

*Manitoba.*—Dr. King, the newly-appointed Principal of Manitoba College, has already shown his fitness for the position by his energetic work in raising funds to the amount of \$5,000.

*Mt. Allison.*—This University has lost two of its Professors. The mathematical chair has been filled by the appointment of Prof. Hunton, while the chair of chemistry has been entrusted to Mr. Geo. J. Laird, B.A., a graduate of Victoria. We wish these two young Professors brilliant careers.

*Acadia.*—The Baptists, wiser than some of their brethren have amalgamated their theological schools by transferring their work to McMaster Hall, Toronto. If the other churches were to follow this example, we believe that money would be saved and more good accomplished.

*Albert.*—This, we presume, will be the last year of the existence of Albert as a University: its powers as such will be merged in those of Victoria, but its existence as a college will be continued. As a training school of high character and capabilities, it will doubtless have a bright future, and will do good work for Methodism and Eastern Ontario.

*Victoria.*—The prospects of this institution are brightening, financially and numerically. Although the matriculation has not been degraded in order to attract students, her incoming class numbers 27 in actual attendance at present. The number of lady students is also increasing. "Our college opened for lectures on the 4th. In the absence of the esteemed Principal (an absence caused by the death of his brother), Dr. Wilson delivered the opening address, which was fraught with that moral strength and sound sense which characterize all the Doctor's statements. In the course of his remarks he earnestly and tenderly urged the students to maintain the highest moral character by seeking and living the truth. In his estimation, truth in both word and act, truest honor and tenderest kindness, are virtues which should be made a part of our nature at any cost. He urged the students to study for prizes, not for prizes as generally understood, but for that mental and
