Common Council Discusses Purchase of Wharf - Haymarket Square Fountain Repairs - Petition For Street Railway Extension

That there is no suitable place on the eastern side of the harbor of St. John to accommodate the steamer which the Red Cross Company, of New York, had hoped to run between the two cities, was the sum and substance of the mayor's report on the harbor situation made at the meeting of the common council yesterday afternoon. The question as to whether it would be advisable for the city to pursue a policy of buying wharves which would not pay for their own maintenance with interest on capital and sinking fund, was brought up by the mayor's proposal to buy the Lawton wharf, adjoining the McLeod wharf, in order to make room for the steamer.

Commissioner McLellan said that in view of the conditions at the McLeod wharf, he did not think it would be wise to buy the Lawton property. He repeated his opinion given recently that each wharf should be made to pay for itself, saying he thought the first thing the council should do was to revise the schedule of wharfage rates.

Commissioner Wigmore thought the Red Cross Company should not be informed in a hurry that there was no room for their boat on the east side of the harbor. He asked whether it would not be possible to ask the government if something could not be done to find accommodation for the boat at Long wharf.

No decision was arrived at in the matter, and it will probably be taken up again at a meeting to be held on Wednesday to call for tenders for the reconstruction of the wharf adjoining the ferry floats.

On the recommendation of the commissioner of finance and public affairs, Miss J. T. Wetmore was appointed to succeed Miss B. Wetmore, who has resigned the position of stenographer in the common clerk's office, the appointment to take effect on Sept. 1st.

The commissioner of public works reported that he had received a second tender from A. Kinsella for the reconstruction of the fountain on Haymarket square at a cost of \$385, or \$65 less than his first tender, which was refused. The tender at \$385 was accepted.

Commissioner Agar moved that the request of the New Brunswick Telephone Company to lay a conduit on the south side of King square be complied with, the cost to be in the nature of a loan to the company, and that the satisfaction of the road engineer and H. E. Gould, and that the company be granted permission to lay cables subject to the approval of the commissioner of public safety, the work to be completed not later than Sept. 15.

A petition signed by Joseph A. Likely and about 200 others, asking that the common council use its influence with the St. John Railway Company to have the latter extend its lines from the Marsh bridge along Robb's wharf to the One Mile House, and thence back towards Kane's corner, so as to complete a circuit in the shape of a triangle, was referred to the commissioner of public works to take up with the street railway company. It was pointed out by the petitioners that this extension would help materially to develop the building of residences along the line.

Commissioner McLellan asked the commissioner of public safety what steps were being taken to get ahead with the Marble Cove sewer. Commissioner Wigmore said he hoped to make a report on the matter very soon. He said he had been finding out what prices would satisfy the owners of property through which the sewer would pass.

MISS THURSTON and MISS ASHE PLEASE NICKEL PATRONS

Very Fine Musical Attractions At the Carleton Street Picture Theatre - Good Pictures.

The Nickel opened the autumn season yesterday with a gala list of attractions. The two musical novelties were really delightful surprises. Neither Miss Lella Thurston or Miss Gertrude Ashe had been extensively billed in advance but it is safe to assume they are pretty well advertised today, judging from the splendid impression they made at their opening. Miss Thurston is truly "the queen of the xylophone," as the announcement states. She surprised the cagney's exquisite intonation from Cavaleria Rusticana with taste and musical truth, which is sometimes a difficult thing to do on the wooden Russian piano. Then she played popular ballads and a mass of merry popular stuff. This last

Stomach Troubles
Due to Acidity

So Says Eminent Specialist

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are, in probably nine cases out of ten, simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heart-burn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid, and render it bland and harmless, a teaspoonful of bisulphate of magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisulphate of magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids.—M. MANCHESTER ROBERTSON ALLISON, LIMITED.

ent little lady is directly from the new Imperial Theatre, Montreal. Miss Ashe was a summer visitor to St. John, captured her heart from the outset with a brilliant rendering of Arthur Penn's Orestes. She owns a superb soprano voice of great range and flexibility and sings in excellent taste. Miss Ashe is merely a maiden and niece of the late John F. Ashe, lawyer of this city. She is visiting relatives here.

The two-reel Pathé feature The Secret Formula was notable for some daring deeds of horsemanship, especially the overhauling of an express train and dashing mounting from horse to train platform. This is a story of intrigue in industrial circles. The Vitaphone concert by the Amateur Lion Tames with Hughey Mack was a scream. Tomorrow the Nickel will show Pathé's Weekly and on Friday the third of the great and absorbing "Marry" series will be shown.

So Easy to Have
Smooth, Hairless Skin

(Beauty Topics.)

The new home treatment for removing hair or furs from the chin, lip or cheek is justly popular, because it is devoid of pain and requires very little time. Get an original package of de-lonate and mix enough of the powder with water to cover the hairy surface; apply and let remain for 2 or 3 minutes, then remove and with it will come every bit of hair. The skin should then be washed with cold water and the de-lonate and it will be soft, firm and free from blemish.

Thick, glossy eyebrows follow the use of pyroxin and if it be applied at last roots the eyelashes will grow long and form a delightful curl. Use caution and don't get any pyroxin where hair is not wanted.

ANNUAL CONVENTION
OF CHRISTIAN CHURCHES

The annual convention of Christian churches, brought to a close Sunday night at LeTete, was one of the most interesting and successful in the history of the churches, and the reports of committees showed that church work and finances are in a satisfactory condition.

The seventy-five delegates who attended represented the following centres: Westport, Tiverton, Digby, South Range, Port Williams, Milton, Halifax, St. John, St. Stephen, St. George, Deer Island, Eastport, Lunenburg, Boston, Cincinnati (Ohio), Summerside and New Glasgow (N. E. I.). Letters from the various churches showed 150 additions during the year and 50 losses.

Receipts were reported as follows: M. C. M. S., \$1,200.00; C. W. B. M., \$800.00; Young People's department, \$200.00; while collections during the sessions were: For C. W. B. M., cash and pledges, \$133.00; for M. C. M. S., \$112.00, and special fund for the Digby church \$112.00.

Officers chosen at the convention are: For the M. C. M. S., president, O. B. Emery, Milton; vice-president, J. C. B. Appel, St. John; secretary-treasurer, J. S. Flagg, advisory committee—Rev. E. Ross, George Barnes, J. W. Barnes, A. Miles, Dr. H. B. Ford, L. H. Outhouse. The advisory committee notified the convention that Lowell C. McPherson had been engaged as evangelist for one year.

MORNING NEWS OVER THE WIRES

Sir Rodmond Roblin yesterday denied emphatically the rumor that he might be the successor of Lord Strathcona as Canadian high commissioner in London. An application has been received at Ottawa by Hon. C. J. Doherty, acting minister of labor, asking that a board of conciliation be established to investigate under the industrial disputes act, the grievances of the G. T. R. Co's operators, station agents, and dispatchers and the claims of the company. The

dispute between the men and the company ranges over the entire system.

London, Aug. 25—It has been virtually decided, according to the Daily Graphic, that Prince Arthur of Connaught will succeed his father, the Duke of Connaught, as governor-general of Canada.

Sydney, N. S. W., Aug. 25—Evidence has come into the possession of the crown which makes it seem likely that B. S. Atkinson, who was supposed to have been killed by a fall from his buggy on the Mira road, a few miles from Sydney, was murdered.

RECENT WEDDINGS

Smith-McKenzie.

Harry J. Smith and Miss Clara A. McKenzie were married by the Rev. A. J. Archibald at the minister's residence yesterday afternoon, in the presence of the parents of the pair and several friends. The bride was dressed in a gray travelling costume and a white hat. Mr. and Mrs. Smith left on the Boston express for their honeymoon, and on their return will live in West St. John.
