## Victor Herbert works and plays for the Edison Phonograph

Victor Herbert has written some of the most popular music produced by an American composer. The Edison Phonograph makes the best of it available for you.

Victor Herbert has trained one of the best orchestras in this country. Its music is reproduced upon Edison Records.

Victor Herbert is musical adviser to the National Phonograph Company. No other sound reproducing machine has the advice of so distinguished a musician as Mr. Herbert.

This is just one of the many things which Mr. Edison is doing to make the Phonograph the most perfect music reproducing machine in the world. You can enjoy it at an expense so small that you cannot afford long to hesitate. Hear the Edison Phonograph today. Hear it play Amberol Records; hear it play Victor Herbert's music, and then you will know why Mr. Edison said "I want to see an Edison Phonograph in every home."

Edison Phonographs - \$16.50 to \$162.50

## CHURCH'S COLD WATER Alabastine

ALABASTINE is now the general vogue in cottage and mansion alike. Alabastine is more artistic and sanitary than Wall Paper, more effective than oil paint, more permanent than Kalsomine.

Alabastine is a dry powder, made from Alabaster Rock. It comes in white and 21 tints. Alabastine is ready for use by mixing with cold water, and is applied with a flat bristled brush. Its colors are permanent, and do not rub off. Alabastine is a cement, and hardens with age. It can be recoated without removing the old coat.

### FREE STENCILS

We have organized a Decorative Department, and will furnish FREE COLOR SCHEMES to all users of Alabastine. We also offer FREE STENCILS for producing the design we suggest. Write today.
