

THERE'S  
No "Guesswork"  
WHEN YOU USE  
Eastlake  
Shingles

Galvanized or Painted.  
They fit together perfectly, and are quicker to lay than any other Shingle made, because of their special patent side-lock. They give lasting protection, are fire and lightning proof, and cost far less in the end than others, because of their honest reliability. Cover your barns and houses with Eastlakes, and you'll have honest satisfaction. Full information if you write

THE  
NATIONAL  
Cream Separator  
FOR USE IN FARM DAIRIES

THIS cut shows the "National" No. 1 Hand Power Cream Separator, manufactured by The Raymond Manufacturing Company (Limited), Guelph, Ont. Since the introduction of this machine, it has taken so well that we have not been able to supply the steadily increasing demand. It has proved a decided success from the start. We have consequently been obliged to increase our manufacturing capacity, and have put in a number of the most improved machines obtainable, by which we are now in a position to more than double our former output. No expense is being spared to make the "National" a perfect machine, and we believe we have succeeded so far as to claim that it has no equal for:  
1st. Closeness of Skimming, and smooth, even condition in which it leaves the cream under all circumstances.  
2nd. Easy Cleaning. It takes only about half the time that other Separators require, on account of the few pieces there are to handle.  
3rd. Ease of Running. Its simplicity of construction, having so few bearings, and those being anti-friction ball bearings, makes it such an easy-running machine that a boy or girl from ten to twelve years of age can operate it.  
A trial of the "National" is all that we ask in order to ensure a sale to an intending purchaser. The sale of this machine for the Province of Ontario is in the hands of

LEMIRE  
Stone and Stump Lifter

THE PATENT FOR SALE  
Has an 18,000-lb. Lifting Capacity, which is Unequaled.

It lifts stones and deposits them 5 feet high in fences. Clear your land for reapers and mowers at a small cost, and build durable fences of the stones and stumps. The lever lifts and holds the stone in position for removal. Stone can be laid just where you want it. One man can raise a stone one team cannot draw, and do it quick and easy. Agricultural societies and farmers' clubs are buying them for sections. Price moderate.
