

BROAD KENTUCKY MARE TENARA WON BIG STAKE

Kalamazoo, Mich., August 6.—Before the largest crowd that ever witnessed a horse race in Kalamazoo, the Kentucky mare Tenara, driven by Andrews, easily won the \$12,000 paper mill stake, the feature of today's grand circuit card. The event was won on the four-year-old, \$5000 for the half, when Judson Girl broke. The other horses also broke, and Andrews had no trouble in bringing Tenara under the wire an easy winner.

In the 216 trot, the first race of the day, Francis Graham, who was thought to have the race at his mercy, Geers sprang a big surprise when he drove his mare under the wire first in every heat in the race.

The summary follows:

SIGNED BY GLACE BAY

Among the arrivals in the city yesterday was Joe Neptune, who last season was the fastest shortstop with Huplton in the Maine and New Brunswick League, but who since last spring has been with the Lynn team in the New England League. Joe has worked in a great number of games with the Lynn team and was batting well up to the 300 mark for some time past has been on the bench. He only got his liberty from the team a few days ago and having obtained a fat offer to play with a team in Glace Bay, C. B. he accepted and left for Cape Breton on the express last night. Joe arrived in the city yesterday morning and remained over to witness the game between the Marathons and Fredericton. Last night he said that he enjoyed the game which he considered was a fast one. He said that he received a tempting offer to join the Fredericton team yesterday but did not accept.

THE NEWS IN SHORT METRE

To Resume Dredging.
G. F. Palmer, of the Norton Griffiths Company, Ltd., returned yesterday from Montreal, where he attended the legal proceedings in connection with the Norton Griffiths Dredging Company have been started, but adjournment has been made until Friday. Mr. Palmer said that a number of large dredges will soon be at work in Courtney Bay.

Wins Parker Medal.
The Parker silver medal for mathematics in the High School has been won by F. Arthur Willet, son of Mr. David R. Willet, with a total of 205 out of a possible 275, and Miss McGrath is a close second with a total of 199. Lyman Anglin led in arithmetic and algebra, and Monica McGrath is highest in geometry, but Master Willet's aggregate in the three subjects is better than any of his competitors.

Severed an Artery.
The young son of William A. Munro was seriously injured while engaged at work on his father's house at Westfield yesterday morning. He cut his arm on a piece of glass, severing an artery. It was found impossible to check the flow of blood and the boy was brought to the city, where his wound was dressed at the hospital. He was later taken back to Westfield.

Cloudburst in Wyoming.
Omaha, Neb., Aug. 6.—A brief dispatch from Shoshone, Wyoming, reports a cloudburst in that city early today. Several persons are reported drowned and two feet of water in the streets. No further details are given.

Shot by Gunmen.
New York, Aug. 6.—William Lustig, a young man of whom the police know little, except that he comes from a respectable family, is dying in Bellevue hospital, the victim of assassins. Lustig is believed to have been lured to "Humpty" Jackson's coffee house by a woman on Monday night. They had just taken a seat at a table when the woman suddenly left and Lustig started after her. He found his exit barred by four men with revolvers. They all fired and three of the four shots took effect. A big black touring car provided means of escape for the gunmen. The police have no knowledge of what led up to the mysterious shooting.

THE CLIFTON INSTITUTE.

Clifton Branch of the New Brunswick Women's Institute held its annual meeting in the hall on the evening of Tuesday, August 5th, after partaking of a picnic tea with a large circle of admiring friends. Mrs. A. E. Watson, who was re-elected president, read a hearty and comprehensive address of welcome. Other officers installed were Mrs. N. Puddington, first vice-president; Mrs. G. Wetmore, second vice-president; Mrs. S. S. Carmichael, secretary-treasurer. Several pretty songs and readings were rendered. Mrs. M. Wetmore, R. N. of Norton, Mass., gave a highly appreciated talk on the training of children from birth to maturity. Miss G. Carmichael of the public school teaching staff, Montreal, demonstrated to the children present how to dress and bandage injured hands and arms of their schoolmates. This flourishing branch of the N. B. W. I. is undertaking for this year's special work the purchase of a new organ for Clifton Hall.

PROPER NEEDLES PLAY BIG PART IN HAND EMBROIDERY.

Needles for Embroidery.
While some may use the ordinary sewing needle, the large majority of the best needleworkers prefer the long-eyed or "crow's" needle. This is the one recommended by nearly all of the societies of Decorative Art in this country. Nos. 7 and 10 are the proper sizes for one thread of Filo Silk, which is to be embroidered into linen, lawn, grass linen, or bolting cloth. For ready stamped lines use No. 8 or No. 9; for heavier lines use No. 8, and for butchers' linen or fabrics mounted on linen No. 7 will be required. No. 7 is the size for heavier work in two threads of Filo Silk. Persian Floss and Etching Silk require a No. 8 needle, and for Roman Floss a No. 4 needle is needed. For Rope Silk choose a No. 22 Chenille Needle.

THIEVES ENTER HOMES OF WEALTHY AND STEAL THOUSANDS IN GEMS

The wealthy summer residents of Narragansett Pier, R. I., are in a state of panic following a series of robberies during the last week. Mrs. John H. Hannam suffered the greatest loss. Thieves entered her home and took away jewels valued at \$150,000. The conclusion reached by detectives on this case is that the robbery was committed by some person who had access to the Hannam home. Mrs. Charles C. Ramsey, daughter of E. H. Harriman, also suffered heavy losses. Robbers entered her home and got away with \$75,000 worth of jewels. The residences of Mrs. Albert B. Lambert and Mrs. John R. Fell, both of whom are prominent in the social world, were also robbed, but no estimate of the amount stolen has as yet been revealed.

THE PILGRIMAGE TO STE. ANNE DE BEAUPRE

Editor of The Standard:
Sir: I would ask you to kindly allow me a small space in your paper to express by an open letter my heart-felt thanks and sincere gratitude to all those who helped me to make the double pilgrimage to Ste. Anne de Beaupre and Montreal a success, for it was one in the fullest sense of the word and in every respect. I am most thankful to all those who joined in the excursion, and take occasion to congratulate them on their most commendable conduct during the whole trip. I wish also to thank the agents all over the provinces who sold tickets for me, as well as those who acted as my train agents. I am grateful to the different branch lines of railways, as well as to the P. E. I. Railway and the Charlottetown Navigation Co., who granted special rates over their different roads. I think I have a special mention to make and have a heavy debt of gratitude to pay to H. H. Melanson, Esq., I. C. R. general passenger agent, of Moncton, and George Pulos, Esq., of the Traffic department of the Richelieu and Ontario Navigation Company. Montreal, for the judicious and efficient manner with which they conducted all arrangements of the pilgrimage. To them I give my sincere thanks for the excellent treatment accorded me. I am sorry that I have to signal

one unfortunate incident: but I owe an explanation to the public. I wish to speak about some of those poor excursionists who were deceived by a so-called agent of the Power, Light & Heat Company, who, boarding the pilgrimage trains on the way made them pay their passage from Lévis to Ste. Anne, whilst the ticket they held was good for a round trip to Ste. Anne and back to their destination. The action of this man was as wrong as those who were induced by false representations to buy those tickets over the Quebec & Ste. Anne Railway were may and are 50 cents. It will serve as a warning for another occasion. I wish to call the attention of the management of the above company to the ungentlemanly conduct, to say the least, of their agent.

Thanking you, Mr. Editor, for having allowed me this valuable space in the columns of your paper, I am, Yours very sincerely,
A. D. CORRIER.

PORTAGE VALE NEWS.

Portage Vale, August 5.—A heavy rain struck this locality Saturday and Monday. It caught a number of farmers with considerable hay out. A number went to Penobscot Sunday afternoon for the Orange church parade. The sermon which was preached in the Lower Baptist church by Rev. A. W. Morris was considered by one of the most powerful sermons ever preached in Penobscot.

Health and Beauty Helps

BY MRS. MAE MARTYN.

Mary D: I want you to try the following recipe to whiten, soften and beautify the skin of your face and neck. It is one which you will find equally beneficial to the hands and arms. Though inexpensive, it is the best I ever tried. Dissolve 1 ounce of glycerine in 12 pint of water (or hot water), then add 2 teaspoonfuls of glycerine. This will clear and soften your skin, while removing tan, sunburn, freckles and other blemishes.

Cora: Objectionable fuzzy or hairy growths are easily banished if you mix enough powdered delatone with water to form a thick paste and apply to hairy surface for 2 or 3 minutes, then rub off, wash the skin and every trace of hair is gone. Excepting in very aggravated cases, one application of delatone is sufficient. No harm will result, but be certain you get delatone.

C. H. H.: The redness and dullness of your eyes, as well as the burning sensation of which you complain can be readily cured for practically nothing. Just get an ounce of cryston, dissolve it in a pint of water and put a few drops in each eye daily. This is a natural tonic, which will both soothe and strengthen, while continuing use brightens and beautifies the "windows of your soul," making them stronger and more attractive.

A. M. F.: You should try this shampoo, which I always use because it keeps my hair lustrous and fluffy, and is cheap and convenient. You can make it by dissolving a teaspoonful of carthrox in a cup of hot water. Use while it is still very warm and rinse the hair thoroughly several times after you have shampooed it well. This shampoo also benefits the roots of the hair, keeps the scalp perfectly clear of dandruff and has an invigorating effect.

A. J. B.: Your trouble with itching scalp and loss of hair can be overcome with this excellent quinine hair tonic, which I always make up here at home. Get an ounce of quinine

THE ROSS INQUEST

To the Editor of the Globe:
Sir—My attention has been called to the report of the coroner's inquest in the case of Ernest Ross in this morning's Telegraph and Standard. A grave injustice has been done me by statements credited to witnesses in this case. According to the Telegraph's report, Herbert Phippen, who was a former employee of the Norton Griffiths Dredging Company, and who had been discharged on July 15th for intoxication, is credited with the statement that he heard Captain Bovard and myself laughing while the man was in the water. This is an absolute falsehood, as well as other statements attributed to him.

Another witness, George A. Driver, who was also an employee of the company, and who was discharged for the like cause, gave evidence at a former hearing reflecting on the captain, which must be taken with a grain of salt owing to his manifest bias. The two inspectors who gave evidence, Edward W. Phibney and George Tingley, have no love for me, as I ordered them both off the dredge and told them to get their grub elsewhere.

I think in view of the evidence given at the last hearing, I should be given an opportunity to produce witnesses and intimate to submit some names to the coroner to be subpoenaed as witnesses at the next hearing.
E. J. DINNEEN.

HOLDING C. P. R. SUBURBAN.

On Wednesday and Thursday, Aug. 13th and 14th, C. P. R. suburban train No. 129, due to run to St. John at 3:15 P. M. Eastern or 10:15 Atlantic will be held until 10:45 Eastern or 11:45 P. M. Atlantic. This for accommodation of those attending performance of "Pink Lady."

SHERIFF'S SALE

There will be sold at Public Auction on Thursday, 21st day of August, A. D. 1913, at 10 o'clock noon, at 315 P. M. Eastern or 10:15 Atlantic will be held until 10:45 Eastern or 11:45 P. M. Atlantic. This for accommodation of those attending performance of "Pink Lady."

The Easiest Way To Banish Hairs

(Aids to Beauty.)
A very simple method has been discovered whereby hairy growths can be removed from the face, neck or arms without pain or trouble. The paste is made with a little powdered delatone and water and applied to the hairs not wanted, and after 2 or 3 minutes it is removed, when the hairy growth of hair will have vanished. No harm results from this treatment and when the skin is washed to free it from the remaining delatone, it will be firm and spotless.

Stubby eyelashes will grow long and have a beautiful curl if they be applied at lash-roots with thumb and forefinger, and thin eyebrows come in thick and glossy, by rubbing pyroxin on occasionally. Use care not to get pyroxin where no hair is wanted.
