

The AMBEROLA

The newest Edison Phonograph

Of all sound-reproducing instruments of the cabinet type, this newest Edison Phonograph should be your choice.

First: Because the Amberola is the only instrument of the cabinet type that gives you all of the best of the longer musical compositions, played as they were originally composed and meant to be played.

Second: Because the Amberola combines all the tonal beauty of the Edison Phonograph, with a cabinet, in Oak or Mahogany, that is a masterpiece of the craftsman's art.

Third: Because its sapphire reproducing point is permanent and never needs changing, and does not scratch or wear out the Records.

Fourth: Because Leo Slezak, the greatest lyric tenor of all time, sings the wonderful Italian arias in which he has made his great successes, exclusively for the Edison.

The Amberola comes in several finishes of either Mahogany or Oak, to harmonize with surroundings in any home. It has drawers in the lower part for holding 100 Records. The price is \$240.

All types of Edison Phonographs play both Standard and Amberol Records, including the Grand Opera list.

The Amberola is just one of a number of types of Edison Phonographs, each a perfect instrument in itself. Edison Phonographs are sold at the same prices everywhere in Canada, \$16.50 to \$240.

The Amberol Record is one of two kinds of Records played by any Edison Phonograph, playing more than twice as long as the Standard (two-minute) Record and longer than any other kind of record in existence.

Amberol Records 65c. Standard Records 40c.
Grand Opera Records 85c and \$1.25.

Edison Records offer every conceivable form of vocal and instrumental music, sung or played singly, and with orchestras, choruses or bands, all faithfully reproduced and giving the exact tone and spirit of the original as played by the artist.

The Edison means not any one instrument or any one kind of music, but a source of entertainment adapted to every pocketbook, to every taste and for every home.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from us
