

PRINCES OF CATHOLIC CHURCH ATTENDING EUCHARISTIC CONGRESS

SILKEN BOOK PRESENTED BY FATHER DUKE

Spiritual Bouquet From Maritime and Newfoundland Given to Cardinal

CHICAGO, Ill., June 23.—A silken book bearing the inscriptions of masses and communions said in the Maritime Provinces and Newfoundland forming what Roman Catholics call a spiritual bouquet, lovingly prepared during the past year by children of the faith as an act of gratitude for the real presence embodied in the Eucharist, was presented this morning to Cardinal Mundelein of Chicago by Rev. William Duke of Saint John, on behalf of the visitors. Mr. Quille, of Chicago, accepted the bouquet for the cardinal.

In his speech of presentation, Father Duke thanked the Chicago archdiocese for the special attention given his flock and assured Mr. Quille that "the people of Chicago had demonstrated a fine spirit of hospitality toward the visitors from the Dominion."

TO MUNDELEIN TODAY

The greater part of the afternoon was spent resting for the trip to Mundelein early tomorrow morning. The Saint John pilgrims expect to leave the city of Chicago about 6 in the morning for the little town to the north named after the Chicago cardinal, where the final pontifical mass will be said by Cardinal Bonzano and the procession of the eucharist, an integral part of the congress, will take place. It is expected that more than 1,000,000 persons will attend these ceremonies and the Saint John flock realizes that the journey will be a strain.

Undaunted by this, however, many of the prelates from Saint John and the Maritime Provinces this afternoon visited Notre Dame University, where several of the professors are alumni of institutions under the direction of the Order of the Holy Cross, whose membership includes a number of the fathers from the Dominion.

The Saint John delegation expects to leave Mundelein in time to entrain for Chicago for Canada about 9:30 in the evening. The pilgrims will stop at Fort Huron, Mich., for mass and will proceed to Montreal from there. Arriving at Montreal on Saturday, they will visit the shrine of St. Anne de Beauséjour on Sunday, where pontifical high mass will be celebrated by Bishop Morrison.

OCCUPIES THRONE

Bishop Morrison left at 4 o'clock this afternoon for Mundelein, accompanied by his chaplain, Dr. J. McPherson, rector of the University of St. Francis Xavier in Nova Scotia. He will occupy a green throne during the ceremonies tomorrow. The cardinals will sit above the bishops on scarlet thrones.

Mass will be celebrated before a huge altar built in front of the cathedral.

Concert in Orange Hall in Fairville

A very successful concert was held in the Orange Hall last evening, under the auspices of the Booster Club of Willis L.O.L. Walter Stevens was the chairman. Several selections were given by the orchestra of the Church of the Good Shepherd. Vocal solos were given by Mrs. Oscar Brentnall, Hayward Sparks, Miss Lilian Schofield, W. C. Parker, Purdy Cougle and Thatcher Townsend. A piano duet was contributed by Miss Irma Schofield and Miss Bernice Schofield and a vocal duet by Miss Madeline Irvine and Miss Muriel Purdy. Other numbers included a reading by William Somerville, an exhibition of the Charleston dance by Mr. Vaughan, piano and violin selected by Mrs. C. Hamilton and J. Wetmore. The concert was well attended and greatly enjoyed.

Three Sets of Triplets Represented in Family

LONDON, June 24.—"Three" is the magic number of a household in Partyguy, Glamorganshire, where triplets have arrived for the third time. The mother, Mrs. Cecile Jenkins, is herself one of a trio, and her husband is also a triplet.

NEVER before on the Continent of North America have there been gathered together so many of the Princes of the Catholic church as are now attending the Eucharistic Congress at Chicago. The gathering is of particular interest on account of the fact that the Maritime Provinces have a large delegation of pilgrims attending, the services, including several from Saint John.

WHOLE COURT PAYS VISIT TO DEATH SCENE

Evidence Continues in Man-slaughter Charge in Westmorland County

DORCHESTER, June 23.—The Westmorland Circuit Court resumed this morning at 10 o'clock, when the case of the King vs. M. S. Levine was continued. The jury, accompanied by His Honor Judge A. T. LeBlanc, Acting Sheriff C. G. M. Chapman, Clerk of Court E. C. Rice, the accused and his counsel and the crown prosecutor, were taken by motor to Chandler's Gulch to view the scene of the accident.

On their return to court, John McLaughlin gave evidence. He said he was driving a party of six, his wife and Miss Sarah Turner in the front seat with him and Mrs. Silliker, Mrs. Morley Turner and Miss Lena Turner in the back seat, in a small Chevrolet car, to Amherst to shop.

TELLS OF ACCIDENT

Witness said he saw no cars as he struck the main road from the Black Fox road (so-called), about halfway or quarter of a mile from the bridge in question. When he heard a car blow he was on the right side but gradually pulled farther out and just as he was entering the bridge a car blew again. As the car passed he heard a rip and a big car hit the hub cap of his left front wheel and lifted it five or six inches off the ground, throwing his car into the gulch. At no time was he going more than 18 miles an hour and he thought the other car was going twice as fast.

CROSS-EXAMINATION

Cross-examined by J. S. Smiley, the witness said he had driven a car seven or eight years, mostly in Massachusetts, and it was against the law there to drive three in the front seat, but not here. He said he judged the speed of the other car by the time it took to overtake him after he heard the horn.

CORONER'S EVIDENCE

Dr. J. S. Calkins was next called. He told of viewing the remains and finding the neck broken, which was sufficient to cause death. He empaneled his jury and held an inquest at Sackville the next day. Dr. Secord was next called and corroborated Dr. Calkin's evidence. William Teed, of Sackville, was also examined. Court adjourned until 9:45 tomorrow with Mr. Teed still on the stand.

Says Council Meetings Unqualified Success

Rev. Dr. James Ross, of Halifax, superintendent of missions in the Maritime Provinces of the United Church of Canada, who attended the meeting of the General Council of the church, held recently in Montreal, is in the city. Dr. Ross, who is staying at the Royal Hotel, said last night that he expected to visit several of the provincial churches before returning to Halifax.

He said that the council meetings were an unqualified success with about 650 church representatives in attendance.

An American company is constructing an automobile road to replace the old mule trail that has connected Males, Colombia, with the railroad.

Triple Fish Tragedy In New York State

COLD SPRINGS, N. Y., June 24.—A triple fish tragedy features the newest story which Game Warden Joe Barry is relating for the benefit of summer visitors.

A few days ago on the banks of Lake Glenside in Carmel, the warden found a 14-inch pickerel flopping about in the grass. Apparently the fish had just been landed, and as the fisherman was nowhere in sight Barry started to toss the pickerel back in the water. But as he glanced at the mouth of the fish he saw another pickerel protruding therefrom. He hauled the second pickerel free. Then he saw still a third pickerel protruding from the mouth of the second. The dimensions of the second and third fish are given by Barry as ten and four inches respectively.

"It's a true story," says Barry.

Banker Free Until Daughter's Wedding

WINCHENDON, Mass., June 24.—Fred C. Nichols, defaulting treasurer of the Fitchburg Savings Bank, who was recently found guilty in Superior Court at Worcester of larceny of funds of the bank, will not be sentenced until after his daughter's wedding, which will take place June 26. Intentions for the young woman, who is Miss Annie Nichols, 20, and George I. Morris, 25, of 28 Sanborn street, this city, were filed here.

OTTAWA TO HAVE CUBAN CONSUL

Large Staff of Trade Experts to Boost Trade With Dominion

HALIFAX, June 23.—Dr. P. A. Bonet, Cuban Consul General, is to be removed from Halifax to Ottawa, where the Republic of Cuba will re-establish its General Consulate for Canada, at the same time maintaining a secondary Consulate in Halifax, according to an announcement made today by Dr. Bonet, who said that it was the intention of his government to send a large staff of trade experts to the capital in order that trade between the Dominion and Cuba might be more rapidly developed.

The change will take place July 1, when Dr. Bonet leaves for Washington, there to receive final instructions from the Cuban Embassy regarding the establishment of the Ottawa office. In making the announcement, Dr. Bonet pointed out that the decision

of the Cuban government to have its Consul General in Ottawa was due to the fact that there he would be in close touch with those who formulate Canadian trade policies. It was felt that the change would be in the best interests of trade between the two countries.

"Cuba," said Dr. Bonet, "is buying annually \$300,000,000 worth of foreign products of all sorts. Why should not Canada, with which Cubans are very anxious to trade, get a large share of this business? Hitherto, with the Consul General's office situated in Halifax, an intimate exchange of views regarding closer trade relations was almost impossible. The new arrangement will place the two governments in much closer communication."

Sisters Leave West For Reunion in P. E. I.

WINNIPEG, June 24.—The long black robes and white collars of three sweet-faced nuns were noticeable among people waiting in the Canadian Pacific Railway rotunda Monday. They were Sisters Mary Berchmans, Mary Blus and Benedict, of the Sisters of Providence from Seattle, and all sisters to one another and to Mrs. McIntyre, of this city, on their way to their old home in Prince Edward Island to hold a family reunion.

Besides the three sisters of the religious order and Mrs. McIntyre, there are five other children and the family and nine grandchildren, who will assemble there. Their father, Thomas L. Murphy, has a fox farm near Conway, P. E. I. Their mother is dead. Two brothers and their wives will come from Berlin, N. H., and one from Windsor, Ont.

Man in Nightshirt Flees From Spouse

BERLIN, June 24.—A few evenings ago a peaceful citizen of a Berlin suburb attracted the notice of his neighbors by walking down the main street to the railway station clad only in nightshirt and slippers.

On being invited by a constable to explain his eccentric views on dress,

Probing Death of Man Found in Bush

NEW GLASGOW, N. S., June 24.—The stomach of Charles Robertson, aged 62, of Trenton, who was found dying in the woods near his home by his son, has been sent to Halifax, where an examination of the contents will be made. It was believed that he had swallowed a quantity of Paris green.

SPEED DURABILITY SAFETY
in the New Wonder Element
SPEEDIRON

At last—after years of experiment and research a perfect electric cooking element has been developed. An element which brings speed, lasting durability and absolute safety to electric cooking—McClary's Speediron!

This wonderful, new element is as far ahead of all others as electric light is ahead of candle light.

McClary's Speediron is the only protected, removable, repairable element made. It operates on contact heat. This gives it marvellous speed and eliminates waste by radiation, which is one of the greatest defects of open elements. And the Speediron is durable. It cannot be injured by liquids boiling over, spilling—or contact with pots and pans.

The cast iron surface protects the coils year in and year out—and if the coils by any chance burn out you can replace them easily, inexpensively and quickly.

Now On All McClary's Electric Ranges

This great, new electric cooking feature is now on all McClary's Electric Ranges—making it the most efficient, satisfactory range on the market. And you also get the exclusive advantages of McClary's famous porcelain enameled "fireless cooker" oven—the oven which keeps on cooking even after the current is turned off.

Ask your dealer about a McClary's Electric Range. After you've seen him demonstrate the Speediron element, you'll agree that McClary's is far ahead of any other for economy, speed, strength and general satisfaction.
