Branch 9, I am happy to say, is increasing in membership and is on a good sound financial basis.
During the ways we had three manhares.

During the year we had three members resign and take policies in the New York Muual. Now we have one of them seeking admission to our Branch again, he having found that the N. Y. Mutdal was

having found that the N. Y. Mutdal was too expensive. This proves that the C. M. B. A. is the cheapest life assurance existing in Canada at the present time.

The U. M. B. A. has during the past year received every recognition from our rev. clergy. Branch 9 having at the present time four of them in its tanks and

an application issued to another.

Branch 9 has done our noble association great service in spreading information of the benefits derived from membership, by sending circulars to the different towns and villages in its vicinity, and we hope before the year 1887 is far advanced to see branches established in most of them. Hoping I have not trespased too much on your time and space, I remain, yours fraternally,

A New Branch In Montreal.

A meeting was held in the hall of Branch 26, No. 25 St. James street, Montreal, for the purpose of organizing a branch of the above association in St. Mary's parish. Mr. T. J. Strong addresses were made by Deputy organizer C. O'Brien, Messrs. T. W. Richardson, president of branch 26; T. P. Tansey, president of St. Anthony's branch, No. 50; P. O'Rielly, first vice president of St. Ann's branch, No. 41; James Meek, first vice president of branch 26, and others. There is reason to believe that this will be one of the largest branches in the city in the near to believe that this will be one of the largest branches in the city in the near future. The C. M. B. Peterborough, Ont., Dec. 7th, 1886

DEAR SIR AND BROTHER.—You will
learn with regret the death of Dr.
O'Shea, a chaster member of this Branch, which occurred very unexpectedly at Campbellford last night. I am very sorry to have to say that the Dr. resigned from our ranks a short time ago, in consequence of our connection with the United States. His wife and family are therefore deprived of the benefits they would otherwise receive from our association, though I understand his life was largely insured elsewhere, and he was otherwise possessed of a competency. Deceased was a very estimable gentleman and highly thought of by all who knew him. A warm personal friend of my own and a man of very considerable influence, I felt his secession from our ranks as a great bar to the advancement of our society in Peterborough, and in fact owing to my earnest solicitations for his co-operation, he a very short time before his death promised me personally that he would rejoin our ranks as soon as separation became an accomplished fact. He was in the very best of health up to the time of his death and certainly was looking forward to a long and happy life and a future brothership as a member of a Canadian C. M. B. A. What a warning to all members not to let the grievances we labor under at present cause us to surrender membership in any individual Branch, but to keep our GRIGG HOUSE, LONDON cause us to surrender membership in any individual Branch, but to keep our assessments always paid up and instead of leaving the association to make every assessments always paid up and instead of leaving the association to make every effort to add to our numbers. This is the only way we can remedy the grievances I refer to, May Dr. O'Shea's soul rest in peace. He was a good man in every respect and the greatest regret of our members will be that he did not wait for death to sever his connection with the Preferably yours. CANADA'S FAVORITE WEEKLY

THE INCARNATION.

MASTERLY SERMON OF THE BISHOP OF LONDON. A very large congregation assembled in St. Peter's Cathedral on Sunday evening to hear His Lordship, Bishop Walsh's Sermon on the "Incarnation,"

After the Magnificat, His Lordship ascended the pulpit and spoke as follows: "And the word was made ficsh, and dwelt amongst us, and we saw his glor; the glory of the only begotten of the Father, full of grace and truth."—John

The Ir carnation of God the Son was the make of His infinite goodness, love and mercy for the human race. He had created man through love-He redeemed him through mercy. The creation was a manifestation of Almighty love-the Redemp. tion was a manifestation of infinite and

all-pardoning mercy. Man was originally created and constituted in justice and innocence. He was a child of God and an heir of heaven. By his fall he lost his innecence and justice

lost his innucence and justice and forfeited his Sonship of God and his heirabip of heaven. He was banished from Paradise, and was driven into crile—a fugitive from the face of God, his offended father. Jesus Christ, the Son of God incarnate, comes down from heaven, to restore to man the Sonship of God and the heirship of heaven, and to bring him back from his exile and his flight from God to a union of friendship and of love with Him. The incarnation of Christ was in principle the redemption of mankind, and their restoration to their place in God's eternal plains and to their own im mortal destinies.

In the o'den dispensation the fear and dread of an effended God ruled and over powered the hearts and minds of them In that dispensation Gd a ruled his people by the manifestation of Almighty power, by the force of stupendous miracles, by signal and tremendous chastisements of guilt, and in the might of His cut stretched air. When Adam sinned he was seized with feer, and he hid himself from the face of God. "I heard Thy voice in Paradise, and was afraid, and because I was naked I hid myselt." This unholy fear, which carried away man from God, was transmitted with life to all the posterity of fallen Adam—tanished and proceribed and expelled from Peradise by a sword of fie. All antiquity fled and hid itself from the face of an offended and angry God. And, this fear which dominated antiquity was different in kind from that holy fear of God which is the beginning of wisdom, and which inspired the sinner at the same time with a dread of divine justice, a hatred of sin and a loving hope in the divine goodness and mercy. The fear of the ancients was a slavish feer, that had its origin in hatred of God, who punished the sinner at the divine goodness and mercy. The fear of the ancients was a slavish feer, that had its origin in hatred of God, who punished a hatred of sin and a loving nope in the divine goodness and mercy. The fear of the ancients was a slavish fear, that had its origin in hatred of God, who punished sin and in hatred of the penalty inflicted on the sinner and not in repentance for the sin that merited the divine chastisement. And what what were the bitter fruits of this unholy fear that eventuated in the flight of what were the bitter fruits of this unholy fear, that eventuated in the flight of mankind from God? Under its blighting in fluence the world had become thoroughly corrupt and out of joint with the purposes of its Creator. Men had for the most part lost the knowledge of the true God and of the priceless value of the immortal soul. Paganism, with its degrading rites and superstitions, and its vast system of idolarry, held the world enthralled. A dead sea of moral corruption
