Consumption Cured.
 An old physician, retired from practice, hav-
 ing had placed in his hands by an East India
 missionary the formula of a simple vegetable
 remedy for the speedy and permanent cure of
 Consumption, Bronchitis, Catarrh, Asthma,
 and all throat and lung affections, also a posi-
 tive and radical cure for Nervous Debility and
 all Nervous Complaints, after having tested its
 wonderful curative powers in thousands of
 cases, has felt it his duty to make it known to
 his suffering fellows. Actuated by this motive
 and a desire to relieve human suffering, I will
 send free of charge, to all who desire it, this
 recipe, in German, French or English, with
 full directions for preparing and using. Sent
 by mail by addressing with stamp, naming
 this paper, W. A. NOYES, 230 Powers Block,
 Rochester, N. Y.

To Farmers, Stock Dealers and Wool Growers:
FOR SHEEP, CATTLE AND HORSES.
Leicestershire Tick and Vermin Destroyer
 It effectually destroys Ticks, Lice, Worms or
 Grub, to which sheep, horses and cattle are
 subject, and enables the animals to thrive. It
 will be found far superior to other preparations
 used for the similar purpose. The proprietors
 will guarantee perfect success when used ac-
 cording to directions, as will be found on each
 box. It prevents scurf and scab, and renders
 the wool bright and clear. It is put up in tin
 boxes, price 30 cents each. One box is sufficient
 for twenty ordinary sized sheep. It only re-
 quires to be tried to prove itself all that is
 claimed for it. Sold by druggists and grocers.
 Manufactured by G. C. BRIGGS & SON, 31
 King St. West, Hamilton, Ont.

**Effectually Destroys
 Ticks, Scab and all Vermin.**
 Makes the skin clean and healthy,
 and imparts a silky softness and
 luster to the wool.

ADVERTISE IN ADVOCATE

GOSSIP.
 Readers will note change in the advertise-
 ment of Alex. Hume, Burnbrae, in this issue.
 F. Birdsall & Son, Birdsall, Ont., write us:—
 "Our ad. of Chester White swine brought
 numerous enquiries, and a nice lot of sales.
 The animals gave general satisfaction to
 buyers."

Mr. John Laurie, of Malvern, Ont., reports
 that inquiries for Ayrshires have been good,
 and he has just sold seven head, among which
 are three very fine heifers, to Mr. R. Davies,
 Thorncliffe Stock Farm, Toronto.

R. Reid & Co. (Hintonburg, Ont., report two
 more bull calves (Ayrshire) dropped in Febru-
 ary, making five in all from deep-milking
 cows, and by such sires as Matchless and Gold
 King. Their Berkshires and Tamworths are
 also doing well.

At the third annual convention of the Que-
 bec Patrons of Industry, held recently in
 Montreal, a resolution was adopted asking
 the Dominion Government to make compen-
 sation in case of animals slaughtered for tub-
 erculosis.

A cheese and butter makers' convention will
 be held at the Kingston Dairy School on Wed-
 nesday, March 9th, under the auspices of the
 Eastern Ontario Association. Prof. Dean,
 Supt. J. A. Ruddick, A. F. McLaren, M. P.,

The New Brunswick Farmers and Dairy-
 men's Association has elected the following
 officers for the ensuing year:—President, Maj.
 H. M. Campbell, Apohaqui; vice-president, W.
 S. Tompkins, Southampton; recording secre-
 tary, J. R. Taylor, Westmoreland; corre-
 sponding secretary, W. W. Hubbard, Sussex;
 treasurer, G. E. Fisher, Chatham.

Mr. T. D. McCallum, Manager Isleigh
 Grange Farm, Danville, Quebec, writes:—"I
 expect to start for the Old Country shortly to
 import some Guernseys, Ayrshires, Yorkshire
 pigs and some Shropshire sheep. Our stock is
 coming through the winter splendidly, and
 we have the best lot of young stock on hand
 this year that we have ever raised. Our new
 stable has been a great benefit to us. We
 have not had one sick animal this winter, and
 I think it is largely owing to the splendid light
 and ventilation of our new barn. I wish you
 every success."

Mr. W. C. Shearer, Bright, when ordering a
 change for his advertisement, states that his
 young Jerseys are in fine form to offer, and
 growing well. The young bull is by the
 worthy sire Canada's Hero (dam 12 lbs.), and
 out of Rosalie (15 lbs. in seven days). The
 females are from cows the dams of which
 have been high producers all through, the
 granddam of one giving 10,000 lbs. of 4% milk
 last year in ten months, and calving again
 within the year, while the other yielded 9,000
 lbs. of 4% milk in the same time; the third
 being a granddaughter of the pure-bred cow
 Bessie, 184 lbs. in seven days.
