39TH YEAR--ISSUE NO. 14,260

TWO CENTS

U. S. FUEL CONTROLLER MAKES FEEL TO SOFT COAL MINERS

TIME EXTENDED
ANOTHER TEN DAYS
FOR VACCINATION
In Spite of Dr. Hastings' Protests, Controllers Pass Measure.

WELL UNDER CONTROL
Mayor Adamant--Points Out
No Deaths Resulting
From Outbreak.

The time limit for school children
was up yesterday morning, and it be-
came a case of either giving up school
or being vaccinated. Nearly 36,000
children should have turned up at the
various city schools yesterday morn-
ing, but only 28,222 put in an appear-
ance. Nearly 31,000 were forced to be
vaccinated and were allowed to take
their school seats; 2,371 were sent
home to their parents with a message
that the schoolhouse was closed to them
so long as they remained un-
vaccinated. The storm that has been
brewing for some weeks broke at last,
and the city hall became the vortex.

When the board met there were
present, the mayor, Controllers Cam-
eron and McBride, Alderman Cowan
(chairman), Alderman Rydman, Mc-
Mullin and Dr. Hastings.

For reply, Dr. Hastings caused a
letter to be written to the chairman of
the committee to be read. It ran as
follows:
"Let me submit the following let-
ter, as a copy of that which has been
sent to the principals of the schools,
and, in fact, to all educational institu-
tions in the city, in compliance with
the vaccination act, and in this con-
nection I may say that no complaints
have reached this office as regards
lack of time in which to get vaccinat-
ed without any inconvenience to the
pupils."

HOLDING OF SHIPS
IS INDEFENSIBLE

Liverpool Post Blames U. S.
Shipping Board for Not Re-
turning German Liners.

Liverpool, Nov. 26.--The Post says
today that diplomatic negotiations are
proceeding to bring matters to a head,
owing to the attitude of the United
States shipping board in refusing to
hand over the seven remaining Ger-
man liners, which action is said to be
due to dissatisfaction with the deci-
sion of the supreme council in allo-
cating the German tankers to France,
Belgium and Italy. The newspaper
says there is really no connection be-
tween the question of the liners and
tankers and it is suggested that the
difficulty with regard to the tankers
arises from a claim by the American
government, on behalf of the Stan-
dard Oil Company, to ownership of
them.

Sleeping Sickness Claims

Winnipeg, Nov. 26.--Sleeping sick-
ness has claimed two more victims in

from this disease since its first ap-
pearance here eight in all.

CALGARY CASE FATAL.
Calgary, Alta., Nov. 26.--The first
fatal case of sleeping sickness was re-
ported here yesterday. Dr. Rae, a local
dentist, who fell ill five days ago and

cerned, although no further cases have
been reported.

BIGGEST BURDEN OF H. C. L.
PERCENTAGES, NOT LABOR

Board of Commerce Order, Allowing Twenty Per Cent.
Profit on High-Priced Bacon and Hams, Shows How
Tyranny of Percentages Has Entered Into High Cost
of Living in Clothing, Shoes and Other Products.

Another great Methodist was dis-
cussing commercial ethics with Sir
Joseph Flavelle, whose piety is as un-
questionable as his pecuniary perspi-
cacity. Sir Joseph expressed many
farsighted views about the necessity for
a revision of the business code. His
friend finally asked him:
"Can a man conduct a big business
under present-day conditions and be
honest?"
"I don't know," said the premier
piously, and let it go at that.

The board yesterday published an
order about the price of pork, which
declares as a sort of first command-
ment written upon the tables of the
law: "That the prices of pork and pork
products now being charged by the
operators of packing houses for pork
and pork products be and are respec-
tively declared to be fair prices."

CHOOSING JURYMEN
FOR "STRIKE TRIAL"

To Try Leaders "Singly"--
Three of Jury Picked at
Afternoon Sitting.

Canadian Press Despatch.
Winnipeg, Man., Nov. 26.--The in-
dications against the eight strike
leaders for seditious conspiracy was
"split" at the afternoon session of the
trial today, when two of the jurymen
were called out of the jury box. One
of the eight, who was proceeded with
singly, the decision to try Russell
separately followed an argument con-
cerning the number of challenges that
the defence would be entitled to if the
eight were tried together.

LEASIDE MURDER
REMAINS MYSTERY

Verdict Against Person Un-
known, Returned in
Rolland Case.

That J. G. Rolland came to his death
at Leaside on November 4 at the hands
of some person or persons unknown
was the verdict recorded at the in-
quest at the morgue last night. A
rider was incorporated recommending
that "his be placed on McCrae drive
in order to make it freer and safer
from the objectionable element who
frequent it."

SUDDENLY OF NEPHRITIS

Word has been received in the city
from New York of the sudden death
there of Charles A. Barber, treasurer
of the Grain Growers' Export Board
and a member of the Grain Exchange
and Canadian Association. Acute
nephritis was the cause of death. Mr.
Barber was well known in Toronto
and his sudden demise will be widely
regretted. He was born in Milton in
1885 and was connected for several
years with the Bank of Montreal at
Sudbury, Peterboro and Winnipeg. At
the latter place he had charge of the
grain loan department at the head
office of the Bank of Montreal. He

HOLD UP THROUG
AT THE U. S. BORDER

Vaccination Order Confronts
30,000 Canadians Enter-
ing Detroit.

Special to The Toronto World.
Windsor, Ont., Nov. 26.--"Show your
certificate or show your arm and take
a 'shot,'" was the invitation which
greeted thousands of Canadians Wed-
nesday morning as they stepped off
ferry boats from Windsor to Detroit,
and then were forced to submit to the
United States smallpox quarantine,
effective at seven o'clock at border
points. Hundreds of workers had
cheated themselves of an hour's sleep
to sidestep the ordeal, but practically
80 per cent. of the daily quota of
30,000 toilers and visitors were stumped
in surprise. Confusion reigned as the
seven o'clock passenger train found
itself blocked by a score of federal
military officials who demanded
each passenger to show a "script" or
pass on into a temporary clinic set aside for "stab-
bing arms." Hundreds refused to take
a "shot" in the arm. They were politely
told the course was theirs: "Take the
needle or take the boat homeward
bound." The boat dock was almost
empty. The "script" holders had
armed themselves for the ordeal.
These were able to show certificates
which they had either been jabbed the
night before or at least within three
years.

effecting a landing at Ancona, but
recently sent emissaries to sound local
officials at Trieste, giving ground for
the belief that the poet is consider-
ing the establishment there of a mili-
