

Mr. Trumpour, B.A., and Mr. Ben. Oliel are to represent Wycliffe. The subject, which has as yet not been definitely worded, bears on Mr. Chamberlain and his work. This should be of general interest to all interested in the Empire.

The society met again Friday evening to consider several proposed changes in the constitution. As the time was short and discussion was protracted, nothing definite was settled.

The Rev. H. P. Plumtre, M.A. (Oxon.), who has been dean of the college for the past two years, leaves shortly to take a charge in St. George's Church, Montreal.

The men, under the leadership of Dr. Taylor, have been practising college songs. It would seem, from the noise so often raised in the corridors by men singing, or trying to sing, that they are very much in earnest this time.

Saturday, Nov. 14th, two teams from the college, the

Waggles and the Raggles, contested on the football field to decide who should treat the college. The feast took place in Room 42 that evening, when the Raggles had to feed the Waggles.

Mrs. Cody entertained the men of the college at her home on Jarvis street Friday evening, Nov. 20th. All report a very enjoyable evening.

Five of the men, Messrs. James, Faucett, Gilbert, Perry and Fraser, are attending the Theological Y. M. C. A. convention now in session in Rochester, N.Y.

The college has decided to have a dinner this year instead of the usual conversazione.

Mr. Duke, '07, has been obliged to discontinue his studies because his eyes have not been able to stand the work.

Mr. Perry, '06, who has been unable to come into residence, as all the rooms have been occupied, has taken the room vacated by Mr. Duke.

## OUR \$1.00 FOUNTAIN PEN IS A MARVEL.

IN durability, finish and appearance it is equal to the more expensive fountain pens in the market. It is made of hard vulcanized rubber. It has no shoulders and thus it is smooth and pleasant for the fingers to hold. The cap, fitting on the barrel instead of below the ink joint, does not in removal tend to loosen or tighten the ink joint, it also acts as a protection against breakages and always fits either end of the holder equally well.

It has a 14 karat gold nib—with a platinum tip and can be had in fine, medium or stub point. One of the most distinctive features of this pen is the feeder.

It is so constructed that it overcomes the trouble of overflowing or dropping ink, especially when the holder is nearly empty, and has a smooth uninterrupted flow.

We will guarantee this pen to be in perfect working order, as all pens are tested before leaving the house. Put up in a neat box with filler and directions.

Mailed to any address in Canada, post paid for
