NEWSPAPERS GOT IN AHEAD
Regarding the Appointment of a Successor to General Cameron.

Col. Bacon Will Resign the Presidency of the B. E. A.—That Man Saw Man Likely to Get His \$30,000—A Official Documents—Contract Let to An Otago Firm for Clearing Out the Galopie Rapids—General Notes From the Capital.
Ottawa, Nov. 9.—(Special.)—The militia officers have been on the quiver for some time past respecting the appointment of a commandant to the Royal Military College in succession to Major-General Cameron. Nothing of an official character has been received from the press department that Major Kilson of the Royal Engineers has been appointed. I had heard Mr. Laurier to-night if he had heard anything about Major Kilson, and he replied in the negative. Continuing, he said: "We asked Lord Lansdowne, Secretary of War, to select a good man for us, and have every reason to believe that he will do so. We have not been apprised of his choice."

Col. Blair, late superintendent of the branch experimental farm at Nappan, Nova Scotia, was in the city today on his way west to Detroit for the purpose of examining into the working of steam tractors, which it is contemplated to use in reclamation of marsh lands in that province.
Col. Bacon WILL RESIGN.
It is understood that Col. Bacon, Secretary of the Dominion Commission, has resigned his office at the forthcoming meeting of the association. Col. Bacon has been in the position for several years. He is one of the old-timers of the association, and has rendered good service to the Dominion Commission.

THAT MUD SOW CASE.
Cousin Demer of the Government fishery cruiser Petrel is in the city consulting with the Customs Department in regard to the duty of the mud sow Grace Ross of Detroit, for breaking bulk, otherwise dumping cargo, into Canada waters, on her way to port at the customs. Capt. Ruelle, owner of the boat, has already been fined \$100. The case is being referred to the Dominion Government. The Dominion Government has a very strong opinion in the matter, and it is believed that Ruelle will succeed in getting his claim recognized.

GAS COMPANY'S APPEAL.
The appeal of the Ottawa Gas Company against the increased assessment of the City of Ottawa, has been heard by the Court of Revision. The assessment against the company is, for 1896, \$200,000, and for 1897, \$250,000. Last year the assessment was \$150,000 on the property, the increase having been assessed this year for the first time. For fifteen years prior to 1885 it stood at \$42,000. Evidence has been presented in support of the works constructed. Mr. Ferguson, C.C., who appeared for the Gas Company, has been successful in his appeal, as the assessors had put the value of the assessment as being in excess of what it is. It is shown that the pipes did not exist in By Ward there at the recent decisions in Toronto on this point. Judgment was reserved.

MILITIA STORES.
The Government will soon have to select a building which can be utilized for militia stores, the present building at site being required for the central office of the Government. The Government will give the Government \$10,000 for the present building, and that this will be the cost of the building. The amount will be used for putting up a museum and geological museum. The present building will be converted into a militia store building.

CROWN'S NEXT PASS RAILWAY.
There is no truth in the report that Mr. Schreiber, who has gone to British Columbia to look over the Kamloops and Yale branch of the C. P. R., will also make a report to the Government on the proposed Crown's Nest Pass Railway. The advisability of this route has not been determined. The Government is not yet ready to consider the route. THE BANQUET.
There was a sumptuous display to-night at the banquet marking the installation into office of George F. Phillips, Lord Mayor of London. The banquet was held at the Guild Hall at 11 o'clock this morning. The weather was bright and sunny, and the crowds which lined the streets through which the pageant passed were enormous. The procession was more of the nature of a military parade than usual, contingents of regulars, volunteers, cavalry, and artillery being included in the line. Among the features of the show were the containing illustrations of the uniforms worn in the British army within the last century and similar illustrations of those worn in the navy during the same period. There were also stage coaches containing members of the British Government, and behind them were allegorical cars describing the history of the city of London. The entire show was of a most gorgeous character.

THE PEOPLE CATCHING ON.
The World's Correspondent Goes Down the Shaft and Stands on Two or Three Feet of Solid Ore.
Fossiliferous Big Far Vale is Attracting Quite a Clearing of Furs at Dieneens, cor. of King and Yonge-streets, is attracting a lot of attention since this little cold snip struck us, and the furs have increased accordingly. Dieneens have in their big fur stock over 20 seal skin and Persian lamb jackets, and these garments are truly bargains. The prices of the seal jackets range from \$175 to \$225, the terms being strictly cash at time of purchase. The Persian lamb jackets are also marked down, and are selling at from \$75 to \$100, but at these prices terms must be cash. Other jackets in grey lamb, and these are selling at a very low figure.

THE SUSPENDED TELLER.
Will Retain His Old Position at the Exterior-Branch of the Dominion Bank—Mr. Gamble Talks.
General Manager Gamble was spoken of by the World yesterday regarding the suspension of the teller at the Exterior-branch of the Dominion Bank. Mr. Gamble admitted that the teller had been suspended, but said that he would be taken back in the service of the bank. The General Manager did not seem to be worrying particularly over the matter. He said that the teller had been suspended because of a mistake in the current account, and that he would be taken back in the service of the bank.

A CRANK AFTER SWIFT.
The Present Mayor of Chicago Was to Be Put Out of the Way the Same as Harrison Was.
Chicago, Nov. 9.—Joseph Markus walked into the tower of the Tribune building this afternoon, armed to the teeth and intent on killing Mayor Swift. Markus aimed at the Mayor's office. An officer took him to the police station, where he was held. Markus was introduced to him at the Mayor's office. Markus declared that the Mayor was a monster, and that he would kill him. Markus was held in custody.

THE TURKISH QUESTION.
Lord Salisbury then proceeded to the Turkish question. He repeated the arguments against Great Britain taking isolated action against the Porte, and declared that it would not occupy the country unless they established communication. He pictured the risk of an European war, and said that the six great powers must act in concert. Any of these powers was able to veto the others. He denied that the powers

ALL VERY BUSY.
Although there were five Ministers in the Capital, Messrs. Davies, Blair and Fielding had so much to attend to in the departments that they were unable to go to a Cabinet Council. It was therefore put off till to-morrow. The Minister of the Interior, Mr. Richard Cartwright will be back.

A LITTLE PREVIOUS.
For a fortnight back communications have been coming into the Interior Department, relative to the proposed Sifton, Minister of the Interior. They have all come from persons who are anticipating events a little. The letters have been forwarded to their proper destination.

PERSONAL AND GENERAL.
Flies intruded upon the public buildings to-day in honor of the birthday of the Prince of Wales. The Indian reserve in the village of Manitowick, in the Province of Ontario, was visited by the Hon. Mr. Laurier to-night if he had heard anything about Major Kilson, and he replied in the negative. Continuing, he said: "We asked Lord Lansdowne, Secretary of War, to select a good man for us, and have every reason to believe that he will do so. We have not been apprised of his choice."

SOMETHING IS WRONG
What Is the Hitch Now in the School Settlement?
MR. GREENWAY GOES HOME
And His Ministers Cannot Say When Any Statement Will Be Made.

Mr. Laurier's Ministers Has Gone West—Archbishop Langevin's Address Has Created the Greatest Surprise, Because It Showed That the Manitoba Roman Catholics Had Been Completely Ignored in the Negotiations.
Winnipeg, Nov. 9.—(Special.)—Archbishop Langevin's address last night has created the greatest surprise. Everybody had an idea that in the so-called school settlement the Catholics were being consulted, but the Archbishop's address shows they are being completely ignored in the negotiations. Apart from this, however, it now seems certain that another hitch has occurred in the settlement. Premier Greenway has returned to his country home. Mr. Greenway always goes away when a hitch occurs. His Ministers in the city now say they cannot tell just when any official announcement as to the settlement will be made. They had hoped to make an announcement this week, but they are not very sure about it just now. Something seems to have gone wrong.

A Traveller's Predicament.
Mr. Lindstrom of Chicago, who is stopping at the Rosin, had a queer experience at Milwaukee the other day. He happened to see a woman who was carrying a wardrobe, and that a light-colored coat was hanging from it. He happened to see the woman when passing her, and he sat down upon some black coloring-matter, and the result was a stain on his coat. The accident occurred on Saturday evening. Where are the Police?
King-street west, both sides, between Yonge and Simcoe-streets, has become a thoroughfare for the gamblers. They have to have to wait that way, owing to the numerous loafers who haunt the doorways and dark places. This, perhaps, is because the street is the parade ground of the scoundrel women when plying their trade, but that is no reason why respectable persons should be accosted by loafers who make nasty remarks. It would be a good idea if the police authorities would secure the services of some women detectives, who, assisted by officers in plain clothes, would soon clean out this band of loafers and insulters of respectable women.

Tough on the Mail.
On Sunday evening the Rev. Dr. Langtry delivered at St. Matthew's Church the lecture given by him at St. Luke's Church a fortnight ago. Before commencing the preacher stated that the lecture had already appeared in the papers. He said that he had repeated it at the request of the rector, the Rev. J. Scott Howard, who told him that very few of his parishioners read the Mail.
