PROGRESS MADE BY LATEST ALLIED DRIVE ON THE WESTERN FRONT

MORNING WAR CABLES

British troops made two raids on the German trenches west of Kytschelt, Belgium, and east of Boesighe last night. A number of prisoners were taken. The British forces on the Dolran front on Saturday night raided the enemy position, inflicting considerable loss on the Germans and Bulgarians. The Russians, Serbian and Roumanian forces in Dobruja have assumed the offensive. The Roumanians have taken 812 additional prisoners and four machine guns in the region of the Valcan Pass. The Greek government will protest to Germany against the sinking of the steamer Angeliki. It is said in Washington that the sinking of the Donaldson liner Marina presents the gravest situation which has arisen since the sinking of the steamer Sussex, which brought the German and

U. S. governments to the verge of a break. President Wilson has denied Senator Lodge's charge that he had seriously considered adding a weakening postscript to his "strict accountability" Lusitania note. A Swiss paper prints a statement to the effect that both the Bremen and the Deutschland have been lost, the latter having disappeared after sailing again from Germany for the United States under the name of the "Weser." The U.S. was sent in search of them, but found no trace of either. On Oct. 11, the young folks gave an entertainment, and pie social for the benefit of the Soldiers' Comforts Association. The sum of \$80 was realized. Mrs. Clark and mother, Mrs. J. W. Toole of P. E. Island, have been visiting friends and relatives in this place. The many friends of Mrs. J. D. Urquhart wish her a speedy recovery from her illness. Sympathy is extended to Mr. and Mrs. Weslie Vanwart over the loss of their baby "Georgie." The funeral was conducted by Rev. Mr. Hopkins, pastor, on Oct. 26, at Tennant's Cove. WOMAN. "What is woman?" asked the speaker at a public meeting. "Woman," replied a man in the audience—a married man—"is an animate being, with the power of speech abnormally developed, and entirely surrounded by a dress that buttons up the back."

A sumptuous supper was held at the residence of R. Day by the Belleisle Bay Telephone Co., on Oct. 9. More than 120 took supper. Beside the members and families of the company, they also had the pleasure of having Mr. and Mrs. R. McCready of Shannon, Mr. and Mrs. F. Sharp of Norton, Rev. Mr. Hopkins and a few others. Through kindness of Mr. and Mrs. Day and family, a very pleasant evening was spent with singing, games, etc. On Oct. 11, the young folks gave an entertainment, and pie social for the benefit of the Soldiers' Comforts Association. The sum of \$80 was realized. Mrs. Clark and mother, Mrs. J. W. Toole of P. E. Island, have been visiting friends and relatives in this place. The many friends of Mrs. J. D. A total of seventy-two recruits were secured in the province last week. The total for the preceding week was fifty-two. The county totals for last week follow: St. John, 48; York, 9; Kent, 4; Kings, 4; Albert, Carleton and Northumberland, 2 each; Madawaska, Charlotte and Queens-Sunbury, 1 each; Lunenburg, Victoria and Antigonish, none. At the recruiting office yesterday, seven recruits were secured: Thomas J. Keating, St. John, Field Ambulance; Thomas S. Kerslaw, St. John, machine gun draft; M. Donaldson, St. John, No. 9 Battery; Paul B. Williams, Fredericton, 8th battery; Otto J. Titus, St. John, 26th; Henry Meahan, St. John, and Alexander Wheaton, St. John, naval service. The Casualty List.—The midnight casualty list contains the names of five New Brunswick men: Missing, Frank G. Orford, Campbellton; seriously ill, Andrew Call, Pine Ridge; wounded, previously reported, W. S. Roy, Sackville; Corporal Fred Wade (on duty); Gunner A. J. Reilly, Melrose. To Recruit Cavalry According to an announcement from Ottawa, five thousand cavalrymen are to be raised in Canada. It is probable that one squadron will be authorized for the city of St. John and another one for the province. The men will be recruited under the command of Lieutenant H. W. Arnold and Major Beant of the Royal Canadian Dragoons, reserve officers. These More Battalions It is rumored in military circles that three additional battalions will be located for the winter in New Brunswick, in addition to those already quartered in various parts of the province. St. John, it is understood, will have two of the units and Moncton the third. Appointments Captain Gordon McR. Johnson, of this city, formerly of the 26th battalion, and late bombing officer of the 4th Canadian division, has been appointed bombing officer in charge of troops in the New Brunswick command. Captain B. H. T. McKenzie, formerly of Moncton, and late of the 24th Montreal Battalion, is reported, will be appointed trench warfare instructor for military division No. 6 with headquarters at Halifax. Canadians Honored Corporal Arthur Fleming of Chatham, 26th Battalion, has been awarded the military cross for gallantry. Lieutenant Oliver Jacks of Gagetown has been awarded the military cross for bravery and distinguished service. Three chaplains, A. H. McCreer of Montreal, W. E. Kidd of Kingston and W. R. Thompson, also of Ontario, have been awarded the military cross for bravery in ministering to the wounded on the field of battle. Corporal Leo Clark died one week after it had been announced that he had won the Victoria Cross. He was a native of Ontario and had been residing in the west before the war. O. C. of 524 Lieutenant-Colonel Donald Sutherland who succeeded to the command of the 52nd battalion on the death of Lieut.-Colonel Hay, has returned to his home in Woodstock, Ont., while recovering from a bullet wound. He expects to return to his unit in a few weeks. Infantry School Here Whether or not St. John is to have a branch of the R. S. I. here this winter depends entirely upon the young men of the city. If one hundred applications are received, including the C. O.'s from units quartered here who desire to qualify, the school will be authorized; otherwise it will not. This is a splendid opportunity for young men who desire to get to England as officers because of the fact that subalterns are badly needed at the present time and no doubt the young men who qualify will be given places in the C. E. F. units. Applications should be made through the officers commanding militia units.

A meeting of the leaders in boys' work was held last night in the Centenary church parlors, with the idea of forming a local advisory committee in boys' work in the city. Lou Buckley, maritime boys' work secretary, and T. H. Hutchinson, national high school secretary, spoke on organization in following up the conference. The different denominations then got together, and elected their representatives which included one clergyman and two laymen. They formed some of the special undertakings for the year, followed by various other reports which showed that during the year the club had received donations to the extent of \$1,000 for the prisoners of war fund, \$3,071.09 for the soldiers' club, and \$1,800 for the Packer convalescent home. A report on the halls committee was read by Miss Leavitt and a vote of thanks was passed to the press and particularly to Mrs. Lawrence, A. M. Belding, Miss Alice Fairweather and Mrs. Chisholm for special assistance. The officers for the ensuing year were elected as follows: President, Mrs. Kuhn; first vice-president, Mrs. H. A. Jewell; second vice-president, Mrs. L. P. D. Tilley; third vice-president, Mrs. George M. C. A. A. N. Greg, F. A. Willett and John N. Jordan; Congressional, J. W. Flewelling; Christian, J. C. Appel. This committee elected Rev. John Hardwick as chairman, E. A. Westmorland, vice-chairman, and P. A. Willett, secretary. The committee arranged for a course of training for the leaders of the organized classes. These classes will commence in about two weeks, the place of meeting being in the Y. M. C. A. building. HALLOWEEN ENTERTAINMENTS That the spirit of Halloween still reigns and is being enjoyed by the three enjoyable and elaborate socials held last evening at the Y. M. C. A., Trinity and Central Baptist churches. An elaborate function was conducted in the Y. M. C. A., arranged by the social committee and a committee of ladies, under Miss Olive Flewelling. Well attended were the various numbers of the programme and all the guests were led through the building by goblins and gnomes. At Trinity church the Young Ladies' Guild carried out a similar function and many young people were entertained. Tom Longboat also dropped in. In the Central Baptist church about 100 people were entertained. The usual halloween programme was carried out. A Foolish Speech Toronto Star—Ald. Fred McEwen at a political ward meeting declared that the Conservative party "is the only loyal party." This break only goes to show that much may be said for conscription. If conscription were enforced Ald. McEwen would not be here making fool speeches; he would be at the front alongside tens of thousands of Liberals who are fighting in the war.

ADVISORY COMMITTEE IN THE BOYS WORK
A meeting of the leaders in boys' work was held last night in the Centenary church parlors, with the idea of forming a local advisory committee in boys' work in the city. Lou Buckley, maritime boys' work secretary, and T. H. Hutchinson, national high school secretary, spoke on organization in following up the conference. ANNUAL MEETING OF WOMEN'S CANADIAN CLUB
The annual meeting of the St. John Women's Canadian Club was held last evening in the schoolroom of St. David's church with the president, Mrs. G. A. Kuhnring in the chair. The meeting opened with an address by the president in tribute to the fallen heroes. This address was followed by a speech by Major C. R. Goggin, medical officer of the 29th Battalion, formerly of the 14th Battalion, on "Surgical help on the battle field." A report was then read by Mrs. H. A. Jewell, some of the special undertakings for the year, followed by various other reports which showed that during the year the club had received donations to the extent of \$1,000 for the prisoners of war fund, \$3,071.09 for the soldiers' club, and \$1,800 for the Packer convalescent home. PAPER IS A DRUG ON GERMAN MARKET
Berlin, Oct. 31.—The threatened paper famine, which months ago caused cries of distress among the publishers, appears now to be a thing of the past. Claiming a shortage of labor, high wages and the general cost of production, the manufacturers have sharply advanced prices since the outbreak of the war, and the publishers several months ago reduced the number of pages in their papers to save expenses. The government and other authorities also inaugurated a propaganda for the economical use of paper. All this apparently has had the effect of markedly reducing consumption, and the manufacturers already feel it necessary to take steps to encourage consumption. The Association of Sixteen Paper Manufacturers has just issued a circular asking its members to co-operate in counter-acting the view that a paper famine exists and in combating the paper-saving crusade.

MOTHERS AND WIVES
Of this country—those who after months and even years of suffering, have been restored to health and strength by that good old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, are the ones who have spread the good news of health restored, until today there is hardly a town so small that the women who suffer from female ailments do not depend upon Lydia E. Pinkham's Vegetable Compound to restore health. Mr. Meane—"I have nothing but praise for the new minister." Mrs. Meane—"So I noticed when the plate was passed round."

TO SWELL KITCHENER FUND
Committee Will Raise Subscriptions in Co-operation with Queen Alexandra's Lord Kitchener Memorial Fund Committee was organized recently at the Bankers' Club, New York. In addressing the meeting F. Cunliffe-Owen, chairman of the committee, said, with reference to Lord Kitchener: "To the amazement of England's allies and to the dismay of her foes, he evolved out of a nucleus of barely 150,000 men an army of over 5,000,000 men, trained them, armed them and equipped them, and then sent them forth to fight for their empire in Flanders, in France, in Egypt, in the Balkans, in Mesopotamia, and in East and West Africa—armies that have added to the British empire territories in the Dark Continent many times the size of all Germany and Austria combined."
