A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbes has been found that Zam-Buk does not kill!

Only the other day Mr. Marsh, of 101 DeLormier Ave., Montreal, called upon the Zam-Buk Company and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves.
