

WHY MINISTER WAS DEFEATED

SUCCUMBED IN DEFENSE OF IMPERIAL POLICY

Ottawa Press Discusses Local Election and Hon. William Templeman.

Ottawa, Oct. 31.—The Ottawa Citizen says: "Party service would seem to be something not to be reckoned upon with any degree of certainty, under political conditions. Take the case of Hon. Wm. Templeman. Practically he was the pioneer of Liberalism in British Columbia, and his elevation to cabinet rank was regarded as but a fitting reward for his work in the West. He was the only member of the cabinet to go down to defeat in the general election last Monday, and that was because, as cabinet minister, he accepted a responsibility for measures unpopular in the West; notably the Oriental Immigration Act of the government. And yet, one may search Liberal organs in vain for a suggestion as to the ways and means of bringing Mr. Templeman back into the government. The Yukon election has yet to be held, but while several names have been mentioned as likely candidates, Mr. McInnes among others, there has been no suggestion that the seat should be offered to Mr. Templeman. To a certain extent it is none of our business whom the prime minister shall select as his colleague from the coast, but nevertheless the suggestion will not down that Sir Wilfrid's first duty is to his old colleague. Unless all that so called Liberalism stands for in British Columbia means so much humbug, Mr. Templeman will not be happy to be asked to chew so bitter a dose of defeat. It is true, perhaps, that he has earned the enmity of a certain faction in his party by his denunciation of the Palmerston engagement, with the accompanying observation that 'no man could earn \$75 a day,' but the prime minister may surely be trusted to see to it that a man's honest expression of opinion should not be held against him in the hour of defeat. It would be no justification of the minister of inland revenue to appoint him to an office of emolument under the crown, as for instance to the position of railway commissioner. Sir Wilfrid Laurier's treatment of his defeated colleague will be watched with interest."

The Ottawa Journal, an Independent Conservative organ, says Mr. Templeman was rejected by reason of the government's policy in respect to Japanese immigration. He accepted the responsibility for the Dominion government's refusal to lend itself to any exclusive legislation which might impair its relations with the Mother Country and the Japanese. He was defeated. Editorially the Journal adds: "He has kept himself clean in an environment in which certain of his colleagues have gone foul. He went down to defeat in defence of the government's policy in respect to Japanese immigration, and, however the government may have bungled its immigration business, it acted in this case practically under instructions from the home authorities. Mr. Templeman stood up, therefore, in defence of an Imperial policy. There are two elections still to be had in British Columbia. In order that Mr. Templeman may remain in the cabinet, the Prime Minister should see that Mr. Templeman gets one of the seats, if the government can carry either of them. The Prime Minister would find this as easy a matter as were the wonderful works which he accomplished in Russell county."

These editorials express public opinion generally at the capital where Mr. Templeman is universally respected and liked.

TORIES PLANS IN B. B.

Campaign Sheet in St. John Goes Out of Existence.

St. John, N. B., Oct. 31.—The Standard, a Conservative sheet, ceases publication to-day, but it is announced that a daily newspaper will be established probably with both morning and evening editions as soon as arrangements can be made. The party leaders attribute the defeat of Messrs. Fowler, Wilmot and Ganong to the loss to the party of the Telegraph and Times at the critical moment. They declare that both for federal and provincial reasons the party must have its own press in this city. It will be necessary to subscribe additional capital stock, but this will be sought at once throughout the province.

MONSTER SWORD FISH.

Fights With Captors and Tows Fisherman's Launch Two Miles.

Long Beach, Cal., Oct. 31.—Eight miles off Newport a 12-foot sword fish, with a sword four feet long, was caught yesterday on an 8-0 hook by Hugh McMillan and G. G. Shoemaker. The monster towed the fisherman's launch two miles and charged the boat repeatedly. It was killed after a half hour's fighting by blows on the head with a heavy hammer. When the fish was first caught it charged to the surface, endangering the lives of the men in a nearby launch.

COLD SNAP IN EAST.

Sault Ste. Marie, Ont., Oct. 31.—The first touch of winter came as a fall of snow to the depth of six inches on Thursday night. The wind is now blowing from the northwest, and present indications are for a cold snap.

The congregation of St. John church will commence their social evenings on Tuesday evening next. Last winter these meetings had to be discontinued on account of the destruction of their building by fire. It is hoped that all the members of the congregation and their friends will turn out to make this a success. A good programme is being prepared and a number of local entertainers have signified their intention of taking part. Refreshments will be served at the close.

SINGLE VOLLEY QUELLS MUTINY

TROOPS REBEL RIGHT AT SULTAN'S THRESHOLD

Three Killed and Sixteen Wounded in Trouble at Yildiz Kiosk.

Constantinople, Oct. 31.—A threatened outbreak of a company of Turkish troops attached to the garrison at Yildiz Kiosk, was promptly put down this morning with a single volley from a royal battalion. Three of the mutineers were killed and 15 were wounded.

The mutinous spirit manifested itself when the company was assembled and threatened for a few moments to result in serious trouble. But a hurry order was issued and a battalion from a regiment recently brought in from Salonika was marched to the scene and one volley sufficed to cow the mutineers.

The rebellious troops were under orders to leave for the provinces, but they refused to depart, and withdrew to a field near the barracks and defied their officers.

The battalion from Salonika, which was drafted into the capital especially because the men were staunch supporters of the constitution were ordered to attack the rebels. They fired one volley, with the result above set forth, after which the mutineers surrendered and were made prisoners. Later they were drawn up on the public square, tied together and exhibited to the assembled troops as rebels who had broken their military oath.

This prompt suppression is expected to have a salutary effect on the rebellion of the Yildiz Kiosk garrison which is suspected of being antagonistic to the constitution.

Mourmelon, France, Oct. 31.—Henry Farman, for the first time, gave a practical demonstration of the possibilities of the aeroplane by flying direct from this place to Rheims, a distance of 100 miles, without mishap. The aeroplane ascended at 4 p. m. and an hour later a telegram was received from Farman announcing his safe arrival at Rheims. The time of flight was 20 minutes, and the height reached was between 120 and 130 feet. The course was literally as the crow flies, over trees, fields and streams.

Found Prosperity Everywhere During His Trip Through West.

Montreal Que., Oct. 31.—Chas. Hays, president of the G. T. P., who returned yesterday from a visit to Prince Rupert and an inspection tour of the intervening sections from Lake Superior to the Rockies, declared he did not apprehend conditions, engineering, financial, or otherwise, arising that would keep back the completion of the G. T. P. later than December, 1911.

He was gratified in visiting the different sections traversed by the company's lines to find the different provinces eminently prosperous. No one would suppose that a business depression or a financial panic had ever been felt in the western country.

ESCAPED CONVICT.

Man, Who Claims to Be a Murderer, Gives Himself up to New York Police.

New York, Oct. 31.—According to the World to-day a well-dressed young man, who said he was Chas. B. Mann, 30 years old, a clerk, walked into police headquarters last night and insisted on surrendering himself as an escaped convict from Dolive prison, Alabama.

He told Detective Howry that he shot and killed his brother-in-law, David Dixon, on June 18, 1901, was tried, and convicted in Alabama and sentenced to 15 years in Dolive prison.

He was formerly a stenographer and bookkeeper employed by the government at Washington and was transferred to Alabama, he said. Mann seemed much relieved when he was told he would be retained at headquarters until word could be sent to the Alabama authorities.

TO SUE FOR DIVORCE

BECAUSE BEATEN WEEKLY

Monotonous Cruelty of Brutal Husband Grows Too Much for Wife.

Tacoma, Oct. 31.—Whipped once a week by a brutal husband since they were married more than three years ago, Mrs. Garhart Weifinger yesterday announced she would sue for a divorce. She made the statement to Police Judge Arneston, before whom Weifinger named Soziet, while the case was in the employ of the city was haled and fined \$100 and costs for wife beating.

Following his being fined Commissioner of Public Works McGee appeared on the scene and discharged Weifinger from the city's service. The case was one of such manifestly aggravated proportions that Police Judge Arneston said he regretted the statute does not have a whipping post for wife-beaters.

"No other punishment," said his honor, "seems to be adequate. As it is, I have given the man the maximum sentence."

WAVE OF TEMPERANCE.

Toronto will join in the fight.

CITY AND OAK BAY COME TO AGREEMENT

Basis Reached Upon Which Water is to Be Supplied Suburban District.

(From Saturday's Daily.)

Between Oak Bay and the city over the question of water will be settled amicably. The city has agreed to furnish the municipality of Oak Bay with a water supply, to be delivered at the boundary on Oak Bay avenue and Cadboro Bay road, and the municipality is considering plans for a distribution system.

The streets, bridges and sewers committees of both councils met yesterday and discussed the project.

In the afternoon the Oak Bay committee met, these present being Acting Reeve Henderson, Councillors Fernie, Pemberton, McGregor, Newton and Noble. J. S. Floyd, municipal clerk, reported the result of his interview with the city committee on streets, bridges and sewers.

He said that the city would supply to be fixed, and the municipality to provide its own distribution system and collect its own rates.

The feeling of the councillors present was that no time should be lost in getting to work on plans for financing the project and for the laying of a system of mains which will not only serve the present population but meet all demands for some years to come.

Councillors Fernie, McGregor and Pemberton were named as a sub-committee to consider the matter and report to the council. There are at present four-inch mains on Oak Bay avenue and Cadboro Bay road. A further start to a distribution system was made at the meeting in the award to Hugh McDonald of a contract for the laying of mains under the local improvement system on Hampshire road north, Empress street and Newport avenue.

At the meeting of the city committee on streets, bridges and sewers last evening, under Ald. Henderson's chairmanship, the draft of an agreement with Oak Bay was considered and it is expected that it will be ready for submission to council on Monday evening.

DEATH OF WORKMAN

Mother in Scotland Claims \$1,000 From the City.

On behalf of Mrs. Elizabeth Dymond, whose son Charles was killed on Trutch street on September 17th by a piece of wood from the blasting of a stump, a demand for \$1,000 damages has been made through her solicitors, Crease & Crease. Their letter was read at Thursday's council meeting and referred to the city solicitor. It is urged that the city was negligent in that sufficient warning was not given of the blast after the first attempt had failed, that the public were allowed too close to the scene and that the charge was excessive for the object intended. The deceased is stated to have been the sole support of his mother, a widow, and that he was saving money in order to bring her from Scotland to this country.

The silver cup presented by John Robertson & Sons, Dundee, through Mr. Harvey, their local agent, for perpetual competition to the Shawinigan lake regatta committee, and won this year by R. G. Dundas, with his new boat specially built for the occasion, is now on view in the windows of Chaloner & Mitchell, Government street. The cup which was presented at the time of the race this year has just been inscribed by the jewellers named and will shortly be forwarded to Mr. Dundas, who will hold it till the race next year. The trophy is inscribed "Shawinigan Lake Regatta Race. Presented by John Robertson & Sons, and won by R. G. Dundas, 1908."

BRYAN'S APPEAL TO THE PEOPLE

SEEKS TO RECONCILE LABOR AND CAPITAL

Issues That Stand Out Clearly in Present Presidential Campaign.

Winchester, N. J., Oct. 31.—W. J. Bryan, the Democratic presidential candidate, in winding up his tour of the east to-day made public "an appeal to the public" in part as follows: "As the campaign draws to a close certain issues stand out clearly. The Democratic party attempts to inaugurate an era of honesty in politics by compelling the publication of contributions before the election. It seeks to bring the government nearer to the people by securing the election of United States senators by direct vote. It seeks to restore competition through legislation which will make a private monopoly impossible. It seeks to reconcile labor and capital by legislation which will bring employer and employee together in friendly co-operation and to this end it proposes the creation of a department of labor with a secretary to the anti-trust law which will exclude the labor organizations from the operation of that law; the limitation of the writ of injunction so that it will not be issued in a labor dispute unless conditions are such as would justify an injunction even if there were no labor disputes, and trial by jury in cases in indirect contempt; it seeks legislation which will secure a guarantee fund which will guarantee all depositors against loss; it seeks to secure a reduction of the tariff by gradual steps until the tariff laws will no longer be made in the interests of the people at the expense of the rest of the people."

"The Democratic party, in other words, seeks to procure honesty in government through honest politics and popular government through direct elections. It desires to secure peace in industry, competition in trade, security to depositors and justice to taxpayers. The Democratic party appeals to the awakened conscience of the nation and to the sense of justice in the human heart and the growing desire for brotherhood."

"With a Democratic victory for the national ticket, with a Democratic congress and with the moral force of a popular verdict, I believe we can compel the senate to yield to the expressed will of the people and permit the passage of the more urgent of the reforms."

"The Democratic party offers the only prospect of remedial legislation and while it does not expect the reforms which we favor the co-operation of those who favor the reforms set forth in our platform."

"The attempt to terrorize the American voter by the threat of a panic in 1912, if we have three panics in forty-eight years; the panic of 1873, the panic of 1893 and the panic of 1907, and two of the panics came under a high tariff and each of them came under a republican president. Mr. Taft says that a panic will come if I am elected. Let him give bond that this panic will go if he is elected. When he says that a Democratic victory will bring a panic, he expresses an opinion. When I say that a disastrous panic came last fall without a Democratic victory, I state a fact that cannot be disputed."

"Our platform presents a plan for the restoration of prosperity upon a permanent basis; a prosperity in which all will share. The Republican party has no plan that contemplates either the present relief or continued welfare of the people."
