

BERLIN REPORTS ONLY
ACTIVITY BY BRITISH

Berlin, via London, April 23.—The official communication from general headquarters today tells of the activity of the British between Lens and Albert and records the repulse of the British in an attempt to retake ground previously lost. The text of the statement reads: "On the battle fronts the fighting continues. The British Artillery and local infantry operations were resumed temporarily. The British infantry was especially active between Lens and Albert. It was reported that the British had captured the village of Aveluy Wood Sunday, and also to capture the railway north of Arras on both sides of the Bouzincourt-Aveluy road. In repeated costly assaults the British captured a number of prisoners. During the last two days thirty enemy airplanes were brought down. "Macedonian front: German detachments penetrated the British positions. The Bulgarian troops repulsed British local attacks south of Lake Doiran. A few French and English prisoners were taken."

ANTI-CONSCRIPTION
CONFERENCE HELD

Dublin, April 23.—The anti-conscription conference assembled at the mansion house this afternoon, the mayor presiding. The conference expressed satisfaction over the response of the workers to the call of the labor congress delegates to cease work. The streets were crowded tonight, but there were no disturbances, the losing of the balloons contributing to the preservation of order. Many meetings were held in the midlands and the west, and thousands of persons signed the anti-conscription pledge. In several towns only banks and post-offices were open. Belfast and Ulster generally were not affected by the observance of the holiday being confined to Nationalist Ireland.

SHIPS ARE MOVING.
Work Their Way Out of Ice Fields at the Soo.

Soo, Mich., April 23.—The Shaughnessy and Roberts worked their way out of the ice field above White Fish Point this morning, passing there about 1:30 p.m. according to a despatch from Lighthouse Keeper Carlson this afternoon. Below the point there is very little ice, open water stretching beyond vision. There is a report, however, of ice in the vicinity of Parian Island, near the Sullivan River, which looked up the Soo Canal early this morning, made good progress up the river, being reported 10 miles above White Fish Point at 9:30 a.m. Neither the Shaughnessy nor the Roberts have reached the Soo up to the present. The Franz, which also looked up this morning, has not reported passing White Fish yet. Snow which set in this morning was blown clear this evening. A high northwest wind prevails, however, with low temperature.

THUNDER BAY CLEAR.

Fort William, April 23.—The northwest wind has cleared the ice of Thunder Bay, and the boats which have been tied up here thru the winter, about twenty in number, are now moving freely about in the harbor, completing their loads, but no orders had been received up till this evening for any of them to clear.

WAR SUMMARY
THE DAY'S EVENTS REVIEWED

In an audacious raid, yesterday morning on the Belgian Coast the British navy sunk two old warships filled with concrete in the B.-ges Canal, the Zebrugge waterway, blew up the connecting works between the Zebrugge mole and the shore, and also sunk two vessels of the same description in Ostend harbor. A naval landing party, on the Zebrugge mole, is believed, caused considerable damage. In the mole also the British exploded two obsolete submarines. A party chosen from many volunteers among the marines and bluejackets of the British navy carried out this work and French torpedo craft assisted them. The vessels, employed consisted of six out-of-date destroyers, two old submarines, some destroyers, and a host of small craft, including motorboats and launches. The British losses were a destroyer not afloat and two coastal motorboats and two launches missing. They torpedoed and sunk a German destroyer while attempting to enter the harbor, and they damaged another and bottled several others up in the mole. Vice-Admiral Sir Roger Keyes, commanding at Dover, has charge of the operations. It is believed that the ships sunk in the Bruges Canal have completely blocked the Zebrugge harbor and have deprived the submarines of a passage out to sea.

This really fine piece of work by the navy will have important effects on the war, both on the sea and on land. It first of all demonstrates the feasibility of attacks from the water. It shows that the navy can destroy submarines in their lairs, or put a barrier between them and the open sea. It was hitherto accepted as an axiom that ships could not attack land forces or batteries and the condemnation of the naval enterprise in the Dardanelles rested upon this theory. Since these attacks have become feasible even the German navy and the Kiel Canal have become insecure. The British fleet may yet dig out the German fleet. This is the chief reason why Germany has been unable to diminish the already lesser German gun power in the field. To make German naval bases reasonably secure Van Ludendorff will have to find many more heavy guns to the consequent diminution of his gun power in the field, from where the additional guns must be taken.

The moral effect of this naval raid will have also a high value. The British success against the enemy harbors will create a sense of insecurity in the German higher command. It will perceive that a landing of a strong British force on the Belgian coast, or a strike the German rear, or to assist Holland is perfectly feasible. The raid will also have an influence on the Dutch government. It will induce a stronger sense of the emergency created by the German ultimatum. It will compel the German staff to leave larger garrisons in Belgium to cope with any landing of a large army, instead of sending every available man to the

HAMILTON NEWS

MURDER VERDICT
AGAINST TWO MEN

Speranzo and Paparoni Are Held Responsible for Celona's Death. Hamilton, April 23.—"We find that Jarno Celona came to his death by being shot by Dominic Speranzo, and that Dominic Paparoni, who was his accomplice, is equally guilty of murder," was the verdict returned at the inquest tonight into the death of Celona, the Italian stoker, who was riddled with bullets from a .38-calibre revolver in the hands of his nephews. Fourteen witnesses were called. Anthony Speranzo, a brother of the murderer, testified that he was present at the shooting. The courtroom was crowded with spectators. Both prisoners sat through the inquest without moving a muscle, but when the jury made their return, Speranzo turned white. They will appear in police court tomorrow morning, when they will be remanded to the House of Correction.

CERTIFICATE SYSTEM
TO DISTRIBUTE SUGAR

Washington, April 23.—Sugar for domestic canning and preserving this summer will be distributed under a modified certificate system by which each consumer will be required to sign an application for the amount needed. It is considered necessary to check consumption chiefly against temporary shortages, which may result from withdrawal of more vessels from the Cuban trade and the administration prefers the method adopted to the card system used in other countries.

PATRIOTIC DRIVE
OFF TO A GOOD START

London, Ont., April 23.—Tonight's total in the patriotic drive to raise \$355,000 in three days stands at \$198,581. It was expected that \$200,000 would be realized, but the collectors attributed the shortage to the fact that many of the large contributors of last year have not yet announced the amounts they intend to give. The ladies organizations led today's collection with a total of \$10,650. At a banquet tonight Rev. Captain Graham, who recently returned from overseas, gave an address in which he exhorted the people to support the drive. He declared such stories are German propaganda.

LACROSSE SCHEDULE.

Vancouver, April 23.—Vancouver and New Westminster lacrosse teams have arranged an eight-game schedule for the championship series this season, which will get under way on Labor Day, when the teams will compete for a special prize. The first game is scheduled for May 24.

SINGLE MEN WILL FIGHT
FOR NEWFOUNDLAND

St. John's, Nfld., April 23.—The legislature opened today and William Higgins, member of the House of Assembly, was elected Speaker of the assembly, succeeding John Goodison, member of Carboneau, who accepted public office some time ago. Higgins read the speech from the throne, which announced bills for enacting a selective conscription, extending the life of parliament, and other measures for war purposes. The conscription measure is based, in its main principles, on the Canadian measure, but renders all those liable for military service, save for certain limited exceptions. All non liable are divided into two classes, and men who have served in the empire's navy or allied military forces, clergymen and those exempted under the Military Service Act.

TO GET ENEMY SHIPS
FROM LATIN AMERICA

Washington, April 23.—The possibility of Argentina and Uruguay declaring war on Germany was of especial interest today to shipping board officials, because of the prospect of releasing interned enemy ships. There are 18 or 20 German ships in Argentina, and probably five in Uruguay. Crippling of the engines, as was done to German ships in American waters, would delay the use of the vessels. The greatest number of German ships in South American waters are in the harbors of Chile, where approximately 65 vessels took refuge at the outbreak of the war. It was learned today that 1,500,000 tons of neutral and enemy foreign shipping have been obtained by the United States thru charter and seizure since the war began. The total does not include about four hundred thousand tons of Dutch ships recently requisitioned.

KAISER STARTS ACTIVITY
AT ENEMY SEA BASES

London, April 24.—Reports of intense activity at German naval bases, says a Daily Mail despatch from the Hague, are connected in some circles with an address Emperor William made to submarine commanders in Flensburg. During his speech the emperor said: "The activities of the submarines, together with our victorious armies and fleet, are calculated to bring us a strong Germany. I am convinced that the united strength of these three weapons will in a comparatively short period make our opponents who are still bent on destroying Germany's strong and free future, ready to accept an equitable peace."

MEN NEEDED FOR
FOOD PRODUCTION

Brantford Farmers Protest to
Ottawa Against Calling
Up Farmers' Sons.

HOLD CONFERENCE
Many Boys and Girls Have
Been Enlisted in Food
Campaign.

Brantford, April 23.—At a meeting of the farm help committee of the board of trade this afternoon plans were made whereby the committee will have representatives in every part of the county. J. S. Dowling, the chairman of the committee, is keeping the members hard at work. Some day next week a conference of farmers will be held here to take up the help problem, particularly in view of the cancellation of exemption to farmers' sons and farm hands who are between 20 and 22. The farmers of this district today forwarded a protest over this to Ottawa, taking the ground that it will not be possible to give greater production if the men are taken away. On the other hand, it is claimed that there is little shortage of help in this immediate district. T. Y. Thompson, local representative of the department of labor for Ontario, stated that many men have been placed on the farms, the figures being: January 129, February 146, March 174. April kept well up the record to date. Mr. Thompson states that most of the men placed were from the local shops, and that few complaints were made of the men. He stated that the man was transferred to a more congenial occupation. Boys are popular, judging from the number placed. One trouble with them is that they do not want to go far from home, and calls from Oxford, Norfolk and other sections some distance from home are going unanswered. A number of girls have been placed with the past few days, to assist on the farms. The call for greater production promises to be greater this year than ever. When the recent frosts came, a number of district farmers plowed under their fall wheat, which did not look very promising. The fall of snow chilling the severe winter and the winter's accumulation of snow had disappeared.

GERMANS STILL REFRAIN
FROM STRIKING BLOW

British Headquarters in France, April 23.—Notwithstanding their concentration of men and guns at various points, the Germans still refrain from striking. Prisoners report there is much dissatisfaction in the ranks, and less confidence in the German high command. The rations are inadequate to the needs of fighting soldiers. "The army is suffering and out successful operations of the Clarence River, with the object of straightening our line.

CHANGE IN WIND BLEW
SMOKE SCREEN AWAY

London, Wednesday morning, April 24.—Archibald S. Hurd, the well-known writer on naval subjects, reviewing the naval raid on Zebrugge in the Daily Telegraph says: "The sea was smooth and the wind favorable, but unfortunately the wind changed after the operation was begun, with the result that the ingeniously devised smoke screen was less effective than was hoped, and the British casualties were consequently increased. Also the desperate fighting on the breakwater resulted in severe casualties on the British side. The exploit of sinking the ships in the entrance of the canal were very light owing to the skill with which the British ships were worked."

Five Masked Men Rob Train
Of Costly Silk Shipment

Paterson, N.J., April 23.—Five armed men held up an Erie Railroad freight train crew at Allwood, just outside of Paterson, tonight, and escaped in an automobile after removing \$25,000 worth of silks consigned to a New York department store and several Manhattan manufacturing plants. Fraser Rhodes, a high school boy, was fired upon by the bandits when he gave the alarm. The train was held up for some time, and the men who took part in it say they saw the waters of the Bruges Canal running out after the gate was destroyed and the vessels in the dock straining at their hawsers.

Two Destroyers Perform
Almost Incredible Feat

London, April 24.—Two destroyers got inside the mole at Zebrugge and blew up the dock gate, the correspondent at Dover in the Daily Mail reports. The feat, he says, seems incredible, but there appears to be no doubt about it. The men who took part in it say they saw the waters of the Bruges Canal running out after the gate was destroyed and the vessels in the dock straining at their hawsers.

MAYOR LOCKED UP.
American Police Seize Chief Magistrate of Michigan City as Alien.

Washington, April 23.—Frederick C. Miller, the German mayor of Michigan City, Ind., was arrested and locked up as an enemy alien when he came here today to discuss with federal officials the prospects for completing his naturalization. He took out first papers before the United States entered the war.

HASTENING OPTIONS
ON LAND NEEDED

The present is an opportune time for going ahead with the work of getting options on the land needed for the widening of Yonge street within the city limits north of Deer Park, is the general opinion in the northern part of the city. The principle has been unanimously adopted by the Ratepayers' Association of North Toronto, composed of live business men, and has the endorsement of Mr. Harris and Mr. Forman, together with the board of control and local aldermen, and only awaits some concerted effort to get it going. More than 5700 out of the 8000 or 10,000 feet necessary has already been secured, and the impression left on the minds of the members at the last meeting of the North Toronto Ratepayers' Association was that the work of securing options should be pushed ahead at once. Two or three members of the executive told the World last night that they were only waiting for the word to go ahead, and Herbert Waddington and John Firstbrook, who are deeply interested in the movement, have volunteered their assistance and will start in at once. Mr. Waddington said that some of the streets in the west side were practically assured, and that he believed the doubling track on Yonge street, which is a hold-up, would be started this week. President Baker has been untiring in his efforts to get the work of the association started. He has been working for some time on the doubling track on Yonge street, and something may be done this week. The present width, is admitted to be out of the question.

DEVELOPMENT SHOWS
NEED OF NEW TECHNICAL

Dr. G. J. Steele, chairman of the Toronto Board of Education, states that the growth of the school population and the rapid development of industries in the section of the city east of the Don indicate the need of a new technical school. The board of education is considering the establishment of a technical school in the north-east district industrial college at Danforth and Greenwood avenues.

EXCESSIVE SPEED.
Two Women Air Quarrel in County
Police Court.

"She called me a cow and threatened to pull out my hair," said Mrs. Dunlop to Mrs. Watson, 24 Dundas street. The defendant denied the charge, but Magistrate Clay imposed a fine of a dollar and costs. When the recent frosts came, a number of district farmers plowed under their fall wheat, which did not look very promising. The fall of snow chilling the severe winter and the winter's accumulation of snow had disappeared.

WHY MICE FOR SUBMARINES.

Pte. D. E. Jones, 27th Winnipeg Battalion, expects to be further decorated for his gallant service in the Ypres salient and for some months prior to his return to Canada, was convicted in England. Pte. Jones is an Earlehurst man and before enlisting was employed at city hall.

WORKERS CHANGE NAME.
Independent Workers Now Known as
Earlehurst Women Workers.

The Independent Women Workers of Earlehurst have changed the name of their organization to further identify themselves with the Earlehurst Women Workers, in deference to a suggestion from the assistant provincial secretary at parliament on the 15th day of April. At a meeting held at Malby's Hall on Tuesday afternoon a letter was read from the provincial secretary, stating that the new charter for the association would soon be ready. Mrs. Segar is president of the association and Mrs. Annie Lee secretary. A sale of work will be held at the Earlehurst Central Methodist Church on Thursday afternoon, when Mrs. J. R. MacNeil will open the proceedings.

EARLSCOURT SOLDIER WOUNDED.

News has reached Earlehurst that Pte. Thomas R. Gray, 78th Winnipeg Regiment, has been wounded for the second time. After recovering from his wounds he returned to the trenches, and a few days later was shot while in action. His memory has left him and he is lying in an English hospital. Pte. Gray has been at the front since 1915, and has a brother living on St. Clair street.

RETURNS TO WOODSTOCK.

Pte. John Birch, C. E. F., who was wounded in action in France, recently has returned to his home in Woodstock. Pte. Birch is one of four nephews of J. J. Westley Simpson, real estate merchant, Danforth avenue, who was overseas service at the outbreak of war.

MISS E. M. SOMERS DEAD.

Ellen M. Somers died at her residence, 115 Danforth avenue, on Tuesday afternoon. Miss Somers was the daughter of the late John Somers. Funeral will take place to St. James' Cemetery.

TO ENTERTAIN ORIGINALS.

Earlehurst first contingent men are to be entertained by the Earlehurst women workers on Tuesday, April 23, in the rooms of the G. W. W. A. Belmont Building, which have been placed at their disposal by the G.W.W.A.

MADRIGAL SOCIETY.

The third annual concert of the British Madrigal Society of Toronto, under Lonn Penhall Rees, was given last night in the Y.W.C.A. hall. The chorus gave many numbers, which were rendered effectively, showing the care which has been given to the training of this organization. A very effective and touching item was a quartet arrangement of "The Vacant Chair" after Mr. Rees had read the society's honor roll. Solos and duets were given by Mrs. T. Simpson, Miss Elsie C. Hott, Fred Smith, W. Archer, Leonard J. Hallett, T. Wells and Jack Templeton.

CONSCIENTIOUS OBJECTORS, IT IS RULED,
Will Not Have to Go Overseas.

"Conscientious objectors" will not have to go overseas to fight, but may remain in Canada on military duty. This ruling, just received by Toronto from Ottawa, states that the following are the grounds for conscientious grounds will in future not be sent overseas, but will be charged to serve in Canada in the Canadian Engineers, Army Service Corps, Army Medical Corps or on clerical duties, and may be transferred accordingly.

THE NEW OTTAWA ORDER RAISES
THE QUESTION AS TO WHETHER THE OBJECTORS
NOW UNDER SENTENCES TO LONG PRISON
TERMS WILL BE RELEASED AND PERMITTED
TO SERVE IN CANADA.

The new Ottawa order raises the question as to whether the objectors now under sentences to long prison terms will be released and permitted to serve in Canada.

WYCK COUNTY
AND SUBURBS

Waverley Road (Kew Beach) Baptist
Church has discovered that war time is
a bad time to select a new minister.

Since Rev. Hugh C. Ellis went to his new pastorate in Virginia, the Wyck supply committee has had a number of applications from Baptist ministers who would like to locate in Wyck, but there is a decided scarcity of promising young preachers. A prominent member of Waverley Road Baptist Church expressed the opinion that until peace was restored they would be fortunate if they even secured a "milk and honey" preacher for their pastor. Rev. Prof. Earmer of McMaster University is one of the prominent Toronto Baptist ministers who is assisting the church in conducting services at Waverley Road until a minister is obtained.

CANADIAN RED CROSS
WORKERS IN FLORIDA

Some Canadian Red Cross workers in Florida are doing active Red Cross propaganda work. Frank L. Mills of Balm Beach has received an account of the active part taken by the workers in Florida. TORONTO BAPTISTS
HEAR FROM SCHOOLS

Annual Meeting of Association
Receives Reports
on Work.

The Baptists of Toronto had an opportunity to learn some vital facts concerning Sunday schools, and then were by attending the annual meeting of the Toronto Baptist Sunday School Association, which was held in College Street Baptist Church yesterday. There was a good attendance, made of the churches of Toronto being represented. The president, R. D. Warren, in his address stated that the survey of the condition of the Sunday schools, which depended on the teachers who were selected for the duties, was a strong one. Lack of understanding of doctrine, a lack of a wholesome and hindrance to the child's education, and a general neglect of the various activities were of importance. The report of the home department, by Miss Elias showed healthy growth, as the gradual increase of the number of members was given credit. H. G. Haining, as general secretary, showed marked signs of progress in the work of the various departments. The review of the year's report was gratifying indeed. The statistical report showed 10,425 scholars on the roll, while the offerings were \$22,540, of which \$11,500 was for missions and other benevolent work.
