

A SCHEME TO DISSOLUTION FLOOD STATES WITH HINDUS MAY BE ONLY WITH HINDUS WAY TO SETTLE

Secret Organization With Headquarters at Manila had Plan for Sending in Hindu Laborers.

Vancouver, B. C., Dec. 3.—Immigration officials of the United States are busy with efforts to frustrate the plans of a secret organization with headquarters at Manila to flood the Pacific coast states with Hindu laborers according to Anthony (Caminetti), commissioner general of immigration. Mr. Caminetti left here today for Seattle, after having conferred yesterday with British Columbia officials on immigration problems. Advice had reached the immigration service, Mr. Caminetti said, that arrangements had been made at Manila to send the East Indians from the Philippines with certificates obtained from the Insular government. On the strength of these certificates a party of five Hindus admitted admission to the United States at San Francisco, establishing a precedent, he said, and preparations were made immediately for sending forward many laborers in the same way by other ports. The American Immigration Department became active, Mr. Caminetti said as soon as the plan became known, and the majority of the Hindus applying for admission at San Francisco were afterward rejected as liable to become public charges. The same treatment met them at other ports.

REBELS TAKE TERRITORY ABANDONED BY FEDERALS

(Continued from page 1) When the rebels enter Chihuahua, with the tattered Mexican flag which they are carrying as a symbol of their demands for a restoration of constitutional government, they will have Zacatecas as the nearest federal stronghold on the south. It is toward that city that Villa insists he will march.

The flight of General Salvador Mercado, the federal governor, and commander-in-chief, with all his officers and troops, after sending a peace commission to Villa, whose answer he did not wait to receive, makes possible the rebel occupation of the city without a fight. The fact that Mercado sent a commission to Villa through Frederico Moya, the civil governor, was regarded by the rebel leader as a snipe to enable Mercado to get away.

So far the rebels and federals have had no parleys of any character and Villa said he thought Huerta's officers would not express any leniency from him. No word was received today from the federal generals, and the band of civilian refugees, the rebels express the belief that after escorting the civilians to the border the officers might retreat to Nuevo Leon State, as General Orozco and Salazar are under indictments in the United States for violation of the neutrality laws. Monterey and the few remaining federal strongholds in Mexico are in other states, Villa said, would fall to the hands of the rebels.

Washington, Dec. 3.—Government officials here were more confident today that the infinite patience which the United States has shown in its treatment of the Mexican problem, is soon to be rewarded by a solution brought about by operation of the great internal forces now engaged in a final struggle in Mexico.

Such a conclusion has been the one principal object of the American administration. Among the facts which form the basis of the belief are the closing chapters of the Huerta regime are now being written, is a report to the State Department from agents in Mexico that the federal troops are no longer in receipt of their pay, without which, experience has shown, their loyalty cannot be depended upon.

Mexico City, Dec. 3.—A fight occurred today only a few miles from the federal capital between a small detachment of rural guards who were caught in ambush by a body of followers of Emiliano Zapata. The rural guards returned the fire of the rebels for twenty minutes after which the rebels are said to have fled to the hills. The casualties of both parties numbered ten dead and twenty or thirty wounded.

Washington, Dec. 3.—Diplomatic officials here had no advice to support published reports that Queen Wilhelmina, speaking for the Hague Tribunal, had addressed a peace proposal to Huerta. State Department officials were confident that the United States would be notified before any such proposal was made.

COST \$400 TO COLLECT \$1. Washington, Dec. 3.—"Collecting a dollar at the customs houses of the United States," the annual treatise on political economy which the government issues each year, made its appearance today, appended to the report of the secretary of the treasury.

"BLUE BIRD" EARNS \$175,000 FOR ITS CREATOR.

More than \$175,000 has been paid within three years to Mr. Maurice Maeterlinck in the shape of royalties on performances in America of his fantastic play, "The Blue Bird," originally produced at the New Theatre, New York, when Mr. Winthrop Ames was the managing director.

Following the run at the New Theatre and the subsequent engagement during the same season at the Majestic Theatre "The Blue Bird" was presented on tour the following year by the Messrs. Lieber and the Messrs. Shub, & within the three years it is estimated that more than one million persons have seen the play in the United States, and during the last two years the receipts have been more than \$750,000.

THE CHRISTMAS RUSH TO ENGLAND

First of Holiday Boats to Leave Halifax Today With 1,600 Passengers — Many Will Be Left.

Halifax, Dec. 3.—The rush of Christmas travel to England has begun in earnest. Five hundred persons slept in the hotels of the city tonight, being unable to obtain accommodations on the Dominion liner Canada for Liverpool. The steamer has 1,600 passengers, being filled to her capacity.

Owing to the delay in the arrival of western specials the Canada will not get away before noon tomorrow. On the voyage from Portland, J. H. Hindle, a young man, who was a passenger on the Canada, died. The body was brought ashore and will be interred here. He was travelling alone and nothing is known here regarding him.

HOW THE NEWS IS GIVEN OUT

Despite the rather erratic play of Francis Outmet the youthful Massachusetts' Golfer won the United States open championship by defeating both Ray and Vardon in the sensational extra round at Brookline, the followers of the ancient and honorable game continue to discuss the remarkable feat from many angles. Owing to the exciting scenes attendant upon the final two days of the tournament many interesting sidelights were temporarily overlooked. Not the least of these was the activity of the American and foreign newspaper corps sent to report what was without doubt the greatest golf tournament ever held in the new world. The correspondents working at top speed in the mist, rain and mud, made some records themselves, although these were not given the same amount of publicity that followed Outmet's victory.

While the young American golfer was busy overhauling British golfing traditions, the correspondents were equally busy in establishing an other news handling record for a golf event in the little press room at the Country Club. More than a quarter of million words were sent over the wires, and 25,000 by cable to London and Edinburgh during the five days of play. It required some lively work on the part of the golf writers to cover the field, and some amusing incidents occurred. One visiting correspondent will probably remember the event for some years.

When Vardon held his put on the 72d green on Friday, tying Ray for first place, the Englishman strolled into the press room and confidently announced that he would win the British open. He was in the "slough of despond" on the 11th hole and appeared to be impossible as a winner. British golfing supremacy lasting nearly three-quarters of an hour, until Outmet held his long putt for a three on the 71st green.

It is a good 44 yard run from the green to the clubhouse, and the English correspondent did it close to Olympic figures, but the first despatch was already well past London and on its way to Toronto. Hong Kong and Melbourne. The next day the Englishman waited until Outmet had sunk his last putt on the final green before announcing the new champion. But again he was beaten, for another foreign correspondent had flashed the winner, when Vardon and Ray drove into the centre of the fair green, waiting for his already beaten opponents to play the "odd."

BIGGEST INSURANCE DEAL EVER PUT THROUGH

C. P. R. Holdings to be Insured for Million Dollars — Property Valued at Fifteen Millions.

Montreal, Dec. 3.—The largest single insurance deal in the world ever consummated is at present being put through by a Canadian concern. The policy is for upwards of \$100,000,000, the property being insured is valued at between \$12,000,000 and \$15,000,000, and belongs to the Canadian Pacific Railway Company. Five big insurance syndicates, among them the largest company of the kind in the British Empire, are interested in the deal.

Sir Thomas Shaughnessy, president of the C. P. R., said today that the deal would probably be completed by tomorrow.

Province Will Co-Operate

Premier Flemming, who arrived in the city yesterday to address the Borden Club last evening, will return to Fredericton this morning to attend a meeting of the government which will be held in the capital today. Speaking yesterday in reference to the difficulty regarding New Brunswick potatoes in the United States he said that the provincial government would do everything in its power to co-operate with the federal government in safeguarding the interests of the New Brunswick potato growers.

WIFE WILL ACCOMPANY TO EUROPE PANAMA-PACIFIC COMMISSIONER.

It seems that plaintiff boarded the train which left Quebec at 6.15 p. m. for Lorette and other stations. When the conductor asked him for his ticket, Dr. Langlois refused to give it to him, holding that he was not supposed to do so unless provided with a seat. The conductor later again asked him for his ticket and again being refused, stopped the train shortly after it left Limoulin station and had the plaintiff put off.

Judge Belleau, in rendering judgment, remarked that the fact of the plaintiff remaining on the train and standing, it was an acknowledgment

A REIGN OF TERROR COMING

Will Make Cabinet Ministers Tremble in Their Shoes, Says Mrs. Pankhurst — Defy the Police.

London, Dec. 3.—Miss Sylvia Pankhurst, at a meeting of militants at Cannington tonight, held to inaugurate the establishment of the suffragette army here, said:

"If we have courage to stand together, none will be able to stand against us. We will make ourselves a terror to Westminsters; we will make the cabinet ministers shake in their shoes, until they are afraid for their very lives."

Mrs. Patterson, who presided, said that if the police arrested Mrs. Pankhurst at Plymouth, she would be sorry for Plymouth. The suffragettes there, she declared, would show no respect for property.

MAKE PEACE CENTENNIAL

Richmond, Va., Dec. 3.—With distinguished delegates in attendance from different parts of the United States and Canada, the American committee in charge of the programme for celebrating next year the One Hundredth Anniversary of Peace among English-speaking peoples, today began discussing plans to make the event a memorable one. John A. Stewart of New York, chairman of the executive committee, called the conference to order and Governor Mann of Virginia presided.

It was explained that the purpose of the meeting was to bring about a co-ordination of date and programme, with relation to international, national, state and city celebrations, the committees now having under consideration more than 5,000 suggestions for the purpose of observance of the centennial.

Probably But Temporary

A. J. Gross, superintendent of the railway mail service, when asked about the matter yesterday said the department had received no word indicating that the arrangement by which the 'Tunisian' mails will be taken to Montreal over the I. C. R. was other than a temporary one. The mail he said was altogether package mail and not a regular mail. Consequently the importance of the Tunisian mail is considerably minimized.
