

LOCAL NEWS

The high school pupils were addressed yesterday afternoon by Dr. F. Schofield of Korea, who spoke to them about his work among the people there.

On account of a burst in the pipe in the high school annex the classes did not start yesterday until 10 o'clock. The class of grade IX boys, of which George T. Milton is teacher, was moved in.

The Brunswick chapter of the I. O. O. F. held its regular meeting at the residence of Mrs. Norman McLeod in Watson street yesterday afternoon with Mrs. Hetherington presiding. Routine business, chiefly, occupied the attention of the members but preliminary plans were made for various activities to be arranged during the winter.

Mr. and Mrs. James P. Boesene and family, of Bube River (N. H.), accompanied by Mrs. A. A. Chase and son, George Chase, of Wentworth (N. H.), recently toured the White Mountains, via Profile, Crawford Notch, Bethel, and Mr. Boesene, accompanied by his little daughter, Phyllis, left afterwards for St. John on a business trip. Miss Boesene will be the guest of her grandparents, John Boesene, sr., while in the city.

Dr. F. W. Schofield, bacteriologist of Severance College, Seoul, Korea, is in the city at the peace thanksgiving meeting of the Women's Missionary Society of St. David's church held last evening in the school room, gave a vivid and moving account of the hardships that the Koreans have endured since they investigated their revolt against Japanese domination about one year ago, and in the course of his address he read a letter written by a Christian Korean girl.

The first regular meeting of the Lend-a-Hand circle of the King's Daughters was held last evening in the Guild. Mrs. H. Colby Smith, the president, was in the chair. It was decided to hold a Halloween tea at the residence of Mrs. J. S. Frost. The circle recently accepted the resignation of president, who has been its leader for the last four years but who felt she could not continue longer in office because of ill-health. Mrs. Edith Stevens, Stevens, vice-president, was appointed president in the place of Mrs. Smith.

Three of the members of the German street Baptist church willing workers' association were made life members of the United Baptist Women's Missionary Union at the rally meeting of the willing workers held last night in the German street institute with the president, Mrs. W. C. Cross, in the chair. Mrs. S. S. Poole, who is the president of the branch of the U. N. W. M. U. at the German street church, gave a historical sketch of the U. N. W. M. U. and presented to Miss Alice E. Estey, Mrs. W. P. Bonar and Mrs. Henry Spears certificates of life memberships in the union as a recognition of their efforts in its behalf.

The Girls' Association of Stone church held its first meeting of the season last night when plans were made for the work of the coming year. The president, Miss Edith Skinner, was in the chair and the meeting was held in the Sunday school. It was decided that the Christmas boxes for a poor family, make bedding and clothing for an Indian school and hold a tea and sale in the month of November. A good report of the flower mission was given. The secretary was asked to send a letter of congratulations and good wishes to Mrs. Swicker, (Miss Dearborn), who was for several years the secretary of the association.

The Central Baptist church last night completed the organization of a Young People's Society when R. H. Parsons, Canadian vice-president of the B. Y. U. of America, was present and gave a sketch of the aims and ideals of the B. Y. U. of the city and county. The officers elected were as follows: President, Rev. P. H. Bone; vice-president, Miss Wilda Davis; secretary, Miss Lilian Wilson; treasurer, Miss Nellie Keefe; pianist, Wendell Belyea and Miss G. Dykeman. It was decided to have a young people's social next week. The young society has a large membership and promises to be a flourishing organization and a big factor in the social life of the church.

WAGE INCREASE FOR EMPLOYEES OF RAILROADS

Ottawa, Oct. 4.—The Journal tomorrow morning will publish the following: Clerks, freight handlers, station and other employees of the Canadian National Railway and the Grand Trunk Pacific Railway will receive wage increases averaging about 25 per cent, and dating back to May 1, 1920, as a result of negotiations between a committee of the Canadian Brotherhood of Railway Employees and representatives of the railway companies. The increase will be included in the first period of October pay-rolls. Seven thousand employees of the two lines are affected. Taking in consideration the increase granted by these lines since 1918, the wage award is considerably better than that granted by the United States labor board to railway employees in the United States this summer.

STATE LOTTERY FOR LOANS

Sydney, N. S. W., Oct. 5.—John Lang, New South Wales treasurer, is considering a scheme for the raising of state loans locally by means of state lotteries, the prizes of which would be paid in treasury bonds redeemable in ten years and bearing six per cent. interest.

HIS TROUBLES SOON OVER, SAYS FARMER

Chas. Hamm Began Improving Almost as Soon as He Started Taking Tanlac and Now Feels Like Doing Two Men's Work; He Declares.

"I never miss an opportunity to tell anybody what a great medicine Tanlac is, for it has really proved a godsend in my case," said Charles Hamm, while at the Ross drug store in St. John (N. B.), the other day. Mr. Hamm is a prominent farmer, of Grand Bay (N. B.), having lived in that vicinity all his life. "I'll tell you, I was in a mighty bad fix before I got Tanlac, for I was in such a rundown condition I was almost helpless. My stomach went back on me and my appetite became so awfully poor I could scarcely eat a thing. I would blast all up with gas, and had terrible cramps in my stomach that lasted for hours at a time, and hurt me so bad that they nearly drew me double. I had awful spells of dizziness, and at

night I was so restless I could hardly sleep a wink. My health became so bad and I got so weak I couldn't do a bit of work, and just had to give up and let everything go to rack. "Well it's mighty lucky for me that I got Tanlac for it didn't take the medicine but a little while to put an end to all my troubles. Why, since taking three bottles, my appetite is so good that I just eat like a bear, and my stomach, is in such splendid order that I'm never troubled with cramps or gas, and never sleep better in my life than I do now. I've already gained ten pounds in weight, and have so much strength and energy that I just feel like doing two men's work. I'm certainly thankful to be in such good health again, and I don't hesitate to give Tanlac credit for fixing me up like this." Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard, Hanson, Leppau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Advt.)

ADMITTS MODERN FOODS LACK SUFFICIENT PHOSPHATE

Why 40 Per Cent. of Men and Women Today Are Without Sufficient Nerve Force, Energy, Ambition and Endurance

Thin People Need it Most and Plenty of it. Just one or two little tablets of real organic phosphate dispensed in drug stores under the name of Bitro-Phosphate taken with each meal is probably just what you need to cause you to jump out of bed in the morning eager for the industrial battle of the day.

You should swallow the yolks of a dozen eggs every day for a month, it might give you all the phosphate your starving nerves are craving for, but the cost forbids. Phosphate is an important part of every nerve cell, every blood cell and every other cell in the body. Even the bones must have an abundant supply. If you are thin, weak, nervous, run down, have no confidence in your ability to succeed in life and lack ambition, endurance and perseverance, it

probably because the food you eat isn't giving you enough phosphate, and that is all that is the matter with you. Referring to the above drawback in the make-up of any man or woman, Dr. Joseph D. Harrington, a brilliant medical specialist formerly visiting specialist North Eastern Dispensary, New York City, says: "Common sense, as well as experience, should teach those who suffer that the most logical and sensible thing to do is to put into their systems the substance that is lacking, and that is the organic phosphate—Bitro-Phosphate." Nearly every druggist dispenses Bitro-Phosphate in the original package and as the cost is little, even when organic phosphate has advanced in price, thousands are availing themselves of the opportunity to increase nerve force, put on weight and grow sturdy and healthy.

AT QUEEN SQUARE

The Young-Adams Company Score Success in "The Lion and the Mouse."

A real drama presented in first class style is "The Lion and the Mouse" at the Queen Square theatre, last night. The large audience was greatly pleased and all the players appeared to be on their mettle. The play needs no commendation. The presentation is a good one and well worthy of the hearty patronage the clever Young-Adams company is receiving. Mr. Young and his talented artists are growing in popularity each day, and the shows are being presented in a manner worthy of commendation.

"The Lion and the Mouse" is a play of high finance and intrigue, a struggle between the money man and a woman, the mouse. Mr. Young as the Lion does some clever work and Miss Adams as the Mouse is an excellent match for him and wins in the end with flying colors to the delight of the audience. Mal Murray as Bagley handled the comedy well; Geo. G. Denton as the actor Roberts looked and played the part; David Riggan as Judge Stott and Arnold C. Baldwin gave very good support. The ladies were lovely gowns and played with a vim. Miss Hobart deserves special mention for her role as Mrs. Rosamond; she was a lovely lady and mother. Miss Fischer as Mrs. Ryder was stately and all the characters were well played. Young and Kate Roberts gave two clever distinct portrayals of none too easy parts. "The Lion and the Mouse" will be presented tonight, Wednesday afternoon and evening. Good sales and evening performances bespeak large audiences.

BIG LEGAL FIGHT IN WINNIPEG BEGUN

Matter of the Kelly Company and the New Parliament Building.

Winnipeg, Oct. 5.—What promises to be a hard fought legal battle commenced yesterday, the appeal of Thos. Kelly and Sons against the board of appraisal which was incorporated in a judgment of the court of king's bench. The Kelly company was ordered to pay the provincial government \$1,000,000 in the building of the new parliament buildings.

PIPE SMOKERS COMING BACK.

London, Eng., Oct. 5.—The tax on cigars is turning cigar smokers into pipe smokers, according to tobacco manufacturers, who are going to try to put up an Havana tobacco mixture to suit the converts to the pipe as a substitute for the Havana tobacco lead of the cigar. Cigarette smokers still hold their own.

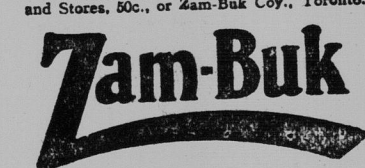

RESCUER GETS \$5,000.

White Plains, N. Y., Oct. 5.—Charles P. Cowles, a wealthy resident of Rye, left \$5,000 to his friend, Dean Wounds, of Cos Cob, Conn., for saving him from drowning.

Feels Lost Without It

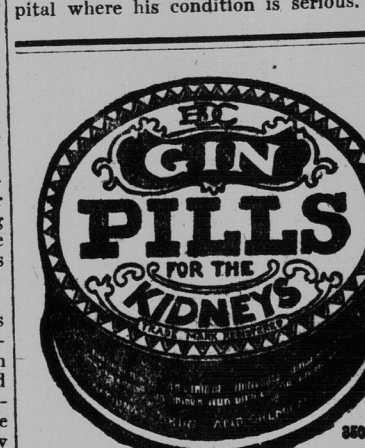

"We had never used Zam-Buk before but now we feel lost without it now," writes a grateful Ontario mother, Mrs. T. G. Miller, of Winona.

"While at play," she says, "my little two-year-old grandson up against a cross-cut saw and gashed his forehead badly. As we happened to have a box of Zam-Buk in the house I got it down and applied a dressing to the injury. It speedily soothed away the pain. "After treating the wound with Zam-Buk twice daily for three days, it healed so well that I was able to leave all the bandages. There's not even a scar now, thanks to Zam-Buk. "Our little boy had several similar lesions confining the wounds soothing and healing power of Zam-Buk in developing into a safe and reliable skin disease. Zam-Buk has medicinal properties never associated with any ordinary ointment or salve, and it's perfectly harmless. Get Zam-Buk today! Of Druggists and Stores, 50c., or Zam-Buk Coy., Toronto.

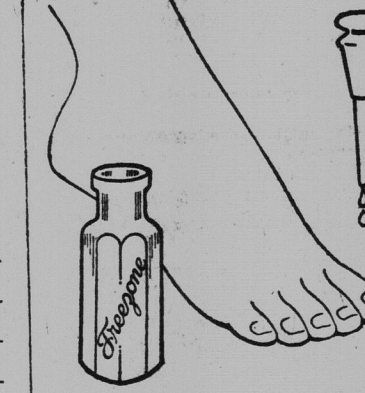

HIT BY LIVE WIRE.

Montreal, Oct. 4.—W. J. Percival, 62, of Percival avenue, Montreal West, while walking home on Saturday evening was struck by a live wire which fell just in front of him and he became entangled in it. He protected his face with his hands and burned the skin off one of them. In endeavoring to free himself the wire became wrapped round his ankle and he fell to the ground. He lay there until he was picked up by a live wire between his shoulder blades. The victim is now in the Western Hospital where his condition is serious.

"FREEZONE"

Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting! Then you can lift it right off with fingers. Try! Freezone for aching corns, soft corns, or corn between the toes, and the calluses, without soreness or irritation.

SWOLLEN GLANDS

Wens, Cysts, Soft Bunches Reduced by "ABSORBINE JR." is a vegetable germicide and antiseptic. It is opposed to unhealthy, unsanitary growth. Enlarged glands, wens, cysts, soft bunches are unnatural conditions that "ABSORBINE JR." will materially benefit.

A prominent physician writes: "I have used ABSORBINE JR. on stiff joints and found it all right. Does the work nicely and I cheerfully recommend it."

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guarantee by all druggists.

Ladies Keep Your Skin Clear, Sweet, Healthy With Cuticura Soap and Cuticura Talcum

COURT ACTION OVER A CHILD

Proceedings Against Man and His Wife—Little One Now in Children's Aid Home.

As a result of visits made to Queenstown last month by S. M. Wetmore of the S. P. C. and Rev. George Scott, agent of the Children's Aid Society, Wendell Green, a lad of about five years, was brought to the city and placed in the Children's Home, 88 Garden street. Soon after having been placed in that institution he was examined by Doctors Loggie and McAlpine, who failed to find any trace of organic disease which would account for his emaciated condition. Their opinion was that he had been the victim of neglect and under nourishment. Criminal proceedings have been started against Harry H. Law, a section man on the Valley railroad, and his wife, who had charge of the lad. Hearing in the case will be held at Gagetown some time this week.

Less than a week after having been placed in the home, the poor boy became languid and finally, in spite of the most careful nursing and medical attention, he was taken down with a high fever. However, as a result of skillful means employed he is now much better. His temperature is again down to normal and there is every hope that in time he will come around all right.

On Sept. 16 Mr. Wetmore and Rev. Mr. Scott went to Queenstown. The house where the Law's are is about a mile from the railroad station. Law himself was absent at work on the section, but his wife called the little fellow in from out of doors and he was stripped before the visitors. They say he was found badly emaciated and he gave as a reason for it one which they say examination has since proved without foundation. In answer to questions, Mrs. Law said the mother of the little boy lived in Milford, but that she had charge of him since he was eleven months old. During the conversation many questions were asked of the boy direct, but he answered none of them. They said he looked cowed and in answer to a question Mrs. Law said she had often to punish the boy, admitting she used a stick for this purpose.

On the Saturday following Rev. Mr. Scott returned to Queenstown and brought the boy to St. John. As soon as he was out of the house on the road to the station he is to become quite chatty. It seemed as if a load was lifted off him and he laughed often. Everything that has been given the boy to eat since has been devoured in a ravenous manner. No doubt it will be a long time before he is well as he ought to be. Rev. Mr. Scott left this morning for Gagetown to lodge an information in the case.

SASKATOON BREAD PRICE REDUCED

Saskatoon, Oct. 5.—Bread prices here were reduced to ten cents for a twenty ounce loaf yesterday. This is a reduction of two and a half cents a loaf. Toronto, Oct. 5.—There will be no drop in the price of bread in Toronto, notwithstanding the drop of fifty cents a barrel in the price of flour. Mark Bradin of the Canada Bread Co. says that although bread in Montreal has dropped a cent a pound and a half loaf, it is still higher than bread in Toronto. In this city the price is 18 cents a loaf, as against Montreal's reduced price of 14 1/2 cents. Mr. Bradin said it required a drop of 81.75 a barrel in the price of flour to make a cent a loaf difference in the price of bread.

Say You Want "Diamond Dyes"

Don't Spoil or Streak your Material in a Poor Dye

Each package of "Diamond Dyes" contains directions so simple that any one can dye a new, rich, fadeless color into wool, wash, silk, linens, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed if you have never dyed before. Druggists have color card.

Let Us Face The Facts

THE great majority of families in Canada cannot have the doctor for every ailment or simple injury on account of the expense, or cannot receive his early help because of the distance, even when their means permit. Something must be always on hand ready to combat these minor ills and accidents in place of the physician, or until he comes.

For nearly three quarters of a century PERRY DAVIS' "PAINKILLER" has been a leading household medicine for just these purposes. It is used in nearly every country on the globe by people of every race, requiring the printing of directions in over twenty languages and tongues. This world wide test of long experience warrants our recommendation that you always have with you when travelling, or on hand when at home, a bottle of "Painkiller" ready for use in emergencies and especially for the purposes noted below.

For acute painful stomach and bowel attacks (summer complaint) take a teaspoonful dose of Perry Davis' "Painkiller" in a glass of warm water slightly sweetened, followed by the other fuller directions on the wrapper accompanying each bottle.

For sprains, bruises, insect bites and stings, apply the "Painkiller" freely by hand or with a bandage. For Chills resulting from exposure to cold or damp, take a teaspoonful dose of "Painkiller" in a glass of warm water or milk, slightly sweetened, just before retiring. This treatment with the other measures given on the directions accompanying each bottle will be found most effective in warding off Colds, Bronchitis, La Grippe and Pneumonia.

For children's Croup and Bronchial attacks. If a child at bed time shows evidence of such attacks coming on, wrap out a handkerchief in a cupful of hot water, which a teaspoonful of "Painkiller" has been added, wrap this around the child's throat and place over same another cloth. The warmth and drawing power of the "Painkiller" are remarkably effective in checking the ailment, soothing and inducing sleep, sparing both mother and child a restless night.
