

**THE  
LOCKED-WIRE  
FENCE CO.,  
INGERSOLL,  
ONT.**

Branch Office:  
141 KING ST.,  
LONDON, ONT.

The accompanying  
Cut represents five  
panels of fence and  
gate of the LOCKED  
WIRE FENCE.

Each panel repre-  
sents one rod (16  
feet), 7 wires, 4 steel  
stays. The crimp in  
the wire, in combina-  
tion with steel clamp,  
when locked acts as a  
spring, adjusting the  
fence to heat or cold.

—PERFECTLY—  
**Safe, Stronger, Better  
AND CHEAPER**  
than any other fence.

This, without doubt,  
the best fence on  
the American  
continent.

All persons having  
wire fences erected in  
the past, should use  
the stays and steel  
clamps of the Locked  
Wire Fence Co. on  
them. The crimp con-  
sumes all the slack,  
makes the fence tight,  
and adds over 100 per  
cent. to its value at a  
very small cost.

We desire to inform  
the farmers and pub-  
lic generally that we  
are prepared to supply  
the material or erect  
this fence throughout  
the Dominion of Can-  
ada.
