MANITOBA'S PARLIAMENT.

Winnipeg, Jan. 13.-This evening's session of the legislature was not very lengthy; the only business was the speeches of J. T. Gordon and James Arngue, who respectively moved and seconded the reply to the speech from the throne. The date of meetings for the Conservative caucus has not been decided, but in all probability it will be held some time to-morrow, possibly in the forenoon.

THINGS CANADIAN.

London, Jan. 13 .- The Canadian trade section of the Chamber of Commerce to-day resolved to petition the Canadian government to promote federal insolvency legislation. The meeting then discussed Lloyds' discrimination in insurance rates against Sydney, Cape Breton, and it was suggested that Canadian shippers should show that they are confident of the safety of Canadian ports by insuring their own vessels.

A beautiful exterior is necessarily a source of beauty to a piano, and more artistic work in this direction one will not find anywhere than in the pianos bearing the name of the old firm of Heintzman & Co. But the real test of art in this piano is, after all, its delightful tone. This was the deciding element in a beautiful Baby Grand Piano purchased a few days since from this firm by Mr. George Dawson, St. Catharines. There is a degree of mellowness, richness and evenness about the tone quality of the new Baby Grand Piano of Heintzman & Co. that is making them sought after by the music-loving people everywhere.
