Much Milk The double helping of Milk in Butter-Nut Bread makes it the fittest food you can set before school kids.

Experts who study diet tell us you can stuff young stomachs full up and yet starve the child. It is all in the kind of food—the general public have yet to understand this, as proven by the doctors' reports of last year on the undernourishment of the majority of our scholars.

Every food requirement is met in Butter-Nut Bread with its triple measure of all three vitamines, its extra Milk, Sugar and Shortening and Regal Flour.
