10,000 Well-Bred Cattle For Sale

Owing to the curtailment of their range by settlement, the **New Walrond Rancho Company, Livingston, Alberta,** intends to offer during the coming summer their entire herd of **Shorthorn, Hereford and Galloway Cattle** for sale.

Owing to the winter feeding and careful handling these cattle are semi-domestic, the young heifers are easily made gentle. For settlers they are the most desirable imaginable, being absolutely free from tuberculosis and other diseases common among dairy breeds, and while they are high-class beef cattle, they yield a large quantity of very rich milk.

When necessary to car them, neighbors should combine so as to purchase a train-load, say 300 to 400, smaller numbers cannot be handled profitably.

Bulls will also be disposed of.

I have 18 bulls and females of all ages for sale, many of them imported. Among the younger things, there is material for show stuff, and offered at low prices.

Come and see the stock, in any event, whether you buy or not.

JOHN GRAHAM, Carberry.

HUSTLES TO REPORT AN EARLY FOAL.

Had a mare foal a fine filly March 20th. Foal is by Baron Romeo, a son of Baron's Pride. I feed plenty of bran and salt and a few potatoes, and give plenty of exercise. Feed the same to my cows and pigs and I never have any trouble with them. I have nineteen young pigs doing well. Saw request in your paper asking who would be the first to send this year's colt.

NOXIOUS WEEDS ACT APPLIED IN ALBERTA.

Because he allowed weed seeds from the cleaner of his elevator to blow out on to the railway track, Mr. John Lineham, of Innistail, was fined \$10.00 and costs. This was an infringement of the Noxious Weeds' Act and the first prosecution in the province, and will be taken as a warning to elevator men to be careful in the disposal of screenings.

THE B. C. LIVE STOCK SALE.

The sale held in connection with the stallion and fat stock show was hardly as successful as those two events. It had been well advertised, but it seems the upper country ranches were hard hit this winter and are short of feed. Consequently they are not investing. Complaint is also made that some of the stock was not so well fitted as it might have been. All the public sales so far held show that the buyers do not want culls; in fact they are out after bargains. Shorthorns and Ayrshires were the only cattle offered, the contributors being W. H. Ladner, Inverholme Farm; H. M. Vasey, Pemberton Farm; and A. C. Wells. A few trades were made in sheep. The dressed carcasses were sold at auction, the prices being 9½ cents for beef, 10½ cents for pork, 14½ cents for mutton. The following are the winners in the carcass competition:

Best beef carcass, over 2 years, H. M. Vasey; Pemberton Stock Farm.

Best mutton carcass, over 1 year, J. Thompson, 1 and 2.

Best carcass pork (bacon type), J. Thompson, 1 and 2; H. Webb.

Best carcass (for local trade), H. Webb, A. Brown and J. Thompson.

Special by J. Reichenback & Co., New Westminster, \$5.00 for the best carcass of pork, H. Webb; also \$5.00 for the best carcass of mutton, J. Thompson.

Special, Guichon hotel, New Westminster, E. J. Crean, proprietor, \$5.00 for best carcass of beef at show, H. M. Vasey.

WEATHER FORECASTING.

At some of the agricultural colleges the students are given instruction in meteorology, with which is included elementary instruction in weather forecasting. The following simple rules have been laid down for the guidance of farmers, and may be found very useful.

1. The wind never blows unless rain or snow is falling within 1,000 miles of you.

2. When cirrus clouds are rapidly moving from the north or northeast there will be rain within twenty-four hours, no matter how cold it is.

3. Cumulus clouds always move from a region of fair weather to a region where a storm is forming.

4. The wind always blows from a region of fair weather to a region where a storm is forming.

5. When the temperature suddenly falls there is a storm forming south of you.

6. When the temperature suddenly rises there is a storm forming north of you.

7. Cirrus clouds always move from a region where a storm is in progress to a region of fair weather.

8. Whenever heavy white frost occurs a storm is forming within 1,000 miles north or northwest of you.

9. The wind always blows in a circle around a storm, and when it blows from the north the heaviest rain is east of you; if it blows from the south the heaviest rain is west of you; if it blows from the east the heaviest rain is south of you; if it blows from the west, the heaviest rain is north of you.

LIVER COMPLAINT.

The liver is the largest gland in the body; its office is to take from the blood the properties which form bile. When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fulness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, bowels irregular, coated tongue, bad taste in the morning, etc.
