Discuss Building Of Two New Schools

School Board Appoint Committees to Look Into Matter—Appointment of a Teacher and Members of Vocational Board—Other Business Transacted.

How to get four children living on Navy Island to the city schools was one of the matters which came up for discussion at the adjourned meeting of the School Board held last evening. The chairman, Dr. Emery, presided and there were present Trustees M. Colby, George E. Day, Thomas Nagle, E. R. W. Ingraham, H. Colby Smith, Mrs. E. R. Taylor, Mrs. Richard O'Brien, J. D. P. Lewis, G. Herbert Green and Dr. Bridges.

It was decided that Mrs. O'Brien would take Mrs. Dever's place on all committees. A letter was read from Miss Ethel Jarvis, secretary of the Vocational Board, thanking the board for the use of the Hazen avenue Synagogue as a storehouse. A communication was read from W. K. Ganong regretting that he could not serve on the Vocational Board. Alexander Wilson was chosen to act. Mrs. Sanford also regretted her inability to serve on this board, and another nominee of the Local Council of Women, Mrs. W. Edmund Raymond was elected.

Applications for the vacancy caused by the resignation of Miss Clara Hay from Grade IX of the High School were received from Harold Drummond and Ederson Rice, B. A. Mr. Drummond has a superior license and experience in teaching; Mr. Rice has a Grammar school license, is a B. A. of Fredericton University, and has had six years' experience in teaching. The appointment of Emerson Rice was made, the salary to be \$1,250 per year.

The report of the printing committee was heard recommending that the board resume the printing of the yearly report as in the years previous to 1912-1913, including the essential statistics of the years that have passed and several illustrations of buildings and incidents which have taken place. Dr. Mabel Hastings' report is to be printed in full and Dr. Hastings to be given one hundred and fifty copies. Two separate volumes, one to contain the statistics, and the other the resumption of an annual report to be prepared. This was moved by George Day seconded by H. Colby Smith and passed.

It was moved by Mr. Day, seconded by Mr. Ingraham and passed that the same committee carry out the recommendations at an opportune time. Dr. Emery spoke of the table in the board room not being large enough for the board, and reference was made to the fact that it was a historic piece of furniture, having been a gift from the City of Boston in 1877 after the great fire. A suggestion was made that it should be enlarged.

H. Colby Smith spoke on the matter of a site for a school on the West Side, and said that a certain site had been approved of by a number of the members of the board. After discussion the Chairman, Superintendent and the West Side Trustees were empowered to negotiate for land upon which to build a new school and report back to the board.

Trustee Day told of the need for a new school in the North End, and Dr. Bridges stated that this should be a ten room building. On motion Trustee Day, seconded by Trustee Nagle, the Chairman, Superintendent and North End trustees, were appointed a committee to look into the matter of a new school building for the North End.

G. Herbert Green introduced the question to the meeting of the advisability of making an addition to the Hazen avenue Synagogue, and also to the School Board. Dr. Bridges said he would like to see better accommodations for the Household Science and Manual Training pupils. On motion the question was left to the visitors of the High School, Chairman of the building committee, and Dr. Bridges.
