

CHARLES ALLEN, batteau-man, 30 years :

Knows Cap-Blanc for 24 years,—tenant of Lampon on Champlain St.

CHARLES LAPONTAINE :

Knows Cap-Blanc for 28 years. Laporte was the first who lived on the lot where I am.—was the lessee of Lampon for 4 years on Champlain St.;—peaceable possession and access from street.

MICHAEL McINNISSEY, aged 36 years :

Knows Cap-Blanc. Lived there last 7 years. Lessee of Lampon on North side of Champlain St. Peaceable possession in connection with said street.

JOHN ELLIOT, aged 38 years :

Lived at Cap-Blanc three years ago and for the fifteen preceding years, knows it well. Is on North side of Champlain St. Has a property there, is now tenant of Lampon.

CATHERINE MOUTRAU, aged 55 years :

Has resided at Cap-Blanc for the last 40 years. Is tenant of Lampon, on Champlain St., north side,—across on Champlain St.—Blue Line cuts her house, and if bounded by high water mark, houses would not be bounded by Champlain St.

MARIE DUVAL, aged 65 years :

Knows Cap-Blanc. Has lived there since her birth, occupies a lot on north side of Champlain St., and bounded by the street. Blue Line passes a little not much through the property. Has a lease from Lampon. Lot is part of property formerly occupied by Laporte. Always access to Champlain St. upon which it fronts.

*Cross Examined.*

If bounded by Blue Line and blocked up, property would be little worth.

*Re-Examined.*

We have never been blocked up.

JULIE COURTEAU, aged 37 years :

I have a lot at Cap-Blanc upon the property formerly occupied by Laporte of twenty feet on Champlain St.; had always access to the street. Blue Line cuts the lot. There are houses built all along on the north-side. Tenant of Lampon. If my property were bounded by Blue Line instead of Champlain St., it would be of no value.

*Re-Examined.*

I mean that if I had no access on the street, my lot would be of no value.

JOHN TURNER LILLIOT, aged 32 years :

Lessee of Lampon. Lot faces on the street, touching it on its whole front. Blue Line cuts the lot. Merrick was previous tenant. I leased it from him first, now from Lampon. Merrick had it two years.

*Cross Examined.*

If space between Blue Line and street were occupied by others, interval would be of no great value. On looking at plan I can say two houses have been built in front of the house—between Blue Line and street.

*Re-Examined.*

Have always used the street upon which the house I occupy is built.—There is a passage from houses above mentioned to street.

*Re-cross Examined*

Passage is two feet wide.

FREDERICK MILLER, aged 37 years :

Has lived at Cap-Blanc for the last fifteen years. Has an apartment leased from Lampon—three years ago on North side. Whole front touches street. Lot on Champlain street is ten feet. Blue Line cuts it. Always had possession to Champlain St. If bounded by Blue Line property would not be of much good.

*Re-Examined.*

Has never been disturbed in his possession as far as Champlain street. Has always so occupied it quietly.
