

## Cub Alaska Seal Jackets

**A** FEW scattered islands off the coast of Alaska form the hunting ground of the great Alaska Seal. It's a paying business, this hunting seal, and it keeps two governments working overtime to see that the hunters remain within the law. Even with these precautions the Alaska Seal is surely becoming an animal that "once lived"—every season the price of pelts goes higher. It strikes us that it would be a good investment for you to purchase a seal jacket this year. It would make a rare Xmas gift.

Our stock of seal skins to-day is especially large and inviting. It's composed of cub pelts, London dyed, which were personally selected by members of our firm, the tailoring being executed in our own factories, under the supervision of experts. These skins bear the official number of the inspectors and affidavits by the dyers and hunters.

Alaska Seal Jackets, made of No. 1 London-dyed cub seal, very best of tailoring and finish, from \$250 to \$500, according to length of garment. Write for catalogue.

Alaska Seal Jackets are better and cheaper in Toronto than elsewhere on the continent.

### NEWS OF ST. THOMAS.

**Sudden Death, Hold-Up and Fire Figure in Day's Events.**

ST. THOMAS, Nov. 25.—(Special).—Mr. Everingham of Ridgeway, while visiting friends in Rodney, dropped dead.

D. Acker of Aylmer, while returning home at 11 o'clock, on Aylmer-street, was held up by two men, but had no money. Fire broke out in a M.C.R. freight car in a train of sixty cars near Fargo and could not be extinguished. The others were saved by shutting. The burned cars contained twelve pianos, and the loss is four thousand dollars. Hon. Adam Beck is to address the Canadian Club Wednesday.

### STRUCK BY TRAIN.

James Caulder, aged 50, a farmer residing near Malton, was struck by a G. T. R. train yesterday and had his left ankle and right arm broken. He was brought down to Grace Hospital.

### SAUCE BOATS

## York County and Suburbs

World subscribers in Toronto Junction are requested to register complaints of carelessness or late delivery at The World Branch Office, 22 Dundas-street East, Toronto Junction, or The World Office, 83 Yonge-street, Toronto. Intending advertisers may also transact business at the Junction Office.

## WESTON CITIZENS WILL HOLD PUBLIC MEETING

Council Will Be Given Chance to Explain Action of Week Ago—General County News.

TORONTO JUNCTION, Nov. 25.—George Nicholas of Law-street, for many years a churchwarden in St. John's Episcopal Church, was made the recipient of a purse of gold to-night by a few friends and co-workers in the church, on the occasion of his leaving the Junction to take up his abode in the west. Mrs. Nicholas was presented with a silver tea service Saturday evening by the ladies of the church. Mr. and Mrs. Nicholas are popular residents of the Junction, and their departure is much regretted by all who know them.

Frederick Gilmour, youngest child of Mr. and Mrs. Alfred Gilmour, 193 High Park-avenue, died on Sunday evening. The funeral will take place to-morrow at 2 p.m., to St. James' cemetery. Fire broke out about 5 o'clock to-night in the chimney of Mr. Pitkin's home, corner of Weston-road and St. Clair-avenue. In response to a telephone call the members of No. 2 firehall were soon on the scene and extinguished the blaze before any damage resulted.

The police were notified to-night to be on the lookout for a boy named Gauthier, who escaped from the Mimico Industrial School about 6 p.m. He was working in the steam-fitting shop and left the guard to put away his tools. No trace of him has been seen since. He was a tall, fair-haired man, dressed in brown overalls and a smock. His home is in Kenora, Ont., and the industrial school officials believe he may have gone to the Junction to board a freight train for home. At the meeting of the board of works to-night, considerable discussion took place about the damages to the Junction-road instead of the longer route by Keele-street and St. Clair-avenue, along which they are laid at present.

A brick crossing will be laid at the corner of Keele-street and St. Clair-avenue.

### EAST TORONTO.

Council Met, But No Important Matters Were Considered.

EAST TORONTO, Nov. 25.—The principal feature of the adjourned meeting of the town council, held to-night, was the recommendation of the water and light committee, regarding the action taken by the Toronto Electric Light Company in erecting poles along Queen-street and stringing wires without the consent of the council.

Mayor Ross fired the first gun, asking Councillor Berry, chairman of the committee, to read the report. The committee recommended that a rental of \$1 a pole per year be charged. D. D. Mann, and that the poles and wires be removed within 60 days after notice of the council to do so.

Councillor Phelan objected to 60 days, and suggested that two days' notice would be sufficient. Fred Richardson, representing D. D. Mann, appeared before the council and said "Cut the notice to 30 days, it makes no difference."

The report of the committee was received and adopted, only Councillor Phelan objecting.

Councillor Berry introduced a bylaw to borrow \$10,000 to make improvements to the waterworks plant. The bylaw was read the first and second time, and will go before the ratepayers in January.

The second reading of the local option bylaw was given.

Councillor Crane in a somewhat protracted address reopened the question, on extending the street railway to the waterworks plant. Mr. Grant will write the railway board of Ontario with regard to the matter.

### MAPLE.

Bright Budget of News From Thrifty Little Village.

MAPLE, November 25.—The pumpkin pie social and entertainment held in the Methodist Church Schoolroom on Thursday evening last, under the auspices of The Ladies' Aid was a grand success. The fund-raising for the full year, which was enjoyed to the fullest.

Messrs. McIntyre and Lloyd rendered "The Upper Ten and the Lower Five," which brought forth rounds of applause and an encore.

Messrs. McCormack, McDonald and Miss Morrison gave reading selections. Miss Reesie Nixon gave a recitation which was well received. Rev. P. Jones filled the position of chairman nicely. Proceeds \$23.

### What Is Catarrh?

It is an inflammation of the mucous lining of the throat, bronchial tubes and nasal passages excited by germs that enter only by the nose, through the healing Catarrhozone, which is breathed direct to the seat of the disease, and has never yet failed to cure. Pleasant to use, absolutely certain to cure Catarrhozone always give satisfaction. "I suffered from nasal catarrh so badly that I could not breathe through my nostrils," writes G. K. Wilmer of Meriden. "I used Catarrhozone for a few minutes and was relieved. It cured me in short time. No more remedy just like Catarrhozone—it's the best. Two months' treatment \$1; trial size 25c."

## FRESH AIR NEEDED

Medicine is not of much use to cure consumption. Fresh air and clean living are the essential forces to combat the dread white scourge. Every precaution should be employed to prevent the germs from settling on the lungs, and coughs and colds should not be neglected. To break up a cold quickly and cure any cough, that is curable, mix a half ounce Virgin Oil of Pine with two ounces of glycerine and a half pint of good whiskey. Shake well and take a teaspoonful every four hours. Five ounces of tincture of Cinchona compound can be used instead of whiskey, with the same effect.

This mixture will usually break up a cold over night. Care should be exercised to use only the genuine Virgin Oil of Pine, which is prepared in the laboratories of the Leach Chemical Co., Windsor, Ont., and put up for dispensing, only in 1-2 ounce vials, each securely sealed in a round wooden case. It is better to purchase the different ingredients separately and mix them at home.

O. F. purpose holding their annual Oyster supper, on Wednesday evening, December 18th, to which their lady friends have a special invitation.

The concert on Friday evening given by Professor Alexander, the banjo and violin player, was a decided success.

H. H. Brillinger's sale of coats at Woodbridge on Friday last passed off quite successfully.

He had 14 racks, which brought from \$51 to \$80. Yearlings \$100 to \$120.

Mr. Brillinger reports that last season he held 9 horse sales, which ran from \$200 to \$500 each, and that to-day every note is paid.

This speaks well for the farmers of York County.

The executors of the estate of the late Anson Stoughtonburgh, Victoria Square, held an auction sale of the live stock, etc., on Thursday last.

Cows brought from \$40 to \$72. The implements sold well.

Brood sows very full. Horses fair, being of the cheap class. The sale was conducted by Auctioneer Selgeon, of the firm of Selgeon and McEwen.

The people of Maple and vicinity are looking forward to a grand literary treat, in the near future, under the management of the public library board.

### NORTH TORONTO.

Police Magistrate Imposes Substantial Fine for Rowdiness.

NORTH TORONTO, Nov. 25.—Before Police Magistrate Ellis in the town hall this morning the case in which Ernest Durie, George Routledge, and Norman Riet were charged with assaulting Chief

of Police Collins, was up for adjudication. Great interest was taken in the case, and the court was packed.

After hearing the evidence, Magistrate Ellis fined \$25 and costs, and two months in jail. He paid the fine.

The report of the committee was received and adopted, only Councillor Phelan objecting.

Councillor Berry introduced a bylaw to borrow \$10,000 to make improvements to the waterworks plant. The bylaw was read the first and second time, and will go before the ratepayers in January.

The second reading of the local option bylaw was given.

Councillor Crane in a somewhat protracted address reopened the question, on extending the street railway to the waterworks plant. Mr. Grant will write the railway board of Ontario with regard to the matter.

## JUDGE CAN CONTINUE ROLE OF INVESTIGATOR

Chancellor Boyd Sees No Reason Why He Should Interfere With Enquiry.

An unexpected move in the Chambers enquiry on the part of T. C. Robinson, K.C., in appearing before Chancellor Boyd yesterday, with a request that Judge Winchester be debarred from continuing as investigator, did not prove successful. Mr. Robinson claimed that the judge would not give his decision impartially, and in a long affidavit Mr. Robinson said he felt Judge Winchester was prejudiced against him, but the chancellor decided that there was no reason for interference.

The affidavit goes back to June, 1906, when it was related that the judge had called on Lawrence Solman and Wesley Dunn, in regard to the sale of some lumber, which had been at the direction of the board of control. Referring to more recent events, Mr. Chambers says that on Nov. 15 Judge Winchester issued subpoenas for men who had had dealing with his department over a long course of years, and that E. R. French, Andrew Martin, James McDonald, W. W. Peay and L. Solman had been examined by the judge ex parte and in camera touching their dealings with the department. In one instance a witness attending on subpoena was asked for the cheque with which he paid his account to the city treasurer for lumber purchased from the department, which cheque was impounded by the judge, and the further question was asked, what cash had been paid to him (Chambers) addition.

Wants British Fair Play. Mr. Chambers complains that books were seized during his absence, that Judge Winchester personally visited the city treasurer's department for copies of accounts relating to the parks department; that his counsel has not been present at the private examination of witnesses; that on Friday he was placed in the witness box by Mr. Haney, before one of the evidence had been taken against him; and that on Saturday he was again called, although a reference had been made to the high court in this regard and a promise made by Mr. Haney that he would not be so requested to testify.

The affidavit concluded: "All I desire is a fair play and an open public investigation, thru which the light of day may shine upon my work with the city for the last 29 years."

"I am informed that the defendant has received many letters, some signed and some unsigned, relating to myself and my management of the parks and gardens department, which would bias his judgment in hearing the evidence which will be adduced under oath as the investigation proceeds."

"I have heard many reports of the unfair methods adopted by the defendant in past civic investigations, and after careful consideration of the facts sworn to herein, I am convinced that the defendant's mind is so prejudiced against me and my department, that it is impossible for him to act in a judicial spirit and send back to the council an impartial, true and unvarnished report."

"The defendant in taking evidence ex parte and in camera was, I believe, actuated by the desire to prove some petty charges against me and convict me if possible of some crime, no matter how trivial, against the public, and he acted on the presumption that I was guilty of the charges, and abused the machinery of the court and his official prerogative to this end."

Not Supported by Court. In arguing the motion Mr. Robinson said that not for a moment was it intended to question the honesty of the defendant, but the calling of Mr. Chambers to testify had not been proper. Corporation Counsel Fullerton hereupon accepted the responsibility for the calling of the defendant, while the chancellor ruled that it was proper for the council to call the witnesses and that Mr. Chambers should not object until some specific question was asked which might incriminate.

The 1906 enquiries were in regard to the exhibition buildings investigation, said Mr. Fullerton. Mr. Vickers, solicitor for Mr. Chambers, asked if the judge would "dream house" of evidence that did not come thru the ordinary channels, if he were acting in the proper judicial spirit. "He would get it the best way he could," replied the court.

Again Mr. Vickers protested. To try and prove something petty and trivial, returned the chancellor, "the council will take no notice of it."

Mr. Fullerton said that the course pursued by Judge Winchester was followed by the late Judge McDougall.

Resolution to Council. A resolution was received by the council yesterday from the Toronto Gardeners' and Florists' Association protesting against "the unfair certificate of the chancellor ruled that it was proper for the council to call the witnesses and that Mr. Chambers should not object until some specific question was asked which might incriminate."

## BLAIN CONCLUDES HIS SERIES OF MEETINGS

Tribute of Honesty, Ability and Character of Hon. J. P. Whitney—Applause for Speakers.

STREETSVILLE, Nov. 25.—(Special).—Richard Blain's series of meetings was concluded with what developed into a grand rally here to-night. Hon. Dr. Pyne was unable to be present, but he had a splendid substitute in R. R. Gamney, the Oddfellows' Hall was filled to the doors with an interested and enthusiastic crowd. Mr. Blain was given a very flattering reception as he returned to some of the special legislation and some of the deals put thru at Ottawa last session.

R. R. Gamney paid a glowing tribute to the honesty, ability and character of Hon. J. P. Whitney, who he declared was administering the assets of the province for the people not for the wealthy corporations, the Sullivans and the Pritchetts and the gang which controlled the Ross administration.

Hon. Frank Cochrane, he said, had made more money for the people out of New Ontario in two years than would have been made in twenty by the government. He was received with the greatest possible applause, Mayor Claxton of Brampton delivered a rousing address on the general record of the government.

The executive committee of the foreign department of the general board of Methodist Missions meets at 10 o'clock this morning. Rev. Dr. Carman will preside, and a general scheme for carrying on educational work in West China will be considered.

It is proposed to unite for this purpose four missions, Methodist, M. Episcopal, English Friends and American Baptist; and in connection with the secular education to be given, a thoroughly equipped theological department for the training of native helpers will be established. In one sense, this consolidation will mean increased expenditures; but in other directions important savings will result. Each body will contribute proportionately to the maintenance of this institution.

It is probable that a new treasurer will be chosen to replace Rev. A. C. Borden, B.A., of Tokyo, who has been compelled by failing health to resign.

**METHODIST MISSIONS.**  
Executive Board Meet To-day re Western China Work.

**BISHOP VINCENT ADDRESSES THE CANADIAN CLUB**

Bishop Vincent addressed the Canadian Club yesterday afternoon. The attendance was unusually good, and a number of distinguished visitors sat at the president's table including Chancellor Burwash, Prof. Kilpatrick, E. H. Davis, 2-minister of lands and forests, etc. The bishop was received with vigorous applause, on being introduced as a life long minister, and the organizer of the Chautauquan Literary and Scientific Circles. His address on "The United States and Canada," the brief was a forceful appeal to the highest patriotic ideals and was remarkable for literary polish and ingenious antithesis.

Caldwell by Acclamation. BRANDON, Man., Nov. 25.—(Special).—Hon. Geo. R. Caldwell, minister of education, will succeed to the seat made vacant by the late Dr. S. W. McInnis by acclamation. There was no opposition when the hour arrived for nominations to-day.

**ASHDOWN BY ACCLAMATION.**  
Will Probably Have No Opposition in Winnipeg Contest.

WINNIPEG, Nov. 25.—(Special).—The big annual civic meeting of the ratepayers of the city was held in the Walker theatre last night. It was the largest and most important ever held in the city's history.

Mayor Ashdown made the speech of the night, advocating that the power question be shelved until the city's finances are in better shape. Mayor Ashdown will not be opposed. The race is tight in field for board of control. The latest to be in field is W. Sanford Evans, former editor of The Telegram. The big fight is for control of the council between those who wish immediate construction of the power scheme and its opponents.
