#### Magnificent Display Inexpensive Furs Such Furs as These Are Always Satisfactory

The display of fine Furs which is to be seen on the second floor reflect much credit on the ability of our furrier, all of which are our own manufacture. In selecting our furs for the fall of 1907 we made it a point to carry only those that could stand the test of the most critical examination, and are prepared to back up the purchase with a guarantee as to the quality of the skins and the thoroughness of the work-

In speaking of quality we mean, in the first instance, the careful selection of the skins, their proper dressing and handling, their careful matching and their artistic make-up, which is done by experienced furriers. Then, too, we wish to emphasize the fact of the lowness of price, which is one of the points of prime importance to all intending buyers.
