COMING IN DUE SEASON TO LOOK OVER EAST LONDON'S TROUBLES

S. F. Lawrason, who was in Ottawa interviewing the postoffice authorities relative to a postoffice in East London, stated today that Inspector Fowler would be in London on July 9 to look into the situation.
"The residents of East London petitioned some time ago to have the office restored, and it looks as if we will get our request," he said. "That has not been settled definitely, but there will be an official here in a few days to go into the matter. We are hopeful."
"We have had a postoffice in East London for 40 years, and there is no reason why we should not have one now," said Ald. C. G. Moorhead. "We need it worse now than we ever did."

If you will tell me why it gives you more pleasure to meet some people than to meet others, I will tell you why it should give you more pleasure to listen to Edison Diamond Disc Records than to any other disc record. W. McPhillips, 189 Dundas street, London, Ont.

GO TO HEADQUARTERS.

Complaints with regard to soldiers' pay, separation allowance, assigned pay, or casualties should be taken up with the military authorities at Wolsley Barracks, rather than with the clergy or the press. This announcement is made at the request of Lieut.-Col. Brown, assistant adjutant-general, of Military District No. 1, in the hope that the tendency to air such complaints in the press or elsewhere before the facts have been brought to the attention of the military authorities may be corrected, and that much dissatisfaction and delay may be thus avoided.

The New Edison is not a "Talking Machine," and it is the only instrument that is positively not a "Talking Machine." W. McPhillips, 189 Dundas street, London.
