THE PRESENT DAY EFFORTS OF THE CHURCH

Making Little Impression Upon Great Mass of People, Says Preacher. A Christmas Sermon.

Church to Them Simply a Great Institution, Going Through the Motions, But Never Producing Anything, and Filled With Men Who Are All Self-Seekers, Minister Explains.

Monday, Dec. 22. In St. Matthew's Presbyterian church last evening, Rev. J. James McCaskill preached a Christmas sermon of unusual length, and of a most interesting and large congregation. The minister said:

"And he appeared unto them as they strove, and would have set them at one another, saying, 'Ye are brethren; why do ye wrangle one another?'"

Many have pictured in words of inspired imagination Christianity's head of gold, we will be justified by the thought if our language this evening has more to do with the feet which have paused since this voice was heard among the slaves of lower Egypt, 'Sis, ye brethren; why do ye wrangle one another?'"

When their hearts were hardened against the voice of humanity, this mighty dreamer looked to the future, and said: "A prophet shall the Lord your God raise up among you like unto me; to him ye shall hearken and he shall turn the hearts of the fathers to the children and the disobedient to the wisdom of the just."

FIREBUG AT WORK

Attempt to Burn Old Catholic Church Failed—Another Building Fired.

Halifax, Dec. 21.—An attempt was made this morning at one or two o'clock to burn the old Roman Catholic church on Bernard street, at Yarmouth.

The fire was set in the back part of the church in the eastern end of the chancel wing, but was extinguished before any damage was done.

The building has been vacant since the completion of St. Ambrose church on Albert street in 1890. The old church was known as "All Saints" and was erected in 1846.

Another attempt was made to burn a building near the Halifax and Southwestern Railway freight shed last night.

Quicker—What's the matter, old man? You look worried. Slower—I have cause to, I engaged a man to trace my pedigree.

Quicker—Well, what's the trouble? Slower—Successful! I should say, I have; I'm paying him hush-money—Yale Record.

Biscuits may be shaped in a great variety of ways, but they should always be small. Large biscuits, though equally good, never tempt one with their daintiness.

SANDEN, AUTHOR. It is a fact, reader, which you and I must recognize and admit, that the weight of the world is not supported by strong, vigorous, husky, manhood, and we must also admit that it is this same manhood and not your own what the envelope contains, and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital, and the force to the front who fascinates men and women of this community, who does the really great things. An unmanly man merely means a man who goes wrong, for it is he who hales and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly nature should.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world. You had better learn more of the VITALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZER yourself?
