June 16th, 1931.

Rt. Hon. Arthur W. Meighen,
Commissioner, Hydro Electric Power
Commission of Ontario,
190 University Avenue,
Toronto, Ontario.

Dear Mr. Meighen:

I have much pleasure in enclosing
general programme of our Summer Convention,
together with Official Invitation and Agenda
for the meeting of Commissioners.

I trust you may find it convenient
to attend our Convention, as it will be an
excellent opportunity for yourself and the
representatives of the Municipalities distribut-
ing Hydro to become better acquainted.

May I add my personal appreciation
of your acceptance of a position on the Ontario
Commission as I realise, perhaps better than
many, the amount of work the position entails,
but I feel that I can assure you that in addition
to the confidence of the Government you also
have the confidence of the Municipalities, and
their united co-operation in this work.

Sincerely yours,

T. J. Hannigan
Secretary.

TJH/KC.
