

How many People know,

WHAT IS THE MATTER WITH THEM ?

They cannot very well be dissected and then put together again. One thing we do know is that few of us have been in the past, or are now, careful in eating and in drinking. Some of us haven't enough work and exercise and others have too much. It is hard to strike the happy medium. All these indiscretions have an effect on the liver and on the kidneys. If these two organs are working perfectly, seldom will other troubles take hold of you. They carry off, or cause to be carried off, the foul matter from the system, keeping the blood pure and the stomach healthy.

THOMAS CLARK, Springfield on the Credit, says :—It raised me out of bed when I never expected to recover. "For the past two years I have been ailing, and no one could tell what my trouble was or help me in any way. I doctored and doctored. From November, '98, to February, '99, I was in bed, and could not get up, except when lifted out, and I never expected to get better. Mr. Wm. Clifton, a friend of mine near Burlington, heard of my case, and got a bottle of PARKE'S LIVER CURE from Mr. Parke, who guaranteed it. The one 75-cent bottle has built me right up. My skin is cleared of the yellow hue, and I am feeling quite well, and working every day. Weakness and Liver Complaint seems to have been my trouble.

THOS ELLIOTT, Palmerton Ave., Toronto, says : I have been troubled with dyspepsia for over twenty years, and have spent dollars trying everything I could hear, and never received more than temporary relief. I bought a bottle of PARKE'S LIVER CURE, and before I had taken half the bottle my dyspepsia was all gone. I am eating everything that comes along. I advise all sufferers to get a bottle.

JOSEPH BUTCHER, Jarvis : My wife tried doctors all over for indigestion without results. She was induced to try PARKE'S LIVER CURE. She is now bright and cheery, and fully recovered, after using only one bottle. We shall take care and inform our neighbors of its value.
