose, but it was proposed to abandatacks the lungs and develops into don this, because of the excessive cost. atarrhal consumption.
