The Wingham Advertiser tells its readers about an accident which happened to the son of a Morris farmer, the boy being pitched from a wagon, when one of the wheels passed over both his hind legs. Barmum should be communicated with at once.
PEACHES.—The peaches brought into town this year by our dealers have been the finest we have seen for years. The reason assigned for the fruit being better is that the duty is the same on poor as good fruit, viz., 40c. per bushel, and that dealers on the other side find that only good fruit, selling at a fair price will pay to ship and pay the duty.
OFFICE POSTERS.—The following instructions to postmasters are from the Office of the Postmaster General: When letters or other postal matter is sent, and reaches a post-office for which it is intended, the postmaster, when sending on the same to what he judges to be the right destination, should be careful to mark thereon "Mis-sent," or "adding the postmark of his office."

A HEIR OF DR. LIVINGSTONE.—The assagai thrown at the late Dr. Livingstone while travelling in the Mannans, Central Africa, is now on exhibition in the window of Messrs Garland & Rutherford's drug store, Hamilton. In a few days a poisoned arrow will bear it company. Mr. John Livingstone, of Listowel, brother of the lamented doctor, is now on a visit to friends here, and brought these curiosities with him.—Hamilton paper.
BOCOURT ORY.—Mr. F. Chaplin, pork dealer, has bought out the stock of Mr. C. Koch, grocer, and is opening a grocery and provision store in connection with his pork business on Main Street. The premises occupied by him are being enlarged and fitted up as a business, and both businesses. Considerable addition is to be made to his pork-packing establishment, which he pursues running on a more extensive scale this fall than hitherto.
CONTRACTOR WILSON.—The P. D. L. H. R. met with a severe accident at Port Dover one day last week, while out driving with his wife and some other parties. The horse shied and precipitated the occupants of the vehicle down a steep hill. Mr. Wilson had one of his ribs broken, and Mrs. Wilhelmer a broken at the shoulder. The others escaped with bruises. Owing to this accident, the general face of Conductor Wilson has been missed from his post since its occurrence.

Mrs. Goodfellow's milliner, Miss Boomer, has returned from Toronto after being some weeks in the most fashionable millinery house in the city. Mrs. Goodfellow while thanking the ladies for favoring her so freely in the past, would ask them to call and see her very choice lot of millinery and fancy goods. Dresses and mantles made in the latest style. Ladies, please call and you will be almost sure to leave your orders.—Avery, 24.
M. HARDING of this town was one of the twenty-two Anglo-Canadian cricketers who played with Daft's team at Toronto last week. The Globe, in its report of the match, makes the following allusion: The veteran Harding was the next man sent in to face the bowling of a leg bowler. In the third innings, next over he drove Shaw splendidly on the on for four, the ball hanging the fence with considerable force. When he was struck by Peter or Shaw, the batsman was not out.
HANDSOME.—Rev. T. W. Handford, of Toronto, has made an engagement with the Congregationalists of this town to deliver two of his popular lectures in their church on Thursday and Friday evenings of next week. We have not yet learned the subjects upon which Mr. Handford intends to lecture, but our friends who are already well acquainted with this gentleman's talent, do not require the assurance that they will hear something well worth listening to. The price of admission is to be placed within the reach of all, and as the proceeds are in aid of the church fund, we trust to see a large attendance.
NEW FIRM.—Messrs. W. & J. Macmillan have taken one of the stores in the Campbell block on Main Street, in which they are about to open an extensive dry goods and general store. The Messrs. Macmillan are from Collingwood and Kirkwall respectively, where they have been engaged in the dry goods business for upwards of twenty years. Although coming to Listowel as strangers, their long experience should commend them to the confidence of the public. They are in the neighborhood. The new firm is at present unpacking their stock, and will open out early next week, when they will be happy to make the acquaintance of the public and to receive a share of its patronage.
HIS IN WIGWAG.—Yesterday (Thursday) \$1 per bushel was paid for the highest quality of wheat in the market. This is a record in the history of the highest Toronto quotations. Although this spasmodic jump is too great to warrant its continuance, it is from the fact that the number of buyers has been lately increased, which has been the means of developing keener competition. It may be inferred that the Royal Assn. of Grain Buyers, and the Zilliox & Tremaine are the latest addition to our staff of grain buyers, and the farming community will be gratified to learn that these gentlemen intend to buy extensively during the incoming fall. A healthy competition at home and a rising market abroad, good prices are assured.
AT GREEN.—On Wednesday last His Excellency the Governor-General and his Royal Highness the Prince of Wales, who were greeted by some twenty thousand people, large numbers of whom were from this neighborhood. The Royal party was greeted, for the occasion, and in spite of the rain storms which prevailed during the early part of the day, an amount of enthusiasm was displayed the like of which is seldom witnessed in this agricultural country. His Excellency was received by the city and county councils, who presented him with addresses; he was also presented with an address by the Agricultural Association. Upon returning to the exhibition grounds, His Excellency formally opened the Central Fair. The vice-regal party left the royal city about 5 p. m. for Toronto.
