PANTRY SALE.

The pantry sale held by the Ladies Aid of St. Andrew's church in Fredericton's Flower Store on Saturday, was a very successful one. The supply was not quite equal to the demand and more of the good things cooked by the ladies could easily have been disposed of. They took in about \$35.

The following ladies were in charge: Mrs. Charles W. Bell, convenor; Mrs. Allen Rankine, Mrs. W. J. Simon, Mrs. Trenowsky, Mrs. Charles Ferguson and Mrs. Law.

TEA AND SALE.

The tea and sale held at the residence of Mrs. J. B. Cudlip on Saturday was well patronized. Many enjoyed the afternoon tea and purchased cakes and candies. The tables were empty of their wares early in the afternoon. About \$100 will be added to the funds of the St. Paul's needlework society as a result of Saturday afternoon's entertainment.

The response to the appeal for Belgian Day has been most generous all over the province. Butternut Ridge school children raised at a concert \$49.37.

\$800 FOR RED CROSS.

The Scottish Branch of the British Red Cross Society have received \$800 from the local branch of the society in Trinidad, B. W. I.

DIED ON DUTY.

Miss Olive Smith, of Glasgow, one of the staff of the Scottish Women's Hospital has died on the Serbian front. She was a strong supporter of the suffrage movement, and was the first woman teacher of gymnastics to female prisoners in Glasgow Prison, a successful state experiment. — Scottish American.

The October bride has bewitching furs to choose from. The whole effect is of early Victorian style (but the wearer is distinctly modern). This coat is lined with mauve and silver brocade with a dash of nasturtium yellow.

WOMEN'S INSTITUTE CONVENTION AT TORONTO.

Miss Hazel E. Winter and Miss Ada B. Saunders, supervisor and assistant supervisor of the Women's Institute of New Brunswick, left on Saturday for Toronto to attend the convention of Women's Institutes to be held in that city, November 21st and 22nd. Many of the subjects on the programme were discussed at the N. B. convention recently held in St. John.

"EVERY CHILD HAS A RIGHT TO BE WELL-BORN."

At the present time, when Better Baby Contests and Child Welfare Bu-

reaus are being operated at different times and in different places throughout the Dominion, an article in the October issue of "Everywoman's World," written by Dr. Lorna S. Miriam, "Woman's Greatest Gift to Man—Healthy, Normal Children," is decidedly apropos.

"Every child has a right to be well-born," said Dr. Miriam. "He has a right to healthy parentage, a well-equipped body, and well-balanced mental and spiritual life."

"He has a right to a welcome. He has a right to such post-natal upbringing and environment as will ensure for him health, happiness and success during that life which has been given him, without any permission or volition on his part."

"This applies with equal truth and ever station born in Canada or in any other country."

"Not all the wealth of agriculture, minerals, timber and trade can be of any final service to the country, if our children are allowed to go to waste. Dr. Miriam continues in detailed explanation of the necessities for child welfare, dwells upon the duties of the community and the duties of parents."

Ottawa, for example, has been shown in its recent Better Baby Contest, through lecture and practical demonstration, the means and ways of the furtherance of the health of its diminutive citizens. The movement might well be extended more generally, especially in the larger cities and towns, where, with the manifold other considerations, the welfare of the child is often thought to be of minor importance.

Grown people often aggravate the little aches and pains of children by making too much of them. It would be better if they would turn the mind of a child off from most of his troubles and ailments. The principle applies just as well to youth as it does to childhood.

It would be better for all concerned if people, young and old, did not give publicity to their physical ills, says M. V. O'Shea in a recent issue of "The Mothers' Magazine."

It will be granted that when a child has a serious complaint it ought to be discovered early. But the best means for the parent to discover it is to learn the signs of serious disturbances so that he can read them without asking the child whether he "feels bad." A parent ought to be able to tell when a child has a fever or when he is not being properly nourished, or when he has a long-continued pain due to malnutrition of any kind, or when he is the child about these things, the better, unless his case is unusual. The child's health should be in keeping of parent, teacher and medical inspector. As a matter of habit, a healthful record should be followed in respect to food, exercise, cleanliness, etc., and then the thoughts should be kept on optimistic and constructive instead of gloomy and introspective matters.

The Klark-Urban Co.

Harden Klark, Frank Urban and members of the Klark-Urban Company arrived in St. John yesterday afternoon after a long tour of the Maritime Provinces, including Prince Edward Island. Notwithstanding the demands upon the public for patriotic purposes and some strenuous weather the company was very successful and pleased many audiences with their popular and clean-cut productions and clever work. The members of the company have many friends in St. John. They had a long run at the Opera House last September.

Was Anaemic
For Over a Year

Anaemia, or blood turning to water, is caused by the heart becoming weakened, and if the heart becomes weakened it cannot pump the blood as it should. As a result the blood becomes impoverished, and it loses its nourishing qualities. The face becomes pale and thin, and the lips bloodless. There is a weakness, tiredness and loss of weight.

When those suffering from thin or watery blood start taking Milburn's Heart and Nerve Pills they can see a change from the outset.

Every dose introduces into the blood those vital elements necessary to make it rich and red. The pale cheeks take on the rosy hue of health, the weight increases, and the whole being thrills with a new life.

Mrs. T. J. Gray, Fredericton, N. B., writes: "When I was a girl working at general house work I overtaxed my strength and became completely run down. For over a year I was very bad with anaemia. A friend told me to try Milburn's Heart and Nerve Pills so I got a box and when it was done I felt and looked so much better I decided to get six more. When I had taken them I had gained not only in strength, but in flesh and color, and best of all was good health."

Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25 at all dealers or direct on receipt of price by THE T. MILBURN CO., LIMITED, Toronto, Ont.

Corner.

TODAY'S LITTLE JOKE.

Very Patriotic.
"Johnnie," said his mother reproachfully, "you promised me not to fight."
"Yes'm," said the boy with the black eye.
"But you have been fighting."
"No'm," said Johnnie.
"How'd you get the black eye, then?"
"Me and Ed. Thompson was playing the war game," explained the boy, who was posted on the current news.
"How patriotic," exclaimed his mother.

BIRTHDAY GREETINGS.

Uncle Dick wishes many happy returns to the following kiddies who are celebrating their birthday today: Willie Brock, Cumberland Bay; Marjorie Beysa, Fair Vale; Anna Stapleford, Sussex.

Chown and many others.

War Services.

Various services are being performed by Boy Scouts in Canada in connection with the badge which is given to the child about these things, the better, unless his case is unusual. The child's health should be in keeping of parent, teacher and medical inspector. As a matter of habit, a healthful record should be followed in respect to food, exercise, cleanliness, etc., and then the thoughts should be kept on optimistic and constructive instead of gloomy and introspective matters.

JUANITA JUMPS AGAIN.

Juanita Hansen is with the Triangle-Mack Sennett-Keystone studios. Miss Hansen signed her contract Friday, the thirteenth of October, and declares that unlucky days and dates mean nothing in her life.

The pretty golden haired, blue eyed Juanita received her first comedy experience under the direction of Mack Sennett and has been engaged to appear in a series of light comedies.

She has resided in Los Angeles most of her life and entered the moving picture field about two years ago. Her last picture before coming to the Keystone studios was "The Secret of the Submarine," the American serial in which she played the leading role.

Miss Hansen will head a company directed by Harry Williams, the well known song writer, who received his initial experience in the scenario department of the Keystone plant. Of late Mr. Williams has been co-directing with William Campbell in the company headed by Chester Conklin.

Miss Hansen has had a most interesting and successful career in moving pictures and will be a decided attraction in future Triangle-Keystone comedies.

After a summer engagement at Coney Island, Captain Jack Bonavita and the Bostock wild animals are back at the Horsley studios in Los Angeles, preparing for the production of a new series of large feature pictures in which the animals will be used.

NEWS OF PLAYERS KNOWN IN ST. JOHN.

Harry Stubbs, seen here with W. S. Harkins, is playing in "A Pair of Queens."

Lawrence Brooke is playing in stock at the Grand, Brooklyn.

Kate Blanks, of the Valentine Stock Company, is in pictures, with the Metro Company.

Clarence Handysides, who scored such a great success with W. S. Harkins some years ago in "Bootsie" Baby, is in the support of Pauline Frederick.

Wallace McDonald is singing the Indian love lyric, "Less Than the Dust," at the Strand Theatre, New York.

During the run of the first Mary Pickford picture, "Less Than the Dust," the first release by her own company, Mr. McDonald wears the full regalia of a Maharajah of India. Mr. McDonald is a Halliganian.

NEW PLAYS FOR EARLE WILLIAMS.

Colonel Jasper Ewing Brady, scenario editor of the Greater Vitaphone Company, has recently acquired some high-quality stories for film subjects. One important purchase is the film rights to "Arsene Lupin," as dramatized by Paul Potter. The lead chosen for this production is Earle Williams. Other recent purchases in which Mr. Williams will appear are "The Hawk," the stage success written by Francis at least three hours per day being insisted upon. An opportunity will, under these conditions, be afforded to Boy Scouts generally and particularly to those residing in the smaller centres to qualify for this badge. The film governing the award of the One Hundred Days' War Service badge will remain as it is.

Extracts from the Diary of a Boy Scout on Coast Guard Duty.

Tuesday, January 19th—H— and I slept together in this "bungalow." We were warm and comfortable (sleeping six hours at a stretch and two hours as an after-thought). The bungalows were filthy but we have now made them quite decent. They are old railway carriages well fitted up inside but for beds. Well, last night, H— had a sort of couch affair and I had the table, but I put all the new overcoats (which, by the way, are quite military and very fine) on the table and thus made a very soft bed. We now sleep four in each bungalow. The coastguard station and houses are a good twenty minutes' walk from this lookout box. We are quite isolated here except for the two bungalows in which our chaps live. We are not allowed to leave our enclosures as we are liable to be shot; all the coast is entrenched and the sentry passes every quarter of an hour, relieving the monotony by a cheery "good night" or "here again." The accent of these north country people is very funny, and we are known as "scots." The weather is perfect and we are all happy.

de Croisset; "Apartment 29," an original scenario by Edward J. Montagne of the Vitaphone staff, and two plays by Rufus Steele "The Simpson Sapphire" and "The Pretender."

CHILDREN'S FILM MATINEES.

Motion pictures exclusively made and exhibited for children will be shown at eleven theaters in Washington within a couple of weeks. The committee of the District Federation of Women's Clubs, under the direction of Mrs. J. J. Locher, made the arrangement with the theaters and the film exchanges that the theaters and the films for this purpose be given free. These pictures will be shown at daily matinees, the exhibition continuing for a month. Mrs. Locher said that children matinees will not be an established institution unless it can be shown that they are commercially successful. She praised the motion picture exhibitors, the exchange managers, and the representatives of producers highly for the co-operation they had given the committee.—Dramatic Mirror.

After a summer engagement at Coney Island, Captain Jack Bonavita and the Bostock wild animals are back at the Horsley studios in Los Angeles, preparing for the production of a new series of large feature pictures in which the animals will be used.

TAKES FARRAR PLAY TO NEW YORK.

Cecil B. De Mille, Lasky Company director-general, has started for New York with the first print of the Geraldine Farrar production, the story of which is based on the life of Joan of Arc. Mr. De Mille will be accompanied by the author, Jeanne MacPherson, and her mother, Alvin Wyckoff, director of photography, and Howard Ewing, director of lighting. These three people toiled with the Lasky chief on an average of eighteen hours a day during the entire time required in the making of the gigantic production, and Mr. De Mille is taking them east with him for a brief vacation while he is superintending the presentation of the picture in New York.

Edith Storey and her mother have arrived in Los Angeles on a pleasure trip, during which the well known Vitaphone star will visit studios and spend two weeks among friends in the coast producing colony. Miss Storey may later be transferred to the coast producing company of the Vitaphone.

"Mary, Keep Your Feet Still" is the unusual title given a story being produced by Director Jack Conway. It will consist of five reels, and deals with the adventures of a girl who from childhood has an ambition to become a great dancer. Ella Hall has the featured part.

From now the Vitaphone Company will release each week through the V-L-S-E organization a one-reel comedy, to be known as a "Vitaphone Big V Comedy."

These Big V comedies will feature Hughie Mack, Pasty de Forest and their company of bonking comedians. The selection of this brand name as a better title than "The Hughie Mack Comedies," the name by

which they have heretofore been known, was the result of a contest participated in by all the members of the Vitaphone family. It is quite probable that other comedians of coordinate drawing power with Hughie Mack will from time to time be presented in these films.

While Mme. Petrova was at work recently at the Popular Plays and Players studios, on a forthcoming Metro feature, as yet unnamed, she noticed at the entrance a gray haired woman. As no one paid attention to the stranger the star went to her and asked:

"Is there anything I can do for you?"

"I am looking for work," she replied. L. King and said:

"Here is just the type for the aged prima donna in our next picture."

"Oh, I could play that," spoke up the old lady, "years ago, before either of you were born, I was prominent in light opera."

The old lady got the part. She was a famous contralto fifty years ago.

ALICE FAIRWEATHER.

DR. CHARLES P. BISSETT,
LEADING N. S. MAN DEAD

St. Peter's, C. B., Nov. 19.—Dr. Charles P. Bissett, ex-M. P. P., one of the foremost men in the public life of the province, died at his home here last night, after a lingering illness. He was born at River Bourgeois in June, 1866. He leaves a widow, four sons and one daughter.

A Pleasant Evening.

The young ladies in the Marr millinery employ assembled in Bond's restaurant Saturday night to do honor to their companion, Miss Catherine Good, who has severed her connection with the establishment, and who is about to leave for Halifax, where she will enter the infirmary to study nursing. A banquet was served at which Miss M. Donohue presided. During the evening Miss Good was given a great surprise when Miss Hennessey, on behalf of those present, presented her with a costly gold-mounted umbrella, suitably engraved. A number of the ladies present made brief addresses and a most enjoyable time was spent with music and songs.

DIED.

PARKER—On the 19th inst., after a lingering illness, Frederick Chapman Parker, son of George W. and the late Mary Caroline Parker, aged 24 years and 8 months.

Funeral on Tuesday, at 2.30 p.m., from his father's residence, 27 Gooderich street.

WATERS—At Woodstock, at the Fisher Memorial Hospital, on November 18, Leslie Gordon Waters, in the 36th year of his age, leaving a loving wife, father, mother and two brothers to mourn.

Funeral on Tuesday afternoon at 2.30 o'clock from the residence of his brother, G. Douglas Waters, 788 Adelaide street, St. John.

Tuberculosis Rapidly Increasing
Among Children of Belgium and
Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany. Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to
