

SASH & DOOR FACTORY,

GRAFTON STREET,
Charlottetown, P. E. Island.

LEA & GALE are prepared to make and to sell
DOORS, ARCHITRAVES, SASHES, and BLINDS,
STRAIGHT and CIRCULAR MOULDINGS, which none can excel,
As the buyer invariably finds.

JIG-SAWING, RE-SAWING, and MORTISING, too,
Together with TENNONING fine;
And PLANING they execute promptly and cheap,
With Hemlock, or Cedar, or Pine.

They cannot attempt to enumerate all
The various MOULDINGS they keep;
But let it suffice when you hear that they can
Sell the very best articles CHEAP.

They have lately imported a FLOORING MACHINE,
And increased their proportion of Steam;
Which our esteemed patrons will please recollect,
And pass down their friends to the scene.

They will not be to *Lee*-ward though caught in a *Gale*,
But will keep their heads level and straight;
To satisfy all who may give them a call,
And a feeling of pleasure create.

So all are invited to call and inspect
The CITY SASH FACTORY stuff
And decide for themselves—that's all we can say—
And to wisdom we've said just enough.

LEA & GALE,
City Sash Factory, Grafton St.
