

DOWN BY THE SOUNDING SEA

BITS OF NEWS FROM THE MARITIME PROVINCES.

Items of Interest From Places Lapped By Waves of the Atlantic.

Fifty schooners were locked up at Port Hawkesburg and Mulgrave owing to the Straits of Canso being blocked with heavy drift ice.

Mr. and Mrs. W. S. Brown, of St. John, N.B., both over 70 years of age, died within a few hours of each other.

A farm of 100 acres at Back Durham, York County, N.B., was sold at public auction under mortgage and bid in for \$220.

Oliver T. Evans, of St. John, has been convicted of working as a detective in Halifax without a license, and remanded on charges of false pretences.

D. J. Maclean, of Halifax, was presented with a gold pin by officers and men of the 25th Battalion in appreciation of the hospitality extended by him to them.

The largest cargo ever taken from Yarmouth, N.S., to Boston, went out on the Prince George recently. It was valued at \$31,561.50, and consisted principally of fish.

Robert Colpitts, an 8-year-old boy of Moncton, N.B., was accidentally shot by his 13-year-old brother Fred, while the latter was showing a revolver to a companion.

While swinging in a hammock on the roof of her home at St. John, N.B., Miss Belle Tufts fell through a skylight, a distance of about 12 feet, sustaining bruises about the head and body.

At Digby, N.S., Miss Emma McGuire, an attractive young woman of 23, started out on a fishing trip and did not return. After an all-night search she was found at a neighbor's house.

The Newfoundland spring seal fishery is practically a total failure, owners of ships standing to lose a quarter of a million dollars in this year's venture. The total output is 46,796 seals, old and young. The net value is \$93,094.33, of which one-third, \$31,031.44 went to the crews, leaving \$62,062.89 for the outfitters.

Fred Baudet holds the record for West Prince, P.E.I., in having a litter of four healthy lambs from one sheep. The mother has for the last three years successfully reared two and three lambs each spring.

Police Sergt. Thos. Caples, of St. John, N.B., was on duty when he saw he had forgotten his badge. He went home to get it and found his wife suddenly and severely ill. Ten minutes later she died in his arms.

William Ramsey and Frank McDonald, miners in No. 16 colliery, New Waterford, C.B., were instantly killed by a fall of coal which buried them completely. Both men were aged about forty, and married, leaving families.

At St. John, N.B., instructions have been received from the Federal authorities that all ferryboats and passenger-carrying motor boats must be furnished with life rafts of sufficient capacity to carry their maximum number of passengers.

The Government of Nova Scotia has appointed a commission to consider this question. Whether the present system for the registration of titles to land should be changed in regard to the City of Halifax, and if so in what respect, or what other system should be adopted.

Umpiring With a Shotgun.

Kansas City invites world attention to the sheer novelty of a man standing in the centre of a diamond pointing a shotgun at a runner whom he was attempting to halt and send back to second base because of a ground rule, providing that a runner may take only one base on a passed ball.

We have admired nothing so ingenious and effective since the Texas editor, who used to shoot his subscribers in the leg to remind them of their unpaid subscriptions. Yet, the evolution of the umpire with a shotgun is not so amazing, on second thoughts. It was bound to come; it betrays appropriately the militaristic era, with every promise of enlargement upon the idea when Krupp and other war toy shops shall study the offensive and defensive necessities of umpires.

Impelled by the spread of prohibition and growing prevalence of pop bottles in the air—for the increase of temperance has manifested itself in increased violence and anti-prohibition—the umpire is made the goat of the whole "dry" movement. Becoming daily a graver problem, his situation is one of the most serious that confronts the American people. Shall the War Department and Congress revise the league rules, or will the States severally enforce protective measures with their own militia?—St. Louis Post.

The doors of a certain new house had shrunk horribly, as is the way of the modern door made of seasoned wood. The builder would not send the joiner to repair them, so the householder tried the ironical method, and wrote: "Dear Sir,—The mice can run under most of our doors, but our cat cannot follow them. Will you please send a man at once to make room under the doors for the cat, and much obliged."

A FINE COMPLEXION

May Be Had Through the Rich, Red Blood Dr. Williams' Pink Pills Actually Make.

A girl's complexion is something more than a matter to concern her vanity. It is an indication of the state of her health. Pallor in a growing girl means a thinning of the blood. Parents should be watchful of their daughters' complexions and should see to it that these danger signs are corrected. When a girl in her teens becomes pale and sallow, if she shows an inclination to tire easily, is listless and inattentive to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements that Dr. Williams' Pink Pills can supply, and which restore brightness to the eye and color to the cheeks. Miss Delina Arsenault, Urbainville, P.E.I., is one of the thousands of anemic girls restored to health by the use of Dr. Williams' Pink Pills. She says: "I was attacked with anaemia, and was in such a miserable condition that I had to consult a doctor, and was under his care for several months, but without getting better. I was growing thinner every day, had dark circles around my eyes. I could hardly sleep at night, but tossed restlessly and got up in the morning with black anticipation of the day's miseries before me. I was always bothered with headaches and pains in the back and limbs. My appetite was poor and I frequently vomited what I did eat. My friends feared that I would not recover. I had often seen Dr. Williams' Pink Pills advertised, and finally decided to try them. I used altogether nine boxes, and they made me as well as ever I was in my life. All the pains and aches disappeared, my appetite returned, I could sleep soundly at night, and the color returned to my cheeks. I also gained seventeen pounds in weight. I am now always well, and for this happy condition I have to thank Dr. Williams' Pink Pills."

You can get these Pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A Spring Poem.
'Twas in the gloomy Autumn when I walked about the Zoo,
The creatures had the blues, except the leaping kangaroo.
"How can you be so cheerful at this dismal time?" I cried,
'Tis always Spring with me, my friend," the kangaroo replied.

Ask for Minard's and take no other.
Felt He Must Say Something.
Callers were at the door and Bobbie was told to show them into the parlor. He did so, and while his mother was fixing herself up he sat there rather embarrassed. Presently, seeing the visitors glancing around the room, he said: "Well, what do you think of our stuff, anyway?"

Granulated Eyelids.
Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smearing, Just Eye Comfort. At Your Druggist's 50c per Bottle. Murine Eye Salve in Tubes 25c. For Sale at the Eye Free Press Druggists or Murine Eye Remedy Co., Chicago.

Quite a lot of people work themselves nearly to death trying to find some way of making money without working.

He Meant Every Word He Spoke

JUST WHY J. A. HILL RECOMMENDS DODD'S KIDNEY PILLS.

He Had Sore Back and Other Symptoms of Kidney Disease and Got Real Benefit from Dodd's Kidney Pills.

Sixty-Nine Corners, Ont., June 7 (Special).—"I am recommending Dodd's Kidney Pills as the best of medicines." The speaker was Mr. J. A. Hill, a well-known resident of this place, and he left no doubt in the minds of his hearers that he meant every word he said.

"Some time ago," Mr. Hill continued, "I had a very sore back. It started from a cold and I suffered for six months with it. I also had stiffness in my joints and cramps in my muscles and I felt heavy and sleepy after meals. My appetite was fitful and my limbs were heavy. Then I decided to try Dodd's Kidney Pills. I took four boxes and received great benefit from them. That's why I recommend Dodd's Kidney Pills."

Every one of Mr. Hill's symptoms showed that his trouble was of the kidneys. That is why he got such benefit from Dodd's Kidney Pills. They are no cure all, but they do cure sick kidneys, and the kidneys are the keystone of health.

A Lusitania Orphan.
Helen Smythe, rescued by Ernest Cowper, of Toronto, lost her father, mother, sister, brother, and aunt on ill-fated ship.

The Fastest Camera.
Capt. F. J. Behr, of the United States Coast Artillery, has invented a camera that marks a great advance in the art of photographing swiftly-moving objects. It differs from the ordinary camera in size and in the mechanism of its shutter. It is almost four feet high.

An electric motor that makes several thousand revolutions a second works the shutter; and since the speed of the motor can be accurately adjusted, the photographer can determine the length of exposure down to one five-thousandth of a second. The new camera has photographed mortar shells at the moment when they left the muzzle of the gun, and afterward, and has shown the curious "smoke ring" or "gas ring" that accompanies the projectile when it emerges from the gun. It may yet help to determine exactly what happens when a modern high-power shell ploughs its way through solid steel.

THE BEST MEDICINE FOR LITTLE ONES
Thousands of mothers say Baby's Own Tablets are the only medicine they would give their little ones. Among them is Mrs. Howard Hodgins, St. Catharines, Ont., who says: "I am a user of Baby's Own Tablets and think them the best medicine in the world for little ones." Once a mother has used the Tablets she will use no other medicine because she feels the Tablets are absolutely safe and knows they never fail to banish all the simple ailments of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Trying on Bridges.
Does music weaken metallic or other bridges? This question recently asked of a well-known bridge builder brought this reply: "Measured vibrations are more trying to any kind of bridges, and particularly to suspension bridges, than irregular agitation. Music alone would not strain a bridge enough to injure it materially, but a regiment of troops keeping step to music when crossing a suspension bridge would subject it to a very severe strain. Consequently, it is customary to stop the music before troops reach the bridges, and let the men break step, and march more or less irregularly."

"The reason for all this is obvious. The structure naturally will suffer least strain when at rest. When in uniform motion the bridge acquires a momentum equal to its entire suspended weight multiplied by the velocity of the motion. It is manifest that, in the case of a heavy structure, a uniform downward vibration, be it ever so small, would develop a momentum of many tons in the direction of a breaking strain. The same disturbing forces acting irregularly, so as to counteract one another, would be far less trying to the structure."

The Electricquette.
More than four hundred diminutive electric vehicles are now in use on the exhibition grounds at San Francisco, where they are very popular. Their success probably means that they will displace the wheeled chairs of the seaside resorts. The new chair, which is known as the "electricquette," and which is propelled by a motor that derives its power from a small storage battery, is a comfortable and commodious vehicle seating two persons. It is controlled so easily that anybody can run one without previous experience.

Yes, Aimee, divorce prolongs life—for many a poor lawyer.

Charity begins at home—whether the home needs it or not.

24-HOUR SYSTEM.

Paper Dials Were Issued in 1886 By the C.P.R.

A souvenir of the early days of the C.P.R., in the shape of one of the original watch dials which the company got out when it introduced 24 o'clock time in the West, is in possession of one of the officials.

In 1886 the company determined to introduce the 24-hour system on the western divisions; and to give emphasis to the new departure, and, at the same time, help the memory of all concerned, it issued paper dials with the whole 24 hours completing the day, which were to be worn on the watches of the employees, to familiarize them with the new method. This setting up of the new time standard was deemed, at the time, a radical innovation, calculated to disturb the all conservative and timid creatures who dreaded change. A certain sensation was produced at the time; it passed; the business went on its way; the western employees became acquainted with the new time standard, and accepted it as a matter of course; but the sight of one of the old dial plates, which everybody was showing as a curiosity in 1886, as something which was going to revolutionize the common life of the people, recalls the eagerness of the company to arrest the attention, though, of course, the change was advantageous to itself.

How a Sick Woman Can Regain Health
READ THIS VERY CAREFULLY.

"For years I was thin and delicate. I lost color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed, I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them and now that they have made me a well woman I would not be without them whatever they might cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once gripped me, yet they established regularity. My appetite grew keen—my blood red and pure—my rings under my eyes disappeared and today my skin is as clear and unblemished as when I was a girl. Dr. Hamilton's Pills did it all."

The above straightforward letter from Mrs. J. Y. Todd, wife of a well-known miller in Rogersville, is proof sufficient that Dr. Hamilton's Pills are a wonderful woman's medicine. Use no other pill but Dr. Hamilton's, 25c. per box. All dealers or The Catarrh-ozone Co., Kingston, Ontario.

Until the war Belgium, with a population of 7½ millions, was one of the most densely populated countries in the world.

Red Sea Colored by Weeds.
The drowning of Pharaoh and his host in the Red Sea had nothing to do with its name. It takes this from a peculiar reddish color remarked at certain seasons of the year in parts of this sea, due to marine plants, or to reddish animalcules, called by sailors "whale feed," which float on it like scum; or to the reefs of red coral which abound in many parts of it; or, possibly, to the fact that its upper course was one of the boundaries of Edom, the red.

No biblical scholar of any repute has ever asserted that the sea took its name from the overthrow of Pharaoh.

GET POWER
The Supply Comes From Food.
If we get power from food, why not strive to get all the power we can? That is, if possible, by selecting food that exactly fits the requirements of the body.

"Not knowing how to select the right food to fit my needs, I suffered grievously for a long time from stomach trouble," writes a lady from a little Western town.

"It seemed as if I would never be able to find out the sort of food that was best for me. Hardly anything that I could eat would stay in my stomach. Every attempt gave me heart-burn and filled my stomach with gas. I got thinner and thinner until I literally became a living skeleton and in time was compelled to keep to my bed."

"A few months ago I was persuaded to try Grape-Nuts food, and it had such good effect from the very beginning that I kept up my use. I was surprised at the ease with which I digested it. It proved to be just what I needed."

"All my unpleasant symptoms, the heart-burn, the inflated feeling which gave me so much pain, disappeared. My weight gradually increased from 98 to 116 lbs., my figure rounded out, my strength came back, and I am now able to do my housework and enjoy it. Grape-Nuts did it."

A ten days trial will show anyone some facts about food. Name given by Canadian Postum Co., Windsor, Ont. Read, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

JUST BEFORE BISMARCK FELL.

Fourth Generation of Hohenzollern Dancing to His Music.

Bismarck's dismissal from office, which many have regarded as one of the great mistakes of the Kaiser's life, seems to have taken the Iron Chancellor by surprise, but he might well have taken warning from a little incident, recorded by Grant Duff, which occurred just before his fall.

Going to see the emperor one morning, he was requested to wait, which he did in an antechamber where the little Crown Prince and his brothers were amusing themselves. They wished him to dance with them and on his declaring himself too old, insisted on his playing the piano while they danced. He sat down to the instrument and played till the Kaiser entered. "So," was the royal greeting. "There is the fourth generation of the Hohenzollern which has to dance to your playing!"

Sore Corns Go!
Absolutely Painless
No cutting, no plaster or pads to press the sore spot.
Putnam's Extractor makes the corn go without pain. Takes out the stinging over-night. Never falls—leaves no scar. Get a 25c. bottle of Putnam's Corn Extractor to-day.

Occupiers of houses in London are liable to a penalty of twenty shillings a day if they allow a chimney to catch fire.

Minard's Liniment Lumberman's Friend
"Look here, you're the fellow who took my overcoat from the club the other day." "All a mistake, of course. Besides, I left a much better one." "I know you did—but it was too small."

Keep Minard's Liniment in the house. From 4,000 to 7,000 men form a brigade of infantry; with cavalry the number is from 1,000 to 2,000.
