

Help your seed to Make a Big Crop!

LARGER crops and a better grade of grain are bound to follow careful cultivation of the seed-bed. Seed in properly cultivated soil always has the advantage under all weather conditions. Give the crop a right start and prepare the seed-bed properly with a

Peter Hamilton SPRING TOOTH CULTIVATOR

Each tooth in the three rows can be set to cultivate exactly to the same depth and stay there under the severest conditions of work. This is only possible with the Peter Hamilton Cultivator and is because the front rows and back rows of teeth are attached to independent sections.

The sections and frame are extraordinarily strong and rigid and the hardest kind of ground is worked up with ease.

The exceedingly strong construction of the Peter Hamilton Spring Tooth Cultivator and the many adjustments that can be made gives a most reliable implement for use on the average farm. It works up the soil quickly to a smooth, mellow seed-bed just in the right condition for good seeding.

For exterminating weeds this cultivator is essential, and for this purpose extra wide steels can be provided to be used in place of the reversible points.

The High wheels, wide tires and perfect balance help to make this cultivator a pleasure to operate.

Our O-K on the Aylmer Sprayer

We have just purchased the manufacturing rights of the Aylmer Barrel Sprayer, which makes our line of spraying machinery complete and adds a new type of sprayer, which has found favor with Canadians for more than 20 years. It will in future be known as the

O-K Aylmer Barrel Sprayer

and enables us to offer to the farmer and gardener a matchless range of sprayers. The O-K Aylmer will be improved by the addition of our non-clog nozzle, while retaining the best features of the famous Aylmer pump. This pump requires no packing and is sold with or without the barrel. It is particularly adapted for efficient orchard work, and for many other uses, especially for the fumigating of buildings and the applying of whitewash.

If interested in the O-K Aylmer Barrel Sprayer write for more particulars.

We also manufacture the O-K Sprayer (knapsack) and the O-K Canadian Two-Row and Four-Row Sprayers. We supply spraying calendar suitable for Canadian conditions with each sprayer.

CANADIAN POTATO MACHINERY COMPANY,

"54" Stone Road, Galt, Ontario

Makers of the famous O-K Potato Diggers and Planters.

Two-Row Sprayer

Cord or Fabric.

Economy is a savings bank into which men drop pennies and get dollars in return.

The economy of Partridge Tires is in their durability. By giving long service they save new tire costs, and their dependable wearing qualities eliminate the expense of repairs.

PARTRIDGE TIRES

Game as Their Name

Ideal "Strikers"

Matches to Suit All 30 varieties, one of which will suit you. The best of all is the "Silent Five". Whenever you buy matches—see that Eddy's name is on the box.

They strike somewhere every day. They strike readily. And they make no splutter or fuss about it.

When they have struck they show a clear and steady flame. They are reliable before—and steady after their strike.

They are safe! They won't explode when trodden on. Their heads are firm and do not fly off. They perform well their mission in life. There is a merry life, tho' a short one. When they are put out, they stay out. They are guaranteed not to burn again in after life.

They are Eddy's Matches.
