

Massey-Harris Bicycles

The cushion frame of the Massey-Harris is a good-road maker. It takes all the ruts out of the road. The jolting is absorbed in the air cushion of the frame.

The Morrow Coaster Brake saves pedaling and allows the rider to rest on idle pedals while the wheel glides along.

The National

Stands First.

This is no vain boast. Others may claim this place, but the National Cream Separator soon proves its superiority when brought into competition with them.

The National is as represented. The closeness of its skimming has not to be sacrificed to keep up its advertised capacity.

It makes smooth cream, which is easy to churn.

It turns easily, is quickly cleaned, having so few parts, and these easily adjusted.

Its milk tank is conveniently low, and its gearing enclosed.
