### OBITUARY

Edward E. Evans.

News of the death of Ed. E. Evans in Framingham, Mass., was received in the city yesterday. He having died there yesterday morning at 8.30 of pneumonia. Mr. Evans was born in J. E. Wilson's for several years before leaving for Framingham, about two years ago. He leaves his wife, five children, one brother, Alex. Evans of this city, and one sister, Mrs. Oliver D. Thomson. He was 55 years of age. The interment will be made at Framingham.

John Hayes.

Many friends of John Hayes will regret to hear of his death which occurred Sunday afternoon at his residence in Marsh Road after a lengthy illness. Mr. Hayes had been a lifelong resident of the Marsh Road and had practically grown up with that section of the city. He was a father of five sons, four of whom have served with the Canadian forces in France, and one of whom, Charles, has paid the supreme penalty while fighting with the 28th Battalion. The others are Frank and William, at present overseas, Joseph, who was recently returned to Canada from France where he had served as a soldier, and Leo at home. One daughter, Miss Beatrice, also survives. Mr. Hayes was about 65 years of age.

Mr. Hayes also leaves three brothers, Dominic, Richard and James, of this city; and two sisters, Mrs. Edward Walsh, of St. John, and Mrs. Louis Barnes of Boston.

The funeral will take place this morning at 8.30 o'clock.

Michael Mulhern.

L. Mulhern, C.P.R. division freight agent at St. John, left last evening for his old home in London, Ont., having received news of the death of his aged father, Michael Mulhern. Deceased was 84 years of age but was comparatively good health until recently. He is survived by three sons. His wife died some years ago.

### SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial noddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, turned tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salfate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

### COMMON COUNCIL IN COMMITTEE

#### J. Fred Belyea Asked for the Deeds of West Side Lots—Matter Will Be Dealt with Today.

J. Fred Belyea appeared before the committee meeting of the Common Council yesterday morning and asked what the council intended to do about the deeds of lots 2 and 3, and the lease of lot 5 which had been granted to him but never issued.

Commissioner Russell said he had asked Mr. Belyea to give up the leases which he now held of these lots but Mr. Belyea refused to do this until the new lease and deeds were handed over.

Mr. Belyea felt the council had no right to ask the return of the old leases before carrying out the new agreement.

Commissioner Wigmore asked what bearing the two inner lots had on No. five.

Commissioner Russell promised to prepare a report for this afternoon's meeting of the council when the matter will be further considered.

Commissioner Russell brought up the matter of a lease asked for by James Lewis of a lot on Britain street but as Commissioner McLellan was not present no action was taken.

Commissioner Russell suggested that the city lease the telephone in the West Side sheds and charge the steamship companies for the rental. At the present time the telephones were leased by the companies and there was more or less trouble over their use, which could be avoided if the city rented the phones.

The commissioner was authorized to prepare an agreement along the lines spoken of and submit it to the council.

Mayor Hayes asked about the estimates for the harbor and Commissioner Russell promised to give each commissioner a copy and the matter could be dealt with any day.

### WEDDINGS

Cusack-Byrne.

At the Cathedral of the Immaculate Conception, Waterloo street yesterday morning, at 6 o'clock, Rev. Wm. M. Duke, rector, united in marriage Miss Agnes J. Byrne, 115 Erin street, to Stephen J. Cusack, Waterloo street. The bride was given in marriage by her brother, Joseph. They were unattended. The happy couple left after the ceremony for a short honeymoon through the province and on their return will reside in St. John. The bride has been bookkeeper with Messrs. Murray & Gregory, Ltd., Douglas avenue, who presented her with a handsome chest of silver. The groom, who is a valuable employe in the glass works of the same firm, was also suitably remembered. The bride who is extremely popular, was the recipient, also, of many beautiful presents.

Sutherland-Riley.

Yesterday morning at 9 o'clock, in St. John the Baptist church, Broad street, the Rev. F. J. McMurray united in marriage Miss Mary Riley, daughter of Catherine and the late John Riley, and Robert J. Sutherland. The bride was given away by her brother, Thomas. After the ceremony breakfast was enjoyed at the home of the bride's sister, 77 St. James street. The groom's gift to the bride was a very pretty wrist watch. The happy couple will reside on Prince William street.

Massey-Gaudet.

In St. John the Baptist church, Broad street, yesterday morning, Rev. F. J. McMurray united in marriage Mrs. Mary Gaudet, of Prince Edward Island, and James L. Massey, of Waterville, Me. The bridesmaid was Miss L. Thibideau. Patrick Donceel acted as groomsmen. Mr. and Mrs. Massey will reside at 224 Charlotte street, where a very dainty wedding breakfast was served.

## ONE SESSION IN CITY SCHOOLS NOW UNTIL THE END OF MARCH

### Board of School Trustees Decided on Matter Last Night—Expect Action Will Save Over 300 Tons of Coal—A Schedule Increase in Teachers' Salaries Decided On—Shooting Gallery for Cadets

The Board of School Trustees last night decided to hold one session in the city schools from now until the end of March, and they expect by this action to save between 300 and 350 tons of coal. The matter was brought up by Trustee Nagle, and after some discussion adopted. It was decided to adopt the report of the special committee, of which Mr. Nagle was chairman, that the schedule increase in teachers' salaries be \$50 per year instead of \$25, and this increase apply to the reserve teachers as well as the regulars. In future no expenditure of over \$50 can be made without the authority of the chairman of the buildings committee and every expenditure of over \$100 must be put out to tender and all bills must be passed by the board; committees were appointed to take up the matter of medical inspection and the obtaining of a shooting gallery for the cadets. The secretary's report showed a percentage attendance of 91.14 for the month of January, which was considered an excellent showing considering the very cold weather.

Those present were—R. B. Emerson, chairman; Dr. Manning, G. H. Green, Mrs. Taylor, H. C. Smith, E. R. W. Ingraham, Thomas Nagle, G. E. Day, Dr. Bridges and Secretary Leavitt.

Letters of appreciation for recent salary increases were received from A. G. Leavitt, Boyd McMann, Miss Ellen Reed, Miss Helen Northrup and George Oldford. Miss Eleanor B. McAfee expressed her thanks for full pay while ill.

The names of Miss Helen Doherty, Miss Dykeman and Miss Craig, who offered their position as nurse in the medical inspection work, and of W. R. Perley for position as janitor were placed on the application list.

G. H. Green called the attention of the board to the fact that no allotment of the amount for repairs had yet been made to the various schools. No action was taken as the view was expressed that the visitors should place their estimates before the buildings committee.

Mr. Green moved seconded by Dr. Manning that all bills must be filed with the secretary of the board by the first Monday in the month, and he should then send by the following Saturday a list of the amounts to the members of the board.

Mr. Nagle said he was in favor of Mr. Green's motion to a certain extent, but it did not reach the root of the evil because it did not place any check on the expenditure and he moved in amendment:

"That no member of the board have power to expend over \$25 without the permission of the chairman of the buildings committee or that no expenditure exceeding \$75 be made without public tender except when in the discretion of the chairman of the buildings committee, such expenditure was necessary, and that all bills be placed on the table to be dealt with at the board meetings. This was seconded by H. C. Smith."

Dr. Manning thought the amounts should be higher and Mr. Nagle amended the amounts to read \$50 and \$25 respectively.

The motion then carried, Mr. Green voting nay.

The request of the Free Kindergarten Association for the use of a room in the new Douglas avenue school was referred to the buildings committee.

Thomas Nagle called the attention

of the board to the threatened coal shortage, and moved that the schools in the city hold one session from now until the last of March. This was seconded by H. Colby Smith.

In support of his motion Mr. Nagle pointed out that the estimated saving by holding the one session and banking the fire for the rest of the day would be between 300 and 350 tons of coal, and this was worth considering, as the fuel situation was likely to be more acute the coming winter than it was at present.

Dr. Bridges said the board had the power under the act to do this and the teachers would get their full government pay.

G. H. Green thought there was no need of holding one session in the schools which had plenty of coal, and asked if the night school in King Edward would have to close. Dr. Bridges said he did not think so. It was stated that King Edward had only two or three weeks' coal and the Centennial was nearly out. Dr. Bridges pointed out that in the old days the Grammar school only held one session.

G. E. Day was not in favor of the suggestion, he thought it would be better to double up and hold school from 8 a. m. until 4 p. m.

Dr. Bridges did not think this practicable. The motion carried and it was left with the superintendent whether a start should be made today or tomorrow.

The special committee, of which Thomas Nagle was chairman, to consider the matter of schedule increases to the teachers, recommended that instead of \$25 per year the increase be \$50, until the maximum was reached, and that the reserve teachers who have been on the staff for one year get the same increase as the regulars. Adopted.

Dr. Bridges called the attention of the board to a promise which had been made the Cadet Corps that an opportunity would be given them to practice shooting and stated that the lack of this opportunity was hampering the work of the High school Corps.

Dr. Manning suggested that arrangements might be made to get the shooting gallery formerly used by the City Rifle Club, and on motion the following were appointed a committee to make arrangements for a shooting gallery for the corps: Dr. Manning, Dr. Bridges and E. R. W. Ingraham.

A communication from the O'Neill Fuel Stoker and Shovel Company, Co. was referred to the buildings committee.

Mrs. Taylor brought up the matter of medical inspection and moved that Dr. Mabel Huxton be appointed medical inspector for the board. This was not seconded and E. R. W. Ingraham moved that a committee be appointed to consider the whole matter and report back to the board at an early date. This was seconded by Mrs. Taylor and adopted.

The chairman appointed the following committee: Dr. Manning, Dr. Bridges, G. H. Green, G. H. Green, R. B. Emerson, Mrs. Taylor and E. R. W. Ingraham.

The secretary reported for the month of January: Pupils enrolled, 7574; 318 boys; 4361 girls; average daily attendance 7178; percentage of enrollment, 91.14.

Truant Officer McMan reported truants and irregulars for the month.

### APPEAL COURT MOTION PAPER

### Too Much Indors Causes HEADACHE

That miserable feeling is due to impure blood resulting from winter's indoor living. Dyspepsia, Liver Complaint, Jaundice and Constipation come from impurities in the blood. There's one remedy—tried, tested, and found efficacious for the last fifty years—and that is

Dr. WILSON'S HERBINE BITTER'S

A preparation made from Dandelion, Mandrake, Burdock and other purifying herbs.

At the first approach of "spring fever" commence taking this "true Blood Purifier" and wait for something worse to develop.

Sold at most stores. Family size, five times as large, \$1.00. Beware of cheap imitations.

Dr. Wilson's Bitter's is a reliable cure for various conditions.

### AS OUT OF DATE AS HORSE CARS

Says corn rings, plasters, razor and eating salves are taboo now.

Good things should be passed along. It is now said that a few drops of a drug called freezeone applied directly upon a tender, aching corn relieves the soreness and soon the entire corn, root and all, can be lifted out without pain.

For little cost a quarter of an ounce of freezeone can be obtained from any drug store which is claimed to be sufficient to remove every hard or soft corn or callus from one's feet.

This is a drug recently announced from Cincinnati. It is gummy but dries the moment it is applied and simply shrivels up the corn without inflaming or even irritating the healthy tissue or skin.

Put this out and lay it on your feet's dresser.

ADMITTED TO HOSPITAL.  
Mrs. John Lammon, 159 Metcalf St., was advised yesterday from Ottawa that her son, Pte. Wm. Lammon, a member of the Black Watch, fighting in Mesopotamia, has been admitted to the 5rd British General Hospital in Basra, suffering from inflammation of the stomach. Pte. Lammon has served in practically all branches of England's fighting forces, both on land and sea. He left St. John and went to Scotland where he joined the British navy. He was sent to the Dardanelles shortly after joining the navy and there saw considerable fighting. When that undertaking was cancelled the ship on which he was a member of the crew was attached to the Admiral Beatty's fleet, and while with that fleet took part in the big naval engagement off Jutland.
