ONE LOSS NECKLACE WORTH \$50,000; ANOTHER \$2,500 LOCKET, BOTH RECOVERED

New York, April 13.—A few nights ago a wealthy New Yorker started to visit the theatre, accompanied by his sister, who is a resident of a western city. This woman suffered her brother to take her necklace, worth \$50,000 in his pocket, and have the clasp repaired. The man did so and forgot all about the necklace.

In taking out his gloves the necklace was accidentally withdrawn from the same pocket and dropped on the sidewalk in front of the Holland House. They were picked up by a policeman directly after and turned over to the West 90th-street Station, and later sent to headquarters, where they remained until their owner finally located them at this point.

Mr. and Mrs. Harrison von Dellin of London arrived in London registered at the Waldorf-Astoria, and did some shopping before leaving for Montreal. They left in a taxi for the Grand Central Station.

Their train was to leave at 7.30 p. m. At 10 minutes before 7 o'clock, Mrs. von Dellin called the Waldorf by telephone from the depot, informing the clerks that she had just discovered the loss of her gold and diamond locket, which was valued at \$2,500 but which she regarded as priceless because it was an heirloom.

It was found in the bag of linen sent to the laundry from the room they occupied. A reward of \$100 came to the head laundryman from Mrs. von Dellin.

A NEW SEAM OF COAL

Word comes from Springfield that the Dominion Coal Company has located a new seam of coal between Springfield Mines and the Junction. The company has been steadily prospecting its Springfield mine for the last two years with a view to further developments. The unsatisfactory condition of the market and the general slump in prices have prevented the company from carrying on the extensive plans of advancement which have been under contemplation for some years and which included summer terminals at Wallace.

When business conditions become more normal it is expected that a forward step will be taken by the company in connection with its Springfield property.

F. E. Wilvert, of Harrisburg, Pa., has started out for San Francisco on a pair of 7 1/2-foot stilts. He carries with him an eight-foot reed cane as an aid.

MORNING NEWS OVER THE WIRE

The steamer Bloodhound, which arrived at St. John's, Newfoundland, yesterday, reported that wreckage was sighted about 100 miles off the coast. It is supposed to be the wreckage of the Southern Cross.

A complimentary address and a handsome gold watch were presented on Saturday to R. E. Armstrong, retiring editor of the St. Andrew's Beacon, and president of the board of trade of that place, upon the eve of his departure for St. John. Addresses were made by Judge Cockburn, G. W. Habbitt, T. R. Wren, and others. The presentation was made on behalf of the citizens, by Mayor Greenlaw.

The steaming ship "Bloodhound" arriving on Saturday at St. John's, Nfld., reported having passed through a quantity of wreckage which is supposed to have been that of the "Southern Cross." She had on board the body of a man named Flynn who was found dead on an ice floe with his dog standing over him.

Hon. Mr. Pelletier in Quebec, on Saturday, told a delegation from Lewis, Y. Q., that the Borden government would grant no subsidy to a powerful British concern such as the Armstrongs, shipbuilders and steel constructors, for the building of a steel ship-building plant at Lauson, Que., and urged a subsidy or assistance of some kind by the government. Mr. Pelletier said that there is already \$40,000,000 of Canadian money represented in Canadian enterprises of this nature and it would not do to discriminate against them.

Everybody Has Two Brain Centres of Nervous Energy

Enormous Amount of Blood Consumed in Supplying Nerve Force to Mind and Body.

Everybody has two brains, one to think with and the other to control the workings of the heart, lungs, stomach and other vital organs. This mechanical brain is situated low down at the back of the head and is the great center of the nervous system which, through its ramification of branches, reaches every part of the human body.

Any lack of nervous energy is soon apparent in disorders of the bodily organs. Weakness of the nerves which control the digestive fluids means indigestion and similarly other derangements arise.

Dr. Chase's Nerve Food has fully established its reputation as a means of restoring vitality to the nervous system and thoroughly curing such ailments as sleeplessness, irritability, nervous headache and indigestion, partial paralysis and locomotor ataxia.

Mrs. Wm. Hay Spy Hill, Sask., writes: "I am glad of an opportunity of recommending Dr. Chase's Nerve Food, for it restored my nervous system when I was badly run down. So greatly did this treatment benefit me that I have recommended it to friends and know they have obtained good results from the use of the Nerve Food many times. In my opinion there is nothing like it for building up a run-down system."

It is said that one-fifth of the blood in the human body is consumed by the brain in the manufacture of nervous energy. Because Dr. Chase's Nerve Food supplies the ingredients from which red blood is formed, it is the greatest of nerve restoratives.

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

CIVIC ELECTION

See Candidate Fisher's card on another page. Examine his platform. Vote for him.

PUT PROGRESS IN CITY HALL

When you must use progressive methods. Citizens are progressive. City Hall is behind times, with its antiquated tax system. Vote for POTTS and see the change.

MAMMA, DADDY AND CHILDREN ALL LOVE "CALIFORNIA SYRUP OF FIGS"

Harmless "Fruit Laxative" Cleanses Stomach, Liver and Bowels

A delicious cure for constipation, biliousness, sick headache, sour stomach, indigestion, coated tongue, sallowness—take "California Syrup of Figs." For the cause of all this distress lies in a torpid liver and sluggish bowels.

A table-spoonful tonight means all constipation, poison, sour bile gently moved out of your system by morning without gripping. Please don't think of "California Syrup of Figs" as a physic. Don't think you are drugging yourself or your children, because this delicious fruit laxative can not cause injury. Even a delicate child can take it as safely as a robust man. It is the most harmless, effective stomach, liver and bowel regulator and tonic ever devised.

Your only difficulty may be in getting the genuine; so ask your druggist for a 50 cent bottle of "California Syrup of Figs." Say to your druggist, "I want only that made by the California Fig Syrup Company." This city has many counterfeit "fig syrups," so watch out.
