

Coughing All Night.

It's this night coughing that breaks us down, keeping us awake most of the time, and annoying everybody in the house. Lots of people don't begin to cough until they go to bed. It gets to be so that retiring for the night is an empty form, for they cannot rest.

Adamsou's Botanic Cough Balsam makes life worth living to such people by its soothing effect on the throat. The "tickling sensation" promptly disappears when the use of the Balsam is begun, and the irritation goes with it. This medicine for cough hasn't a disagreeable thing about it, and it does efficient service in breaking up coughs of long standing. It is prepared from barks and roots and gums of trees, and is a true specific for throat troubles.

Handling coughs is a science that every one should learn. Not knowing how to treat them has cost many fortunes and many lives. In Adamsou's Balsam there are the elements which not only heal inflammation, but which protect the inflamed parts from further irritation. The result of this is that the tendency to cough does not manifest itself, and you are surprised at it. Afterward you would not be without Adamsou's Balsam at hand. This remedy can be tested. 25 cents all druggists.

Physicians say that the pneumonic plague, which, it is reported, has caused the deaths of several of the crew of the British steamer 'Fairy' at Hull, England, is usually more fatal than the bubonic, of which it is another form. There is little chance of its getting a hold there, even should a case develop, as the climatic conditions and sanitary arrangements are against it.

St. Petersburg, Jan. 18 —A hundred and fifty students, recently arrested at Kieff for engaging in political agitation, have been ordered to be expatriated to Port Arthur, where they will do military service. The same fate awaits scores of students arrested in the capital on a similar charge. The ferment continues among students throughout the country. Disturbances are anticipated.

The Family Herald and Weekly Star of Montreal have sent to us their premium pictures for the ensuing year—viz.,—the famous Hoffman's 'Christ in the Temple' and 'Home from the War—an incident of the South African campaign.' These pictures are very fine. They are beautifully colored and splendid reproductions of the originals. One can hardly see how such good work can be done, and pictures such as these furnished at so small a cost. The publishers are to be congratulated upon their enterprise.

Traffic over the Cape Breton division of the I. C. R., was suspended for five hours last night by the action of an employee, who claimed he had not received his full pay. The police on arrival found the draw open and McKenna in the guard house asleep. He was arrested and will be tried on Tuesday.

HERE IS HEALTH

For all who have Weak Lungs

This is a Positive Cure for all Throat and Lung Troubles, also

CONSUMPTION

THESE FOUR REMEDIES

Represent a New system of treatment for the weak and for those suffering from Consumption, wasting diseases or inflammatory conditions of nose, throat and lungs.

The treatment is free. You have only to write to obtain it.

Its efficacy is explained as simply as possible below.

By the new system devised by DR. T. A. SLOCUM, the great specialist in pulmonary and kindred diseases, all the requirements of the sick body are supplied by the Four remedies constituting his Special Treatment known as **The Slocum System.**

Whatever your disease one or more of these four preparations will be of benefit to you.

According to the needs of your case, fully explained in the Treatise given free with the free medicine, you may take one, or any two, or three, or all four, in combination.

A cure is certain if the simple directions are followed.

The Remedies are especially adapted for those who suffer from weak lungs, coughs, sore throat, bronchitis, catarrh, CONSUMPTION, and other pulmonary troubles.

But they are also of wonderful efficacy in the upbuilding of weak systems, in purifying the blood, making flesh, and restoring to

weak, sallow people, vigorous and healthy constitutions.

The basis of the entire System is a flesh building, nerve and tissue-renewing food.

Every invalid and sick person needs strength. This food gives it.

Many people get the complete system for the sake of the Emulsion of Cod Liver Oil, which they themselves need, and give away the other three preparations to their friends.

The second article is a Tonic. It is good for weak, thin, dyspeptic, nervous people, for those who have no appetite, who need bracing up.

Thousands take only the Emulsion and the Tonic.

The third preparation is an antiseptic Balm or Jelly. It cures catarrh. It helps all irritation of the nose, throat and mucous membranes. It gives immediate relief.

Thousands of our readers need the Oxojell Cure for Catarrh without any of the other articles.

The fourth article is an Expecto-rant, Cough and Cold Cure. Can positively be relied upon. Is absolutely safe for children, goes to the very root of the trouble, and not merely alleviates, but cures.

The four preparations form a panoply of strength against disease in whatever shape it may attack you.

NO CHARGE FOR TREATMENT.

You or your sick friends can have a FREE course of Treatment. Simply write to THE T. A. SLOCUM CHEMICAL CO., Limited, 189 King Street West, Toronto, giving post office and express office address, and the free medicine (The Slocum Cure) will be promptly sent.

Dr. George F. Shradv said in an interview regarding the prevalence of the grip in New York. "The grip is just as bad as

it can be in New York and pneumonia is worse than the grip. At a conservative estimate there are now 100,000 cases of grip in New York city. The duration of the disease is not very long, three or four days, but it will grow worse. Two weeks from now the type will be more virulent. It is doing its work now. It is leaving its victims weakened. The epidemic has a catarrhal tendency. It predisposes the patient to pneumonia and lung troubles."
